7. The amount of dividends paid on capital stock during the year 1904.
8. The amount of bonded indebtedness of the entire road or system on June 1, 1904, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt per miles, of the portion in the State.
9. The line or lines upon which each series is a lien.
10. The market value of each series or issue of bonds on June 30, 1904.
11. The total gross earnings of the entire road or system for the year ending June 30, 1904 (as indicated on page 17 of the blanks furnished by the Railroad

and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1904 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch in and out of the State, ascertained as above, for the year ending June 30, 1904.

14. The net earnings of each particular line or branch, in and out of the state, ascertained as above for the year ending June 30, 1904.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1904, to be ascertained as indicated above.

16. The actual cash value of the entire system on June 1, 1904.

17. The actual cash value of each particular line or branch thereof, in the State of Missouri on June 1st, 1904.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve to indicate the character of information desired by the Board, shall be treated as applying to all bridge and telegraph companies."

TERMINAL RAILROAD ASSOCIATION OF ST. LOUIS.

1. Terminal Railroad Association of St. Louis.

2. St. Louis Bridge Company, Tunnel Railroad of St. Louis.

3. 3.88 miles.

4. Terminal Railroad Association of St. Louis, $2,882,000.

5. $100.

6. The capital stock of the Company has no value. The entire issued stock is owned in equal parts by fourteen (14) proprietary lines, the stock was issued to each of these lines without consideration other than

an agreement by which each proprietary line agrees to use in perpetuity the properties of the Terminal Railroad Association, the Terminal Railroad Association agrees to so regulate its charges that its revenue shall equal fixed charges and operating expenses, hence, under the terms of this agreement, there can be no net earnings by this company over and above its fixed charges and operating expenses, and if in any year there is a surplus above operating expenses and fixed charges, such surplus is devoted to repairs and improvements.

7. None.

8. (a) $ 7,000,000 first Mortgage Terminal Bonds.
(b) 5,000,000 First Consolidated Terminal Bonds.
(c) 18,000,000 General Mortgage Terminal Bonds.
These Bonds cover the entire properties of the Terminal Association located in Missouri and Illinois.

9. Entire system.

10. (a) 110.
(b) 110.
(c) Between 90 and 95.

11. $2,784,244.07.

12. $1,386,166.78. This sum, however, does not represent net earnings. It represents the difference between gross earnings and operating expenses shown on pp. 22-23 of the form furnished by the Railroad and Warehouse Commission. From the net earnings so ascertained should be deducted fixed charges, that is, interest on bonded indebtedness, taxes and rentals, also the amount expended for betterments and repairs. The fixed charges for the year ended June 30, 1904, were $2,620,769.40. This would leave a deficit of $1,234,602.62, and from this amount should be deducted miscellaneous earnings not included in the gross earnings, amounting to $247,743.49, which would still leave a deficit of $986,859.13.

13. The properties operated by this company comprise, as above stated, its own terminals, the bridge

and tunnel, operated as an entirety, hence it is impossible to apportion the gross earnings as between the different properties.

14. For the same reason above given, in answer to question No. 13, the net earnings can not be apportioned.

15. Cannot be stated for reasons given in answer to question No. 13.

16. As a result from operation for the year ending June 30, 1904, shows a deficit, the value on the basis of net earnings cannot be estimated, as heretofore. Any other method of determining the value is necessarily to an extent arbitrary. On the basis on which other railway properties are assessed it would not exceed $2,000,000.

17. Cannot be apportioned for reasons stated in answer to question No. 13.

Copy of Resolutions Adopted by the State Board of Equalization April 17, 1905.

"Resolved, By the State Board of Equalization, that upon the dates mentioned in the resolution adopted by the Board on April 17, 1905, the companies operating lines of steam, electric or cable railroads, wholly or partially in this State, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making return required by statute for the purpose of taxation.

2. The names of all branches, leased lines, lines controlled through ownership of stock, or lines operated under other arrangements.

3. The mileage of the entire road or system owned, used, leased or operated on June 1, 1904.

4. The capital stock of the entire road or system, on June 1, 1904, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and amount of preferred stock, and the terms of the latter.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock on June 1, 1904.

7. The amount of dividends paid on capital stock during the year 1904.

8. The amount of bonded indebtedness of the entire road or system on June 1, 1904, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt per miles, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issues of bonds on June 30, 1904.

11. The total gross earnings of the entire road or system for the year ending June 30, 1904 (as indicated on page 17 of the blanks furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1904 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch in and out of the State, ascertained as above, for the year ending June 30, 1904.

14. The net earnings of each particular line or branch, in and out of the state, ascertained as above for the year ending June 30, 1904.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1904, to be ascertained as indicated above.

16. The actual cash value of the entire road system on June 1, 1904.

17. The actual cash value of each particular line or branch thereof, in the State of Missouri on June 1st, 1904.

It is to be expressly understood that these interrogatories in so far as they are applicable and serve

to indicate the character of information desired by the Board, shall be treated as applying to all bridges and telegraph companies."

ST. LOUIS MERCHANTS BRIDGE TERMINAL RAILWAY COMPANY.

1. St. Louis Merchants Bridge Terminal Railway Company.
2. Madison, Illinois & St. Louis Railway Company. St. Louis Merchants Bridge Company.
3. 13.79 miles.
4. $2,939,500 issued.
5. $100.
6. No value.
7. None.
8. $3,500,000 First Mortgage Bonds.
   First Mortgage Bonds cover entire properties of the Merchants Terminal located in Missouri.
9. Entire line.
10. 110.
11. $1,214,087.91.
12. Net earnings as ascertained in the manner suggested in question No. 12, amount to $456,062.14. This sum, however, does not represent the net earnings, but represents the difference between the gross earnings and operating expenses as shown on pp. 22-23 of the form furnished by the Railroad and Warehouse Commission. The fixed charges, that is, interest on bonded indebtedness, taxes and rentals, and also, the amount expended in betterments and repairs for the year ended June 30, 1904, were $548,963.94. Therefore, deducting the so-called net earnings from this amount will leave a deficit of $92,901.80. Therefore, for the year ended June 30, 1904, there were no net earnings, but a deficit from operation.
13. The properties operated by this Company comprise its own terminals and the bridge, operated as an entirety; hence it is impossible to apportion the gross earnings as between the different properties.

14. Cannot apportion net earnings for reason stated in answer to question No. 13.

15. Cannot be stated for reason given in answer to question No. 13.

16. As the result from operation for the year ended June 30, 1904, shows a deficit of $92,901.80, we cannot, of course, compute any value on the basis of net earnings. On the basis on which other railway properties are assessed it would not exceed $1,000,000.

17. Cannot be apportioned for the reason stated in answer to question No. 13.

Copy of Resolutions Adopted by the State Board of Equalization April 17, 1905.

"Resolved, By the State Board of Equalization, that upon the dates mentioned in the resolution adopted by the Board on April 17, 1905, the companies operating the lines of steam, electric or cable railroads, wholly or partially in this State, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making return required by statute for purpose of taxation.

2. The names of all branches, leased lines, lines controlled through ownership of stock, or lines operated under other arrangements.

3. The mileage of the entire road or system, owned, used, leased or operated on June 1, 1904.

4. The capital stock of the entire road or system on June 1, 1904, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and amount of preferred stock, and the terms of the latter.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock on June 1, 1904.

7. The amount of dividends paid on capital stock during the year 1904.

8. The amount of bonded indebtedness of the entire road or system on June 1, 1904, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt, per miles, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issues of bonds on June 30, 1904.

11. The total gross earnings of the entire road or system for the year ending June 30, 1904 (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1904 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch, in and out of the State, ascertained as above for the year ending June 30, 1904.

14. The net earnings of each line or branch in and out of the State, ascertained as above for the year ending June 30, 1904.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1904, to be ascertained as indicated above.

16. The actual cash value of the entire road system on June 1, 1904.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1, 1904.

It is to be expressly understood that these interrogatories, in so far as they are applicable and serve to indicate the character of the information desired by the Board, shall be treated as applying to all bridge and telegraph companies."

April 27, 1905.

To the State Board of Equalization:

Now comes the St. Louis Transfer Railway Company, by George Hannauer, Superintendent, and makes the following answers to the seventeen interrogatories propounded by the Board under the resolution adopted on April 17th, 1905.

Interrogatory 1.

Answer. The corporate name of the parent company making the return required by statute for the purpose of taxation, the St. Louis Transfer Railway Company.

Interrogatory 2.

Answer. Said St. Louis Transfer Railway Company has no branches or leased lines or lines controlled through ownership of stock or lines operated under other arrangements.

Interrogatory 3.

Answer. The mileage of the road of said Company on June 1st, 1904, was 6-362-1000.

Interrogatory 4.

Answer. The capital stock of the St. Louis Transfer Railway Company on June 1st, 1904, was two hundred thousand dollars ($200,000), divided in to two thousand shares.

Interrogatory 5.

Answer. The par value per share of said capital stock was and is One Hundred Dollars.

Interrogatory 6.

Answer. None, but is worth par and the last sales were made at that figure.

Interrogatory 7.

Answer. No dividends were paid on the capital stock of said Company during the year 1904.

Interrogatory 8.

Answer. The St. Louis Transfer Railway Company has never issued any bonds on its railroad or

property either before or since June 1st, 1904. Other interest-bearing indebtedness June 1, 1904 (Note) $331,092.94.

Interrogatory 9.

Answer. No Bonds as above stated.

Interrogatory 10.

Answer. No Bonds as above stated.

Interrogatory 11.

Answer. The total gross earnings of the entire road or system of the St. Louis Transfer Railway Company for the year ending June 30th, 1904 (as indicated on page 17 of the blanks furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year), was two hundred seventy-four thousand six hundred dollars and twenty-four cents ($274,600.24.)

Interrogatory 12.

Answer. The net earnings of the entire road or system of the St. Louis Transfer Railway Company for the year ending June 30, 1904 (deducting from the gross earnings as shown above only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above), was fifteen thousand and two hundred fifty-two dollars and fifty-seven cents ($15,252.57.) But there should be deducted from this in order to get net revenue:

First: Interest on interest-bearing current liabilities (note) not otherwise provided for	$14,154.24
Second: Taxes paid for the year 1903	11,559.05
Total	$25,713.29

Showing a net deficit of $10,460.72.

Interrogatory 13.

Answer. The St. Louis Transfer Railway Company never had any branch or leased lines either in Missouri or elsewhere.

Interrogatory 14.

Answer. The St. Louis Transfer Railway Company never had any branches or leased lines in or out of the State of Missouri.

Interrogatory 15.

Answer. The St. Louis Transfer Railway Company never had any branch or leased lines within the State of Missouri.

Interrogatory 16.

Answer. The actual cash value of the entire road of the St. Louis Transfer Railway Company on June 1st, 1904, was two hundred thousand dollars, being 100 per cent per share on its entire capital stock.

Interrogatory 17.

Answer. The St. Louis Transfer Railway Company never had any branch or leased lines in the State of Missouri either before or after June 1st, 1904.

St. Louis Transfer Railway Company,
By George Hannauer, its Superintendent.

Copy of Resolutions Adopted by the State Board of Equalization April 17, 1905.

"Resolved, By the State Board of Equalization, that upon the dates mentioned in the resolution adopted by the Board on April 17, 1905, the companies operating lines of steam, electric or cable railroads, wholly or partially in this State, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making return required by statute for the purpose of taxation.
2. The names of all branches, leased lines, lines controlled through ownership of stock, or lines operated under other arrangements.
3. The mileage of the entire road or system owned, used, leased or operated on June 1, 1904.

4. The capital stock of the entire road or system, on June 1, 1904, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and amount of preferred stock, and the terms of the latter.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock on June 30, 1904.

7. The amount of dividends paid on capital stock during the year 1904.

8. The amount of bonded indebtedness of the entire road or system on June 1, 1904, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt per miles, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 30, 1904.

11. The total gross earnings of the entire road or system for the year ending June 30, 1904 (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1904 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch, in and out of the State, ascertained as above for the year ending June 30, 1904.

14. The net earnings of each particular line or branch in and out of the State, ascertained as above for the year ending June 30, 1904.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1904, to be ascertained as indicated above.

16. The actual cash value of the entire road system on June 1, 1904.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1, 1904.

It is to be expressly understood that these interrogatories, in so far as they are applicable and serve to indicate the character of the information desired by the Board, shall be treated as applying to all bridge and telegraph companies."

ST. LOUIS BRIDGE COMPANY.

1. St. Louis Bridge Company.
2. None.
3. 1.22 miles.
4. $5,490,000, $2,490,000 First Preferred, $3,000,000 Second Preferred ($2,500,000 Common—No Value.)
5. $100.
6. No market quotations. No sales as far as known.
7. On First Preferred $149,400; on Second Preferred $90,000; on Common, None.
8. $5,000,000.
9. Bridge structure.
10. 110.
11. Property leased to the Terminal Railroad Association of St. Louis and operated by it.
12. See answer to question No. 11.
13. No branches.
14. No branches.
15. No branches.
16. The St. Louis Bridge can be reproduced today for the sum of $2,650,000, figuring the present cost of steel and stone in the structure. As the bridge is leased to the Terminal Railroad Association of St. Louis and operated by that Company on a basis of fixed charges and maintenance, its value can only be estimated on the cost of reproduction, namely $2,650,000.
17. As shown in answer to question No. 16, the value of the entire bridge structure is $2,650,000,

therefore, the value of that part of the structure in the State of Missouri on a mileage basis is as follows:

Length of bridge, 1.22 miles.

Length of bridge in Missouri, .37 miles.

Value of bridge structure per mile, $2,172,131.

Value of bridge structure in the State of Missouri, .37 miles, $803,688.47.

Or, if 50 per cent of the total value of the bridge is to be assessed in the State of Missouri, the value of that portion in the State of Missouri, is one-half of $2,650,000, or $1,325,000.

Copy of Resolutions Adopted by the State Board of Equalization April 17, 1905.

"Resolved, By the State Board of Equalization, that upon the dates mentioned in the resolution adopted by the Board on April 17, 1905, the companies operating the lines of steam, electric or cable railroads, wholly or partially in this State, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making return required by statute for purpose of taxation.
2. The names of all branches, leased lines, lines controlled through ownership of stock, or lines operated under other arrangements.
3. The mileage of the entire road or system, owned, used, or leased or operated on June 1, 1904.
4. The capital stock of the entire road or system on June 1, 1904, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and amount of preferred stock, and the terms of the latter.
5. The par value per share of the capital stock.
6. The market value per share of the capital stock on June 1, 1904.
7. The amount of dividends paid on capital stock during the year 1904.

8. The amount of bonded indebtedness of the entire road or system on June 1, 1904, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt, per miles, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issues of bonds on June 30, 1904.

11. The total gross earnings of the entire road or system for the year ending June 30, 1904 (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1904 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch, in and out of the State, ascertained as above for the year ending June 30, 1904.

14. The net earnings of each particular line or branch in and out of the State, ascertained as above for the year ending June 30, 1904.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1904, to be ascertained as indicated above.

16. The actual cash value of the entire road or system on June 1, 1904.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1, 1904.

It is to be expressly understood that these interrogatories, in so far as they are applicable and serve to indicate the character of the information desired by the Board, shall be treated as applying to all bridge and telegraph companies."

ST. LOUIS MERCHANTS BRIDGE COMPANY.

1. St. Louis Merchants Bridge Company.
2. None.
3. 2.05 miles.
4. $1,500,000 issued.
5. $100.
6. None.
7. None.
8. $2,000,000.
9. Bridge structure.
10. 110.
11. Property leased to Madison, Illinois & St. Louis Railway Co.
12. See answers to question 11.
13. No branches.
14. No branches.
15. No branches.
16. The Merchants Bridge can be reproduced now for the sum of $1,250,000, figuring the present cost of steel and stone in structure. As the bridge is leased to the Madison, Illinois and St. Louis Bridge Company, and operated by the St. Louis Merchants Bridge Terminal Railway Company on a basis of fixed charges and maintenance, its value can only be estimated on a basis of cost of reproduction, namely, $1,250,000.
17. As is shown in answer to question No. 16, the value of the entire bridge structure on the basis of reproduction would be $1,250,000.

The value of that part of the structure in the State of Missouri on a mileage basis is as follows:

Length of bridge, 2.05 miles.
Length of bridge in Missouri, .92 miles.
Value of bridge structure per mile, $609,756.
Value of bridge structure in Missouri, .92 miles, $560,975.

Or, if 50 per cent of the value of the bridge is to be assessed in the State of Missouri, the value of that portion in the State of Missouri, is one-half of $1,250,000, or $625,000.

Complainant's Exhibit No. 38.

State of Missouri,)
)ss.
Office of State Auditor,)

I, William W. Wilder, State Auditor of the State of Missouri, hereby certify that the annexed pages contain a full, true and complete copy of resolution adopted by the State Board of Equalization on April 16, 1906, and the answers made to the interrogatories contained therein by the following named Railroad, Railway and Bridge Companies:

Terminal Railroad Association of St. Louis.
St. Louis Merchants' Bridge Terminal Railway Company.
St. Louis Transfer Railway Company.
St. Louis Bridge Company.
St. Louis Merchants Bridge Company.
as the same appears on file in this office.

In Testimony Whereof, I hereunto set my hand and affix the seal of the State Auditor of the State of Missouri. Done at office in the City of Jefferson, this 12th day of November, A. D. 1906. ,

(Seal.) William W. Wilder, State Auditor.

"Resolved, By the State Board of Equalization, that upon the dates mentioned in the resolution adopted by the Board April 16, 1906, the companies operating the lines of steam, electric or cable railroads, wholly or partially in this State, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making return required by statute for purpose of taxation.
2. The names of all branches, leased lines, lines controlled through ownership of stock, or lines operated under other arrangements.

3. The mileage of the entire road or system, owned, used, leased or operated on June 1, 1905.

4. The capital stock of the entire road or system on June 1, 1905, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and amount of preferred stock, and the terms of the latter.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock on June 1, 1905.

7. The amount of dividends paid on capital stock during the year 1905.

8. The amount of bonded indebtedness of the entire road or system on June 1, 1905, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt, per miles, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issues of bonds on June 30, 1905.

11. The total gross earnings of the entire road or system for the year ending June 30, 1905 (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1905 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch, in and out of the State, ascertained as above for the year ending June 30, 1905.

14. The net earnings of each particular line or branch in and out of the State, ascertained as above for the year ending June 30, 1905.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1905, to be ascertained as indicated above.

16. The actual cash value of the entire road or system on June 1, 1905.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1, 1905.

It is to be expressly understood that these interrogatories, in so far as they are applicable and serve to indicate the character of the information desired by the Board, shall be treated as applying to all bridge and telegraph companies."

TERMINAL RAILROAD ASSOCIATION OF ST. LOUIS.

1. Terminal Railroad Association of St. Louis.

2. St. Louis Bridge Company. Tunnel Railroad of St. Louis.

3. 3.88 miles (of this mileage 1.51 miles are in Illinois and .37 miles is the Missouri part of the bridge.)

4. Terminal Railroad Association of St. Louis, $2,882,000 issued.

5. $100.

6. The capital stock of this company has no value. The entire issued stock is owned in equal parts by fourteen proprietary lines, the stock was issued to each of these lines without consideration other than agreement by which each proprietary line agrees to use the properties of the Terminal Association, the Terminal Association agreeing to so regulate its charges that its revenue shall equal fixed charges and operating expenses; hence, under the terms of this agreement, there can be no net earnings by this company over and above its fixed charges and operating expenses; and if in any year there is a surplus above operating expenses and fixed charges, such surplus is devoted to repairs and improvements.

7. None.

8. (a) $7,000,000 First Mortgage Terminal Bonds.
   (b) 3,000,000 First Consolidated Terminal Bonds.

(c) 18,000,000 General Mortgage Terminal Bonds.

These bonds cover the entire properties of the Terminal Association located in Missouri and Illinois.

9. Entire system.

10. (a) 110.
(b) 110.
(c) between 90 and 95.

11. $3,071,686.81.

12. $1,753,555.79. This sum, however, does not represent net earnings, it represents the difference between gross earnings and operating expenses, shown on pages 22-23 of the form furnished by the Railroad and Warehouse Commission. From the net earnings so ascertained should be deducted fixed charges, that is interest on bonded indebtedness, taxes, rentals; also the amount expended for betterments and repairs. The fixed charges for the year ended June 30, 1905, were $2,319,147.75. This would leave a deficit of $565,-591.96. As the gross earnings from operation do not include miscellaneous earnings amounting to $783,-506.08, the deficit referred to above should be deducted from the miscellanoeus earnings, and this will leave a surplus of $217,914.12.

13. The properties operated by this Company, comprise, as above stated, its own terminals, the bridge and tunnel, operated as an entirety; hence, it is impossible to apportion the gross earnings as between the different properties.

14. For the same reason above given in answer to question No. 13, the net earnings cannot be apportioned.

15. Cannot be stated for reason given in answer to question No. 13.

16. Any method of determining—the value is necessarily to an extent arbitrary. On the basis on which the other railway properties are assessed, it would not exceed $2,000,000.

17. Cannot be apportioned for reason stated in answer to No. 13.

"Resolved, By the State Board of Equalization, that upon the dates mentioned in the resolution adopted by the Board on April 16, 1906, the companies operating the lines of steam, electric or cable railroads, wholly or partially within this State, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making return required by statute for purpose of taxation.

2. The names of all branches, leased lines, lines controlled through ownership of stock, or lines operated under other arrangements.

3. The mileage of the entire road or system, owned, used, leased or operated on June 1, 1905.

4. The capital stock of the entire road or system on June 1, 1905, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and amount of preferred stock, and the terms of the latter.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock on June 1, 1905.

7. The amount of dividends paid on capital stock during the year 1905.

8. The amount of bonded indebtedness of the entire system on June 1, 1905, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt, per mile, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issues of bonds on June 30, 1905.

11. The total gross earnings of the entire road or system for the year ending June 30, 1905 (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1905 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch, in and out of the State, ascertained as above for the year ending June 30, 1905.

14. The net earnings of each particular line or branch in and out of the State, ascertained as above for the year ending June 30, 1905.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1905, to be ascertained as indicated above.

16. The actual cash value of the entire road or system on June 30, 1905.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1, 1905.

It is to be expressly understood that these interrogatories, in so far as they are applicable and serve to indicate the character of the information desired by the Board, shall be treated as applying to all bridges and telegraph companies."

ST. LOUIS MERCHANTS' BRIDGE TERMINAL RAILWAY COMPANY.

1. St. Louis Merchants' Bridge Terminal Railway Company.

2. Madison, Illinois and St. Louis Railway Company (this railway is all in Illinois.) St. Louis Merchants Bridge Company.

3. 9.17 miles (of this mileage 5.16 miles is in Illinois.)

4. $2,939,500 issued.

5. $100.

6. No value.

7. None.

8. $3,500,000 First Mortgage Bonds. First Mortgage Bonds cover entire property of the Merchants Terminal located in Missouri.

9. Entire line.

10. 110.

11. $1,625,605.96.

12. Net earnings as ascertained in the manner suggested in question No. 12 amount to $834,677.38. This sum, however, does not represent the net earnings but represents the difference between the gross earnings and operating expenses as shown on pages 22 and 23 of the form furnished by the Railroad and Warehouse Commission. The fixed charges, that is, interest on bonded indebtedness, taxes and rentals, and, also, the amount expended in betterments and repairs for the year ended June 30, 1905, were $404,489.19. Therefore, deducting this amount from the so-called net earnings will leave the surplus of $430,188.19.

13. The properties operated by this Company comprise its own terminals and the bridge, operated as an entirety; hence, it is impossible to apportion the gross earnings as between the different properties.

14. Cannot apportion net earnings for reason stated in answer to question No. 13.

15. Cannot be stated for reason given in answer to question No. 13.

16. On the basis on which other railway properties are assessed, it would not exceed $1,000,000.

17. Cannot be apportioned for reason stated in answer to question No. 13.

"Resolved, By the State Board of Equalization, that upon the dates mentioned in the resolution adopted by the Board on April 16, 1906, the companies operating lines of steam, electric or cable railroads, wholly or partially within this State, will be required to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making return by statute for purpose of taxation.

2. The name of all branches, leased lines, lines controlled through ownership of stock, or lines operated under other arrangements.

3. The mileage of the entire road or system, owned, used, leased or operated on June 1, 1905.

4. The capital stock of the entire road or system on June 1, 1905, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and amount of preferred stock, and the terms of the latter.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock on June 1, 1905.

7. The amount of dividends paid on capital stock during the year 1905.

8. The amount of bonded indebtedness of the entire road or system on June 1, 1905, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt per mile, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 30, 1905.

11. The total gross earnings of the entire road or system for the year ending June 30, 1905 (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1905 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pages 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch, in and out of the State, ascertained as above for the year ending June 30, 1905.

14. The net earnings of each particular line or branch, in and out of the State, ascertained as above, for the year ending June 30, 1905.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1905, to be ascertained as indicated above.

16. The actual cash value of the entire road or system on June 1, 1905.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1, 1905.

It is to be expressly understood that these interrogatories, in so far as they are applicable and serve to indicate the character of the information desired by the Board, shall be treated as applying to all bridges and telegraph companies."

April 20, 1906.

To the State Board of Equalization:

Now comes the St. Louis Transfer Railway Company, by W. K. Kavanaugh, the President, and makes the following answers to the seventeen interrogatories propounded by the Board under its resolutions adopted on April 16, 1906.

Interrogatory 1.

Answer. The corporate name of the parent company making the return required by statute for purpose of taxation, is the St. Louis Transfer Railway Company.

Interrogatory 2.

Answer. Said St. Louis Transfer Railway Company has no branches or leased lines or lines controlled through ownership of stock or lines operated under other arrangements.

Interrogatory 3.

Answer. The mileage of the road of said company, on June 1, 1905, was 6-35-100.

Interrogatory 4.

Answer. The capital stock of the St. Louis Transfer Railway Company, on June 1st, 1905, was two hundred thousand dollars ($200,000) divided into two thousand shares.

Interrogatory 5.

Answer. The par value per share of said capital stock was and is one hundred dollars.

Interrogatory 6.

Answer. None, but is worth par and the last sales were made at that figure.

Interrogatory 7.

Answer. No dividends were paid on the capital stock of said company during the year 1905.

Interrogatory 8.

Answer. The St. Louis Transfer Railway Company has never issued any bonds on its railroad or property, either before or since June 1, 1905. Other interest-bearing indebtedness, 6-1-1905 (note) $317,-036.87.

Interrogatory 9.

Answer. No bonds as above stated.

Interrogatory 10.

Answer. No bonds as above stated.

Interrogatory 11.

Answer. The total gross earnings of the entire road or system of the St. Louis Transfer Railway Company, for the year ending June 30, 1905 (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year) was two hundred sixty-two thousand eight hundred ten dollars and twenty-six cents ($268,-810.26.

Interrogatory 12.

Answer. The net earnings of the entire road or system of the St. Louis Transfer Railway Company for the year ending June 20, 1905 (deducting from the gross earnings as shown above only such items of expense as are specifically enumerated on pages 22-23 of the blank form referred to above), was fifty-eight thousand five hundred forty-six dollars and twenty-five cents ($58,546.25), but there should be deducted from this in order to get net revenue:

1st: Interest on interest-bearing current liabilities (Note) not otherwise provided for	$16,583.38
2nd: Taxes paid for year 1904	16,053.76
Total	$32,637.14
Showing a net surplus of	$25,909.11

Interrogatory 13.

Answer. The St. Louis Transfer Railway Company has never had any branch or leased lines either in Missouri or elsewhere.

Interrogatory 14.

Answer. The St. Louis Transfer Railway Company never had any branch or leased lines in or out of the State of Missouri.

Interrogatory 15.

Answer. The St. Louis Transfer Railway Company never had any branch or leased lines within the State of Missouri.

Interrogatory 16.

Answer. The actual cash value of the entire road of the St. Louis Transfer Railway Company on June 1, 1905, was two hundred thousand dollars, being 100 per cent per share on its entire capital stock.

Interrogatory 17.

Answer. The St. Louis Transfer Railway Company never had any branch or leased line in the State of Missouri, either before or after June 1, 1905.

"Resolved, By the State Board of Equalization, that upon the dates mentioned in the resolution adopted by the Board on April 16, 1906, the companies operating lines of steam, electric or cable railroads, wholly or partially in this State, will be required to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making return by statute for purpose of taxation.

2. The name of all branches, leased lines, lines controlled through ownership of stock, or lines operated under other arrangements.

3. The mileage of the entire road or system, owned, used, leased or operated on June 1, 1905.

4. The capital stock of the entire road or system on June 1, 1905, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and amount of preferred stock, and the terms of the latter.

5. The par value per share of the capital stock.

6. The market value per share of the capital stock on June 1, 1905.

7. The amount of dividends paid on capital stock during the year 1905.

8. The amount of bonded indebtedness of the entire road or system on June 1, 1905, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt per mile, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 30, 1905.

11. The total gross earnings of the entire road or system for the year ending June 30, 1905 (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department for annual statement of last year.)

12. The net earnings of the entire road or system for the year ending June 30, 1905 (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pages 22-23 of the blank form referred to above.)

13. The gross earnings of each line or branch, in and out of the State, ascertained as above for the year ending June 30, 1905.

14. The net earnings of each particular line or branch, in and out of the State, ascertained as above, for the year ending June 30, 1905.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1905, to be ascertained as indicated above.

16. The actual cash value of the entire road or system on June 1, 1905.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1, 1905.

It is to be expressly understood that these interrogatories, in so far as they are applicable and serve to indicate the character of the information desired by the Board, shall be treated as applying to all bridges and telegraph companies."

ST. LOUIS BRIDGE COMPANY.

1. St. Louis Bridge Company.
2. None.
3. 1.22 miles. On this mileage .85 miles are in Illinois.
4. $5,490,000.00. $2,490,000.00 First Preferred; $3,000,000.00 Second Preferred; ($2,500,00.00 Common. No value).
5. $100.00.
6. No market quotations. No sales as far as known.
7. On First Preferred, $149,000.00; on Second Preferred, $90,000.00; on Common, none.
8. $5,000,000.00.
9. Bridge Structure.
10. 110.
11. Property leased to the Terminal Railroad Association of St. Louis and operated by it.
12. See answer to question 11.
13. No Branches.
14. No Branches.
15. No Branches.
16. The St. Louis Bridge can be reproduced today for the sum of $2,650,000.00, figuring the present cost of steel and stone in the structure. As the bridge is leased to the Terminal Railroad Association of St. Louis and operated by that Company, on a basis of

fixed charges and maintenance, its value can only be estimated on the cost of reproduction, namely, $2,650,000.00.

17. As shown in the answer to question No. 16, the value of the entire bridge structure is $2,650,000.00, therefore, the value of that part of the structure in the State of Missouri on a mileage basis is as follows:

Length of bridge, 1.22 miles.
Length of bridge in Missouri, .37 miles.
Value of bridge structure per mile, $2,172,131.00.
Value of bridge structure in the State of Missouri, .37 miles, $803,688.47.

Or, if 50 per cent of the total value of the bridge is to be assessed in the State of Missouri, the value of that portion in the State of Missouri, is one-half of $2,650,000.00, or $1,325,000.00.

"Resolved by the State Board of Equalization, That upon the dates mentioned in the resolution adopted by the Board on April 16, 1906, the companies operating lines of steam, electric or cable railroads, wholly or partially in this State, will be expected to present to the Board, in writing, answers to the following interrogatories, viz.:

1. The corporate name of the parent company making return required by statute for purposes of taxation.
2. The name of all branches, leased lines, lines controlled through ownership of stock, or lines operated under other arrangements.
3. The mileage of the entire road or system, owned, used, leased or operated on June 1, 1905.
4. The capital stock of the entire road or system on June 1, 1905, and if capitalized separately, the capital stock of each particular line or branch, including the amount of common and amount of preferred stock, and the terms of the latter.
5. The par value per share of the capital stock.
6. The market value per share of the capital stock on June 1, 1905.

7. The amount of dividends paid on capital stock during the year 1905.

8. The amount of bonded indebtedness of the entire road or system on June 1, 1905, showing in detail the amount of each series or issue of bonds. If only a part of the road is in Missouri, the bonded debt per mile, of the portion in the State.

9. The line or lines upon which each series is a lien.

10. The market value of each series or issue of bonds on June 30, 1905.

11. The total gross earnings of the entire road or system for the year ending June 30, 1905, (as indicated on page 17 of the blank furnished by the Railroad and Warehouse Department of Missouri for annual statement of last year).

12. The net earnings of the entire road or system for the year ending June 30, 1905, (deducting from the gross earnings, as shown above, only such items of expense as are specifically enumerated on pp. 22-23 of the blank form referred to above).

13. The gross earnings of each line or branch, in and out of the State, ascertained as above for the year ending June 30, 1905.

14. The net earnings of each particular line or branch, in and out of the State, ascertained as above for the year ending June 30, 1905.

15. The net earnings of each particular line or branch within the State of Missouri for the year ending June 30, 1905, to be ascertained as indicated above.

16. The actual cash value of the entire road system on June 1, 1905.

17. The actual cash value of each particular line or branch thereof in the State of Missouri on June 1, 1905.

It is to be expressly understood that these interrogatories, in so far as they are applicable and serve to indicate the character of the information desired by the Board, shall be treated as applying to all bridges and telegraph companies."

ST. LOUIS MERCHANTS BRIDGE COMPANY.

1. St. Louis Merchants' Bridge Co.
2. None.
3. 1.90 miles (of this mileage 1.28 miles are in Illinois).
4. $1,500,000.00 issued.
5. $100.00.
6. None.
7. None.
8. $2,000,000.00.
9. Bridge structure.
10. 110.
11. Property leased to Madison, Illinois & St. Louis Railway Company.
12. See answer to question 11.
13. No Branches.
14. No Branches.
15. No Branches.
16. The Merchants Bridge can be reproduced now for the sum of $1,250,000.00, figuring the present cost of steel and stone in structure. As the bridge is leased by the Madison, Illinois and St. Louis Railway Company and operated by the St. Louis Merchants Bridge Terminal Railroad Company on a basis of fixed charges and maintenance, its value can only be estimated on a basis of cost of reproduction, namely, $1,250,000.00.
17. As shown in answer to question 16, the value of the entire bridge structure on the basis of reproduction would be $1,250,000.00.

The value of that part of the structure in the State of Missouri on a mileage basis is as follows:

Length of bridge, 2.05 miles.
Length of bridge in Missouri, .62 miles.
Value of bridge structure per mile, $609,756.00.

Value of bridge structure in Missouri .62 miles, $378,048.00, or if 50 per cent of the value of the bridge is to be assessed in the State of Missouri, the value of that portion in the State of Missouri is one-half of $1,250,000.00, or $625,000.00.

COMPLAINANT'S EXHIBIT NO. 39.

LEASE.

St. Louis Merchants' Bridge Company to St. Louis Merchants' Bridge Terminal Railway Company, dated February 1, 1889.

This indenture, made this first day of February, one thousand eight hundred and eighty nine, by and between the St. Louis Merchants' Bridge Company, a corporation created, organized and existing under and by virtue of the laws of the State of Illinois, and by an act of Congress entitled "An act authorizing the construction of a bridge over the Mississippi River at St. Louis, Missouri," approved February 3, 1887, authorized to build the bridge hereinafter described, and hereinafter called the "Lessor Company" party of the first part, and the St. Louis Merchants' Bridge Terminal Railway Company, a corporation created, organized and existing under and by virtue of the laws of the State of Missouri, and hereinafter called the "Lessee Company," party of the second part, witnesseth:

First. That the said lessor company has demised and let, and by these presents does demise and let unto the said lessee company, all the right, title, interest, property, possession, claim and demand of the lessor company in and to the bridge, and the approaches thereto, whether made or to be made, acquired or to be acquired, over and across the Mississippi River, from a point in the city of St. Louis, at or near Ferry Street to a point opposite thereto in the county of Madison, State of Illinois, together with all the appurtenances thereof, and the lands, tenements, hereditaments and fixtures of said lessor company, and all its property, rights, privileges, leases, leaseholds, interests, estates, rights of way and franchises of any and every kind and description, which it now has or owns, or may hereafter acquire, and the sole and entire right to the use thereof, including the right to other persons and corporations to use the said bridge; and receive for its

own benefit and as its own property, all tolls and rents for such use by such other persons and corporations; provided that all railroad companies desiring the use of said bridge shall have and be entitled to equal rights and privileges relative to the passage of railway trains over said bridge and over the approaches thereto, as may be enjoyed by the lessee company, upon payment of such compensation for such use as may be agreed upon between the lessee company and said railroad companies.

To have and to hold the same, with all the rights and privileges incident thereto, unto the said St. Louis Merchants' Bridge Terminal Railway Company, and its successors and assigns, for and during the term of forty years from the date thereof.

Second. The lessor company covenants and agrees to and with the lessee company, that it will cause to be erected and ready for use, its said bridge, and the approaches thereto, on the eastern end thereof, on or before the first day of January, A. D., 1891, and in case the lessor company shall fail to complete said bridge and the said eastern approaches thereto, on or before the said first day of January, A. D., 1891, then, and in that event the lessee company shall have the right to cancel this lease, and all obligations thereunder shall, as to lessee company, cease. Or, at the option of the lessee company, in case of the failure of the lessor company to complete its said bridge and eastern approaches, on or upon January 1, 1891, the lessee company may take possession thereof, and complete the same, and the expense of such completion shall be charged to and paid by the lessor company to the lessee company, out of three-fourths income hereinafter described, and agreed to be paid by the lessee company to the lessor company as rentals of said bridge, and in addition, the lessor company shall pay to the lessee company the sum of three hundred and fifty dollars for each day after January 1, A. D., 1891, that said bridge shall remain incomplete and not ready for use of trains thereon.

Third. The lessee company, covenants and agrees with the lessor company to pay as, and for rental of the premises hereby demised.

1. The interest, as the same shall fall due, on the bonds of the lessor company, of the series amounting to $2,000,000, secured by its mortgage to the Farmers' Loan and Trust Company of New York, dated February 1, 1889, and to pay said interest at the rate, and at the time and place therein specified; provided that not exceeding $1,500,000 of said bonds shall be issued before June 1, 1890; and provided further, that the interest on said $1,500,000 on bonds, prior to June 1, 1890, shall be determined by the terms of a certain agreement between the lessor company and the Union Bridge Company of New York of date January 21, 1889. The moneys for the payment of said interest on said bonds, shall, in each instance, be deposited with the Farmers' Loan and Trust Company of New York, or its successors, at least fifteen days before the same shall become due.

2. All taxes, assessments and other like charges, laid or imposed upon the corporate property and franchises of the lessor company, and upon the premises hereby demised, or any part thereof, or upon the revenue or earnings of the same, during the term hereby created.

3. Three-fourths of the net income that the lessee company may derive from the use and operation of said bridge, including all sums received by the lessee company from other persons and corporations, for transporting the cars, freight and passengers, of such other persons or corporations over said bridge by the lessee company, after deducting the amount of interest maturing after said bridge is completed and ready for use, paid by the lessee company upon the bonds of the lessor company, hereinbefore described, and all hereinbefore agreed to be paid by the lessee company, and all costs and expenses of maintaining and operating said bridge the three-fourths of said net income, so far as the same has been received, to be ascertained and

paid to the lessor company, on or before the 20th days of January and July after the same has been received.

Fourth. The lessee company shall and will maintain and keep the premises hereby demised, and every part thereof in good condition, and make all necessary repairs and renewals of the same, and operate and use the same for the purposes for which the lessor company holds the same; and shall and will indemnify and save harmless the lessor company from any and all claims for damages arising out of such operation and use.

Fifth. The lessee company shall, by the date said bridge is completed and ready for use, in conformity to such plans and specifications as the lessor company shall furnish and at such place as the lessor company shall designate, connect said bridge by one approach with the line of the lessee's road in the city of St. Louis; and when said approach is completed, the same together with right of way therof, shall, by proper deed, be conveyed by the lessee company to the lessor company, free of any charge or incumbrance, and said lessee company shall purchase and convey to the lessor company, free of any charge to the lessor company, the following real estate situate in said city of St. Louis, to-wit:

1. The southwest corner of the wharf and Ferry street being lot 1 in block 2506, having a front on the wharf of thirty-three feet nine inches, more or less, by a depth westwardly of one hundred and fifty feet, more or less.

2. A piece of property of Stifel Brewery Company, located on foot of Ferry street, with a frontage of one hundred and ten feet on the river, running back three hundred feet, more or less, on south line of Ferry street.

Sixth. In case of default by the lessee company in any of the matters or things contained or provided for, and the continuance of such default for sixty days, the lessor company shall have the right to enter upon all and singular the premises hereby demised and the same to repossess and enjoy in the same manner as if these presents had not been made.

In witness whereof, The said parties have caused their respective corporate seals to be to these presents affixed, and the same to be subscribed by their respective presidents and secretaries, the day and year first above written.

St. Louis Merchants' Bridge Company,
(Seal) By S. W. Cobb, President.
Attest:
John H. Overall, Secretary.
St. Louis Merchants' Bridge Terminal Railway Co.
(Seal) By C. C. Rainwater, President.
Attest:
John H. Overall, Secretary.

Complainant's Exhibit No. 40.

LEASE.

St. Louis Merchants' Bridge Company to Madison, Illinois and St. Louis Railway Company. Dated August 1, 1893.

Lease of Bridge, Etc., for Forty Years from August 1, 1893.

This indenture, made this first day of August, one thousand eight hundred and ninety three, by and between the St. Louis Merchants' Bridge Company, a corporation created, organized and existing under and by virtue of the laws of the State of Illinois, and by an act of Congress entitled "An act authorizing the construction of a bridge over the Mississippi River at St. Louis, Missouri," approved February 3, 1887, authorized to build the bridge herinafter described, and hereinafter called the "lessor company," party of the first part, and the Madison, Illinois and St. Louis Railway Company, a corporation created, organized, and existing under and by virtue of the laws of the state of Illinois, and herein after called the "lessee company," party of the second part, witnesseth:

First. That the said lessor company has demised and let, and by these presents does demise and let, unto

the said lessee company, all right, title, interest, property, possession, claim and demand of the lessor company in and to the bridge, and the approaches thereto, whether made or to be made, acquired or to be acquired, over and across the Mississippi River from a point in the City of St. Louis at or near Ferry street, to a point opposite thereto in the county of Madison, State of Illinois, together with all the appurtenances thereof, and the lands, tenements, hereditaments, and fixtures of said lessor company, and all its property, rights, privileges, leases, leaseholds, interests, estates, rights of way, and franchises, of any and every kind and description, which it now has or owns, or may hereafter acquire, and the sole and entire right to the use thereof, including the right to other persons and corporations to use the said bridge; and receive for its own benefit and as its own property all tolls and rents for such use by such other persons or corporations; provided that all railroad companies desiring the use of said bridge shall have and be entitled to equal rights and privileges relative to the passage of railway trains over said bridge, and over the approaches thereto, as may be enjoyed by the lessee company, upon payment of such compensation for such use as may be agreed upon between the lessee company and said railroad companies.

To have and to hold the same, with all the rights and privileges incident thereto, unto the said Madison, Illinois and St. Louis Railway Company, and its successors and assigns, for and during the term of forty years from the date thereof.

Second. The lessee company covenants and agrees with the lessor company to pay as rental for the premises hereby demised:

1. The interest, as the same shall fall due on the bonds of the lessor company, of the series amounting to $2,000,000, secured by its mortgage to the Farmers' Loan and Trust Company of New York, dated February 1, 1889, and to pay said interest at the rate and at the time and place therein specified. The moneys for

the payment of said interest on said bonds shall, in each instance, be deposited with the Farmers' Loan and Trust Company of New York, or its successor, at least fifteen days before the same shall become due.

2. All taxes, assessments, and other like charges, laid or imposed upon the corporate property and franchises of the lessor company, and upon the premises hereby demised, or any party thereof, or upon the revenue or earnings of the same, during the term hereby created.

3. Three-fourths of the net income that the lessee company may derive from the use and operation of said bridge, including all sums received by the lessee company from other persons and corporations, for transporting the cars, freight and passengers of such other persons or corporations over said bridge by the said lessee company, after deducting the amount of interest paid by the lessee company upon the bonds of the lessor company herinbefore described, and all hereinbefore agreed to be paid by the lessee company and all costs and expenses of maintaining and operating said bridge; the three-fourths of said net income, so far as the same has been received, to be ascertained and paid to the lessor company, on or before the first days of August and February, after the same has been received.

4. The lessee company shall and will maintain and keep the premises hereby demised, and every part thereof, in good condition and make all necessary repairs and renewals of the same, and operate and use the same for the purposes for which the lessor company holds the same; and shall and will indemnify and save harmless the lessor company from any and all claims for damages arising out of such operation and use.

Third. In case of default by the lessee company in any of the matters or things herein contained or provided for, and the continuance of such default for sixty days, the lessor company shall have the right to enter upon, all and singular the premises hereby demised,

and the same to repossess and enjoy in the same manner as if these presents had not been made.

In Witness Whereof, the said parties have caused their respective corporate seals to be to these presents affixed, and the same to be subscribed by their respective presidents and secretaries, the day and year first above written.

AGREEMENT.

Union Depot Company of St. Louis and Atlantic and Pacific Railroad Company, Terre Haute and Indianapolis Railroad Company, Indianapolis and St. Louis Railroad Company, St. Louis and Southwestern Railway Company (Consolidated), and Ohio and Mississippi Railway Company.

Dated ———, 1874.—

Construction and Use of Union Depot.

Whereas, By their certain contract heretofore executed, it was agreed by and between the Atlantic and Pacific Railroad Company, the Terre Haute & Indianapolis Railroad Company, the Indianapolis & St. Louis Railroad Company, the St. Louis & Southeastern Railroad Company (consolidated), the Ohio & Mississippi Railway Company, and Samuel Gaty, William H. Clement, James H. Britton, William Taussig and their associates, in consideration of the necessity for the construction and maintenance of a union depot in the City of St. Louis, from and to which the passenger trains of all railroads terminating in St. Louis, or entering the same over the tracks of the bridge and tun-

nel, may run, and also of the large outlay of money required for the construction and maintenance thereof and the necessary appurtenances thereto, that as soon as a Union Depot Company should be organized and incorporated under the laws of the State of Missouri ,and not less than five hundred thousand dollars ($500,000) of the capital stock thereof subscribed in good faith, they, the several above named contracting railroad companies, would obligate themselves to pay, and would pay, in monthly payments, commencing as soon as said depot is ready for use, and the tracks connecting with the bridge and tunnel are completed, to said Union Depot Company, an annual rental for the use of said depot, amounting to interest at ten (10) per cent on the total ascertained outlay for the actual cost of said depot and appurtenances, and also their proportionate shares of the taxes, insurance and expenses thereof, such rental, taxes and expenses to be ratably assessed against said several contracting railroad companies.

And Whereas, In accordance with the terms of said contract, the Union Depot Company of St. Louis has been organized and incorporated under the laws of the State of Missouri.

And whereas, the full sum of five hundred thousand dollars ($500,000) of the capital stock thereof has been subscribed in good faith, and large expenditures of money have been already made, and large indebtedness incurred by said Union Depot Company of St. Louis, in the purchase and leasing of ground, and in the purchase of other property and material, and in other preparations for the construction of said depot, all having been approved by said several contracting railroad companies.

And whereas, For the protection of all the parties hereto, it is important that the rights, duties, and liabilities of each as to the whole subject matter of said depot, its appurtenances, use, care, control, ren-

tal, taxes, expenses, renewals, and repairs, shall be stated and defined.

Now, therefore, It is agreed by and between said Atlantic & Pacific Railroad Company, the Terre Haute & Indianapolis Railroad Company, the Indianapolis & St. Louis Railroad Company, the St. Louis & Southeastern Railway Company (consolidated), and the Ohio & Mississippi Railway Company, each acting for itself independently, and said Union Depot Company of St. Louis ,as follows:

First. That the said Union Depot Company of St. Louis shall proceed with all reasonable dispatch to acquire by purchase, or lease, all necessary ground on which to erect said depot buildings and appurtenances, and all necessary ground for switching, siding, storing, etc., etc., and to erect and construct the said depot building and appurtenances, yards, tracks, etc., and to prepare the same for use.

Second. The grounds to be acquired by the said Union Depot Company of St. Louis either by purchase or lease for the use of the railroads as aforesaid, and the form, character and cost of the buildings to be erected, shall all be subject to the approval of the governing board, hereinafter provided for, or a majority thereof.

Third. Said several railroad companies, parties hereto, agreed to pay to said Union Depot Company of St. Louis an annual rental for the use of said depot, amounting to ten (10) per cent interest on the total ascertained outlay for the actual cost of said depot, including ground, buildings, tracks, sidings, switching yards, connections and all needful appurtenances, and in addition thereto, the expense of operating and maintaining the same, and of all repairs thereto; provided that said rental, exclusive of taxes and all current expenses in maintaining said depot and appurtenances, shall not exceed twenty thousand ($20,000) per annum for any one of said railroad companies parties hereto.

Provided, also, That the total outlay for and cost of said depot and appurtenances shall not, except with the consent of the several railroad companies, parties hereto, exceed the sum of one million dollars ($1,000,000): provided further that all rentals for use of said depot and appurtenances, derived from railroad companies not parties hereto, and all rentals or receipts for use of said depot, from any source whatever, shall be applied as a credit to reduce the amount to be paid as rental by the several railroad companies, parties hereto.

Provided, also, That the basis of said adjustment shall be as follows: That is to say, each railroad company using said depot, whether party hereto or not, shall pay such proportion of the whole of said interest and expense as its business in said depot shall bear to the whole of the business done in said depot, after such rentals or receipts as are derived from other than train use have been deducted therefrom.

The determination and adjustment of the relative proportion of use by the various railroad companies, whether parties hereto or not, and the settlement of all controversies arising among them shall vest in the governing board or committee hereinafter provided for.

Each railroad company shall be assessed by the said Union Depot Company for its proportion of said rentals, taxes, expenses of repairs, leasehold charges, maintenance and all other incidental expenses and shall pay the same monthly, not later than the fifteenth (15th) day of the month succeeding the month for which payment is due.

Said payments shall be made on drafts of the treasurer of the Union Depot Company of St. Louis, on the several railroad companies using the depot. Any failure on the part of any railroad company to pay its assessment as aforesaid shall work a forfeiture of its right to the use of said depot.

Fourth. The railroad companies parties hereto shall appoint a governing board of which one member shall be appointed by each of said companies.

The management of the depot, so far as relates to passenger service in the depot, and upon the grounds and tracks belonging thereto, shall be in charge of a superintendent, who, together with ticket agent and baggage master, shall be appointed by the Union Depot Company, subject to the approval of the governing board aforesaid, and who shall be removed by the said Union Depot Company on the written request of two or more members of said governing board who shall not be required to assign any reason for said removal. Said superintendent, ticket agent, and baggage master, shall, in the performance of their duties connected with the passenger service, be governed by such regulations as may from time to time be established by said governing board and approved by the president of the Union Depot Company.

Sixth. The salaries of said superintendent, ticket agent and baggage master shall be fixed by said Union Depot Company, subject to the approval of said governing board, and the compensation of other agents and employes shall not be higher than is paid by railway companies in the vicinity for similar service.

Seventh. The said Union Depot shall be used by said railroad companies, parties hereto, for all their passenger trains destined for or departing from St. Louis; and all railroad companies using said depot shall run all their passenger trains to and from said depot, unless otherwise expressly permitted by said governing board.

Eighth. The said Union Depot Company shall at all times keep and maintain said Depot, its grounds, yards, tracks, switches, and all appurtenances in good order and repair, and shall protect its depot buildings and improvements by adequate insurance against loss by fire; and the cost of such insurance shall be considered a part of the current expenses of maintaining and operating said depot.

Ninth. The ascertaining the actual cost of said depot and appurtenances as herein provided, interest at

ten per cent per annum in semi-annual installments on all disbursements therefor, from the time when made, to the period when payments of rental shall commence, shall be considered part of said outlay for actual cost, and shall be so estimated.

Tenth. Payments as herein provided shall commence so soon as said depot is ready for use, and the connection tracks with the bridge and tunnel are completed.

Eleventh. The railroad companies, parties hereto, shall have the right, at any time after fifteen (15) years from the date hereof, to purchase from said Union Depot Company said depot, and the grounds and property therewith connected, on payment of the cost price thereof, ascertained and authorized as aforesaid.

Twelfth. The said Union Depot Company shall proceed, without delay, to erect and provide the temporary passenger accommodations required and indicated by the parties of the first part in their resolution of instruction adopted on the 9th instant, for use until the permanent Union Depot is ready for use; the total cost of which shall be considered, for all purposes, as part of the cost of said permanent Union Depot.

A limited rent predicated upon the cost thereof, shall be paid monthly to said Union Depot Company for the use of said temporary accommodation by the railroad companies using the same, the amount of which shall be determined by the governing board hereinbefore provided for, and the president of the Union Depot Company, and which rent when paid shall be a credit upon the ten per cent annual rental hereinbefore provided for.

In testimony whereof, The said several railroad companies, parties of the first part, and said Union Depot Company of St. Louis, party of the second part, have caused these presents to be executed, signed by their presidents and attested by their secretaries, re-

spectively, under their common seals, this ..... day of ....., A. D. 1874.

AGREEMENTS.

Terminal Railroad of St. Louis and Terminal Railroad of East St. Louis, with the St. Louis Bridge Company and the Tunnel Railroad of St. Louis, dated March 3, 1880. For use and operations of Terminal Railroads of St. Louis and East St. Louis.

This agreement, made and entered into this 3rd day of March, A. D. eighteen hundred and eighty (1880), by and between the Terminal Railroad of St. Louis and the Terminal Railroad of East St. Louis, severally, corporations created, organized and existing under and by virtue of the laws of the State of Missouri and Illinois respectively, parties of the first part, and the St. Louis Bridge Company and the Tunnel Railroad of St. Louis, severally, corporations created, organized and existing under and by virtue of the laws of the State of Missouri, parties of the second part.

Witnesseth, That, whereas said parties of the first part have acquired and propose to acquire certain parcels of ground in the cities of St. Louis, in the State of Missouri, and East St. Louis, in the State of Illinois,

intending thereon to lay railroad tracks, to be connected with the tracks of various railroads entering said cities of St. Louis and East St. Louis, and with the tracks of the Union Railway and Transit Company of St. Louis and the Union Railway and Transit Compny of Illinois, operated by the said parties of the second part as lessees thereof, which said parcels of ground, said parties of the second part, desire to lease and when improved for that purpose, to operate in connection with said railroad tracks:

Now, therefore, It is agreed by and between the parties hereto, that said parties of the first part shall make further purchase of ground, and shall grade, otherwise prepare for use and lay tracks on the ground already acquired and yet to be acquired, so that the same may be ready for use, with such wagonways along and between said tracks as may be necessary, such purchase of ground to be made, and such grading, improvements, track laying, etc., etc., to be done and such only, as may be required by said parties of the second part; provided, that the amount which said parties of the first part respectively shall be required to expend hereunder, for all said purposes of purchase of ground, improvement of the same, track laying thereon, etc., etc., shall be limited to the sum of two hundred and fifty thousand dollars ($250,000) by the said Terminal Railroad of St. Louis, and to the sum of one hundred thousand dollars ($100,000), by the said Terminal Railroad of East St. Louis, except as may be hereafter agreed between the parties hereto.

It being the intention of the parties hereto, that within the aforesaid limits of cost, said parties of the first part shall purchase and improve ground, and lay down and extend tracks thereon, to provide terminal railroad track facilities in said cities of St. Louis and East St. Louis, in all respects and to such extent as shall be directed by the said parties of the second part, by their boards of directors, and in writing by their presidents, vice-presidents and secretaries, it being understood that the parties of the second part shall not

be required to erect buildings on said ground, except as may be hereafter agreed between the parties hereto.

In consideration whereof, said parties of the second part, covenant and agree to pay to said parties of the first part, by way of rental, eight (8) per cent per annum on the entire expenditure and outlay of every kind, made by said parties of the first part, in purchasing said ground, and in grading, improving, track laying, etc., etc., hereinbefore provided for, and in addition thereto, to repay any outlay by way of lease money, rental, or other expenses, incurred in rental or other payments for property needed for the purposes of this agreement, and which may not be otherwise acquired. Said rental shall be paid quarterly, to the persons designated by said parties of the first part and at the place by him designated in the said City of St. Louis, on the first day of January, April, July and October, in each and every year during the period of this agreement, and of the lease hereinafter provided for. And the capital amount on which said rental shall be computed and paid as aforesaid, shall be the aggregate amount of all authorized expenditures incurred by said parties of the first part prior to said dates respectively as herein provided, for the purchase of ground, grading, improving, track laying, etc., etc., in addition to said eight (8) per cent per annum and said repayment of rental and other expenses, if any, said parties of the second part shall allow any pay to said parties of the first part, annually, the sum of five hundred dollars ($500) to defray the expense of maintaining their corporate existence, and the payment of contingent expenses connected therewith.

It is also understood and agreed, that said parties of the second part are to provide and pay all charges and expenses of every kind for renewals, repairs and maintenance of said grading, improvements of whatever kind, tracks, etc., etc., herein provided for, on the ground of said parties of the first part or elsewhere, and all costs charges and liabilities of every kind, of

said parties of the first, part and all assessments, taxes and charges of every kind, general and special, on said ground, improvements, tracks, etc., etc., and all other expenses whatsoever, and shall defend, and save harmless from all suits and actions that may be instituted against said parties of the first part, and pay and discharge fully all costs, expenses and damages incurred in, or arising out of the same, so that there shall be paid to said parties of the first part said annual rental of eight (8) per cent in full without deduction or abatement, for any cause whatever; it is further understood and agreed, that all ground already purchased and to be acquired hereunder, by said parties of the first part, and all tracks laid thereon, with all grading and improvements thereon, shall be for the exclusive use of said parties of the second part, and that no part of the same shall be sold, alienated, leased or in any other way used or disposed of, except at the express request of said parties of the second part; and all rentals or income arising from the property acquired by the parties of the first part during the period of this agreement shall be collected, and belong to, the parties of the second part.

Accurate plats shall be prepared without delay, in duplicate showing the property acquired and to be acquired hereunder, and the tracks to be laid, and all work done hereunder, which plats shall from time to time, as the work progresses, be corrected and one copy thereof shall be in the possession of each of the parties hereto.

And it is further understood and agreed by and between the parties hereto, that the use by the parties of the first part hereto, of any ground belonging to the parties of the second part or their lessors, for the purpose of laying tracks thereon, in connection with the tracks provided for herein, shall not in any way vest title to said grounds, or confer any other rights than are by this agreement intended.

It is further understood and agreed by and between the parties hereto, that on the first (1st) day of January, A. D., 1889, the parties of the second part shall

have the right to purchase all the property acquired, and all the improvements made, in accordance with the provisions hereof, together wtih the franchises of said parties of the first part, paying therefor to said parties of the first part, the entire actual cost of and outlay therefor, and in addition thereto, any rent then due thereunder. If said parties of the second part desire and determine to exercise the right to make said purchase, they shall give notice thereof to said parties of the first part, in writing, at least three (3) months prior to said first day of January, A. D., 1889. The right to purchase above provided for, if not exercised on said first (1st) day of January, A. D., 1889, shall recur on the first (1st) day of January, A. D., 1899, to be exercised on the same terms, as to price, time of notice, and in all other respects; and if not then exercised, shall again recur on the first (1st) day of January, A. D., 1909, on the same terms, and so on, recurring, if not theretofore exercised on the first (1st) day of January, in every tenth year during the continuance of this agreement.

This agreement in all its parts, shall be, and continue of binding force and effect for the full term of ninety-nine (99) years from its date, and shall be renewable upon the terms and conditions in it stated, at the option of either the first or second parties, for a further term co-extensive with the corporate existence of the parties and any enlargement, extension, or renewal thereof; subject, however, to the right to purchase said property, improvements and tracks hereinbefore provided for; and subject, also, to the provisions hereinafter contained concerning the lease or leases to be hereafter executed.

If said parties of the second part shall at any time fail to pay any installment or rental hereinbefore reserved to be paid, or any advance made by said parties of the first part, for rent or lease money as hereinbefore provided, or to pay the assessments, taxes, charges, cost of maintenance, renewals, costs, and liabilities of every kind incurred hereunder as herein stipulated, and as, and when herein required to be paid,

and said sum of five hundred dollars ($500), hereinbefore provided for, as and when required to be paid, or within thirty (30) days hereafter, then the said parties of the first part may repossess themselves of the property aforesaid, and put an end to this agreement, and the said parties of the second part shall, on demand, forthwith vacate and surrender the same to the parties of the first part.

It is further understood and agreed by and between the parties hereto that on the first day of January, A. D., 1881, or as soon thereafter as either of said parties may desire, the whole amount of the proposed investment being then better known, the provisions of this agreement shall be embodied in a lease, to be executed between the parties, whereby the said ground so to be improved, shall be leased by said parties of the first part to said parties of the second part, for the better securing the rights of all parties, on the terms and conditions, and for the period in this agreement provided; and a similar lease or leases, covering ground thereafter acquired, and the construction therein under this agreement, shall be made between the parties hereto, when either of said parties may desire.

In Witness Whereof, Said corporation, parties of the first and second parts, respectively, have caused, each one thereof, these presents to be executed by their presidents, and attested by their secretaries, with the seals thereof, respectively, the day and year first above written in duplicate.

Complainant's Exhibit No. 43.

LEASE.

Union Railway and Transit Company of St. Louis and Union Railway and Transit Company (of Illinois) to the St. Louis Bridge Company and the Tunnel Railroad of St. Louis, dated January 1, 1879.

This indenture, made this 1st day of January, A. D., 1879, by and between the Union Railway and Transit Company of St. Louis (of Missouri), and the Union Railway and Transit Company (of Illinois), severally, corporations created, organized and existing under and by virtue of the laws of the States of Missouri and Illinois respectively, (hereinafter called the lessors), parties of the first part, and the St. Louis Bridge Company and the Tunnel Railroad of St. Louis, respectively, corporations created, organized and existing under and by virtue of the laws of the State of Missouri (hereinafter called the lessees), parties of the second part.

Witnesseth, That the said lessors hereby demise and let to the said lessees all the property and plant of the said lessors, consisting of engines, rolling stock, equipment, railroad tracks, station grounds, yards, engine houses, car sheds, shops, warehouses, leasehold interest, rights of way, easements, leases, lands, licenses and privileges, and the appurtenances thereof, together with all the rights of renewal, or extension of the same, or any part therof, by the said lessors, or either of them, now or heretofore owned, used or occupied in their business (a more particular description theerof is contained in a schedule, inventory and map hereto annexed and made part hereof) for a term of ninety-nine years from the date hereof, renewals upon the same covenants and conditions as are herein contained, at the option of either lessors or lessees for a further term co-extensive with the corporate existence of the said lessors and lessees, and any enlargement thereof, yielding and paying a yearly rental therefor equal to ten (10) per centum per annum of the par value of the

capital stock of said lessors at its present amount and the increase thereof hereinafter provided for, and also the sum of twelve hundred and fifty dollars per annum as an allowance for the maintenance of the corporate existence of the lessors. It being understood that the present amount of the capital stock of the Union Railway and Transit Company of St. Louis (of Missouri), is eight hundred and forty-six thousand four hundred dollars ($846,400.00), and the present amount of the capital stock of the Union Railway and Transit Company (of Illinois), is ninety-nine thousand dollars ($99,000.00), the aggregate amount of the capital stock of both said companies lessors, being therefore at present nine hundred and forty-five thousand four hundred dollars ($945,400.00).

2. The said rent is to be paid in equal monthly installments on or before the tenth (10) day of each and every month of the existence of this lease, and any renewal or extension thereof, to the treasurer of the lessors, in the city of St. Louis, in the state of Missouri and at the place designated by said treasurer. The first payment shall be made on or before the tenth day of February, A. D., 1879.

3. The lessees are to pay all taxes and assessments hereafter becoming due and payable on the property hereby leased, and hereby assume and covenant to pay and discharge all installments of rent and other charges hereafter falling or becoming due and payable by said lessors, or either of them, for the use and occupancy of any part of the property hereby leased, by or under existing leases or contracts, and also all indebtedness, obligations, and damages to any other person or party with which said lessors may hereafter be finally charged, arising out of the construction, use occupation or enjoyment of the realty hereby leased, and being such as are properly chargeable to capital account of said lessors, including the legal expenses of contesting said indebtedness, obligations, and damages, and also hereby assume all contracts for supplies or material now in force or obligatory on said lessors or either of them.

The lessees are also during the existence of this lease and any renewal thereof, to keep and maintain all roadbed, railroad tracks, and other realty hereby leased, with the appurtenances thereof, in first class order, and in all respects in as good condition as when received by them, and are to make all such additions thereto and renewals thereof as may be necessary for that purpose, and also are to replace all broken, damaged and worn-out rolling stock, and equipment with other like rolling stock and equipment of as good quality and in as good condition as that received by them, and are to make all such additions thereto and renewals thereof as may be necessary for that purpose.

The lessees are also during the existence of this lease or any renewal thereof to keep the property hereby leased insured against loss or damage by fire at their own cost, in an amount satisfactory to the lessors and not less than the amount of insurance at any time heretofore carried thereon by the lessors. Said insurance shall be in the name of the lessees, and the proceeds thereof, when collected, shall be used by the lessees in the restoration of such part of the property hereby leased as shall have "been lost or damaged by fire; and all such new property shall be deemed and taken as part of the property hereby leased."

The lessees are to have the option every tenth (10th) year of the existence of this lease and any renewal or extension thereof of purchasing the property leased at a price equal to the par value and ten per centum premium of the capital stock of both of said lessors at the time outstanding in addition to any rent then due hereunder. Such option shall be expressed by a written notice at least three months previous to the expiration of such tenth (10th) year.

5. The said lessors may increase their capital stock beyond its present amount of nine hundred and forty-five thousand four hundred dollars ($945,400.00) by such amounts only as shall equal the amount of the indebtedness, obligations, and damages herein above specified, which shall not have been heretofore capi-

talized by said lessors, or shall not be paid by said lessees under the foregoing provisions hereof.

6. The property leased is to be at all reasonable times open to the inspection of said lessors and their agents.

7. In case the lessees shall at any time fail to pay any installment of rent herein reserved, as and when herein required to be paid, or to perform any other of the terms and conditions hereof, as and when herein required to be done then the said lessors, may at once enter upon and repossess themselves of the property hereby leased and may put an end to this lease, and the lessees shall upon demand forthwith surrender the same to the lessors.

8. In case of any and every dispute between the lessors and the lessees arising out of or under this lease, or any renewal or extension thereof, the matter is to be submitted to arbitration. Either of the two parties may name one arbitrator by notice in writing to the other, and the other shall thereupon and within ten days thereafter name another arbitrator, and the two thus named shall select a third. All of the arbitrators shall be disinterested persons and other than holders of securities or stock issued by either of the parties hereto, or creditors of either of them. The award of a majority of the arbitrators shall be binding. The arbitrators shall proceed upon such notice to the parties as shall seem to them reasonable. In case of the default of either of the parties for ten (10) days after notification as aforesaid to name an arbitrator or to proceed with the arbitration, an award may be made against the defaulting party by the arbitrators or arbitrator then duly named as above provided, which, in the form of a money award shall be deemed and taken to be the liquidation of the amount of damages as between the parties hereto in respect to the matter in dispute.

9. In case of any disability, legal or otherwise, of either of the lessees to enter into this lease and to take and hold the estate and rights herein granted, then the to the other of them and the covenants and agreements same shall be deemed and taken to have passed wholly

herein contained on the part of the lessees shall be deemed and taken to have been made by the one so taking the estate as principal and by the other as surety.

10. The lessors are to keep up and maintain their several corporate existences during the term of this lease and any renewal or extension therof, using therefor the said twelve hundred and fifty dollars ($1250.00) hereinbefore provided to be paid by the lessees, and otherwise, at their own proper cost and charges, and said lessees shall have the right, if so advised, to institute, prosecute and maintain, in the name of said lessors, or either of them, but at their own proper cost and charges, any and all proceedings, judicial or otherwise, which may in their judgment be necessary for the acquisition of land or other property required for the proper administration of their business. Any land or other property so acquired in the name of said lessors, or either of them, shall be held by said lessors in trust for said lessees and subject to the full use, enjoyment, and exercise of the power of disposition of the same by them in their own discretion, without rent or other charge, provided always that said lessees shall at all times fully indemnify and save harmless the said lessors from all costs, charges, and damages by reason of such proceedings, acquisitions, or use and enjoyment of the same or any part thereof.

11. In the transaction of the business of carrying freight and passengers over the property hereby leased, or any part thereof, the lessees may describe themselves as lessees under this lease, but shall not otherwise use the names of said lessors or either of them, except as above provided.

In Witness Whereof, The said parties of the first and second part, have severally caused their respective corporate seals to be affixed to these presents and the same to be subscribed by their respective presidents

and secretaries, the day and year first above mentioned, in duplicate.

LEASE.

St. Louis Bridge Company and Tunnel Railroad of St. Louis to the Wabash, St. Louis & Pacific Railway Company and Missouri Pacific Railway Company. Dated July 1, 1881.

This indenture, made this 1st day of July, one thousand eight hundred and eighty-one, by and between the St. Louis Bridge Company and the Tunnel Railroad Company of St. Louis, both corporations created, organized and existing under and by virtue of the laws of the State of Missouri, and hereinafter called the

lessor companies, parties of the first part, and the Wabash, St. Louis & Pacific Railway Company and the Missouri Pacific Railway Company, corporations created and existing under and by virtue of the laws of the States of Ohio, Indiana, Illinois and Missouri, hereinafter called the lessee companies, parties of the second part, witnesseth:

First. That the said lessor companies have demised and let, and by these presents do demise and let unto said lessee companies, all the right, title, interest, property, possession, claim, and demand of them, the said lessor companies, and each of them, of, in and to the bridge over the Mississippi river and the approaches thereto, in the cities of St. Louis, Missouri, and East St. Louis, Illinois, and the tunnel and railroad tracks in the said cities, and the lands, tenements, hereditaments and appurtenances, buildings, fixtures, machinery, furniture and equipment thereunto belonging, or in any wise appertaining, now owned or used by said lessor companies in their proper business, for and during the term of the corporate existence of said lessor companies, and of each of them, and of any and all renewals and extensions of such corporate existences, commencing the first day of July, one thousand eight hundred and eighty-one, and, also have assigned and transferred, and hereby do assign and transfer to said lessee companies, all and singular, the rights, interests, terms of years and estates of said lessee companies, or either of them, given or secured by virtue of the lease and agreement, dated 1st February, 1879, made by and between the Union Railway and Transit Company of St. Louis (of Missouri) and the Union Railway and Transit Company (of Illinois), and the said lessor companies, and the lease and agreement dated March 3rd, 1880, made by and between the Terminal Railroad of St. Louis and the Terminal Railroad of East St. Louis, and the said lessee companies, and all other leases, contract or agreements, entered into or held by said lessor companies, or either of them, for the use and enjoyment of any property,

real or personal, in connection with or appurtenant to said bridge and its approaches, and said tunnel and railroad tracks, or any part thereof, all of which said leases, contracts and agrements, the said lessee companies hereby assume and hereby, jointly and severally, covenant, promise and agree to and with the said lessor companies, that they will at all times hereafter, do, keep and perform all acts, matters and things in and by such leases, contracts and agreements, required to be done, kept or performed by said lessor companies or either of them.

2. The said lessee companies, jointly and severally, covenant and agree to and with said lessor companies, to pay as and for the rental of the premises hereby demised:

1. The interest and principal, as the same shall respectively fall due, of the bonds of said St. Louis Bridge Company, of the series amounting to $5,000,000, secured by its mortgage to J. C. Rogers and C. E. Tracy, dated 1st April, 1879, and to pay said interest at the rate and at the time and places therein specified.

2. To the holders of the $2,490,000 first preferred capital stock of the said St. Louis Bridge Company, dividends at the rate of five dollars a share in each year for the three years, ending 1st January, 1885, and thereafter at the rate of six dollars a share in each year, the first half-yearly installment to be paid to 1st day of July, 1882. To the holders of the $3,000,000 second preferred capital stock of said St. Louis Bridge Company, dividends at the rate of three dollars a share in each year, the first half-yearly installment to be paid on the 1st day of July, 1884. To the holders of the $1,250,000 capital stock of said Tunnel Railroad Company of St. Louis, dividends at the rate of six dollars a share in each year, the first half-yearly installment to be paid on the 1st day of January, 1882. All of such dividends to be paid in gold coin of the United State of America of the present standard weight and fineness, and half-yearly, on the 1st day of January

and July in each year, in the city of New York, free and clear of all taxes or other charges. The moneys for the payment of interest and principal of said bonds and said dividends, in each instance shall be deposited by said lessee companies with Messrs. Drexel, Morgan & Co., of the City of New York, Bankers, or their satisfactory successors, at least fifteen days before the same shall become due.

3. All taxes, assessments and other like charges laid or imposed upon the corporate property and franchises of said lessor companies, and of each of them, and upon the premises hereby demised, or any part thereof, or upon the revenues or earnings of the same during the term hereby created.

4. And also to said lessor companies the sum of twenty-five hundred dollars in each year of the term hereby created, together with such further sum as may be required for expenses of advertisement, publication of notices, making reports to the government, and other line matters required by law of said lessor companies or either of them.

Third. That the said lessee companies covenant and agree to and with said lessor companies, that they will at all times hereafter provide for the use of the said lessor companies at the City of St. Louis, in the State of Missouri, a proper and sufficient place for the principal office of said lessor companies, where meetings of their directors and stockholders may be held, their business transacted, and their records, books and documents safely kept, and also that the said lessee companies will pay the proper and necessary expenses of the fical agency of said lessor companies, as heretofore established, and also of maintaining a proper and suitable agency at the City of New York, at all times hereafter, for the transfer of shares of stock of said lessor companies, and also that they will by proper writings authorize, constitute and appoint suitable agents at the said City of New York, to endorse upon the certificates of stock of said lessor companies, at the request of the holders thereof, and

in their names and on their behalf, to execute a memorandum of the guarantee of dividends hereinbefore mentioned, substantially as follows:

In the case of the first preferred stock of said St. Louis Bridge Company:

For value received, the Wabash, St. Louis & Pacific Railway Company and the Missouri Pacific Railway Company, jointly and severally, guarantee to the holder hereof, the payment of dividends upon the stock represented by this certificate at the rate of five dollars a share in each year for the three years ending 1st January, 1885, and thereafter at the rate of six dollars a share. The first half-yearly installments to be paid 1st July, 1882. Such dividends to be paid half-yearly in the city of New York, on the first days of January and July in each year, in gold coin of the United States of America.

The Wabash, St. Louis & Pacific Railway Company
and The Missouri Pacific Railway Company,
By Their Agents.

And in the case of the second preferred stock of said St. Louis Bridge Company:

For value received, the Wabash, St. Louis & Pacific Railway Company and the Missouri Pacific Railway Company, jointly and severally, guarantee to the holder hereof, the payment of dividends upon the stock represented by this certificate, at the rate of three dollars a share in each year. The first half yearly installment to be paid 1st July, 1884. Such dividends to be paid half-yearly in this City of New York, on the first days of January and July in each year, in gold coin of the United States of America.

The Wabash, St. Louis & Pacific Railway Company
and the Missouri Pacific Railway Company,
By Their Agents.

And in the case of the stock of the Tunnel Railroad Company of St. Louis:

For value received, the Wabash, St. Louis and Pacific Railway Company and the Missouri Pacific Railway Company, jointly and severally, guarantee to the holder hereof, the payment of dividends upon the stock represented by this certificate, at the rate of six dollars per share in each year. The first half-yearly installment to be paid 1st January, 1882. Such dividends to be paid half-yearly in the City of New York, on the first days of January and July of each year, in gold coin of the United States of America.

The Wabash, St. Louis & Pacific Railway Company
and The Missouri Pacific Railway Company,
By Their Agents.

Fourth. That the said lessee companies shall and will maintain and keep the premises hereby demised and every part thereof in good condition, and at their own expense make all necessary repairs and renewals of the same, and operate and use the same for the purposes for which the said lessor companies hold the same, and shall and will indemnify and save harmless the said lessor companies of and from all claims from damages arising out of such operation or use, and shall and will take over all the assets and all the liabilities of said lessor companies and each of them, as the same shall exist on the said day of July, 1881.

Fifth. That in case of default by said companies in any of the matters or things herein contained or provided for, and the continuance of such default for sixty days, the said lessor companies shall have the right to enter upon all and singular the premises hereby demised and the same to repossess and enjoy in the same manner as if these presents had not been made.

Sixth. That the said lessor companies shall and will apply the said yearly sum of twenty-five hundred dollars to the payment of salaries of their necessary officers, and shall and will do all and singular such acts and things as may be necessary or required by law to maintain and renew or extend their respective corporate existence, the necessary expenses therof being paid by said lessee companies.

Seventh. That the said St. Louis Bridge Company shall and will procure all its $2,500,000 of common stock to be transferred to the Mercantile Trust Company of the City of New York, to be held by it in trust, with power and authority, so long as the said lessee companies shall perform their obligations under this lease, to vote by person or proxy upon said stock at any and all meetings, special or stated, of stockholders of said St. Louis Bridge Company, and upon any proposition submitted at such meeting, as shall be directed by the said lessee companies, not inconsistent with the preservation of this lease.

In Witness Whereof, The said parties have caused their respective corporate seals to be to these presents affixed and the same to be subscribed by their respective presidents and secretaries the day and year first above written.

Complainant's Exhibit No. 45.

Agreement between the Terminal Railroad Association of St. Louis, The St. Louis Bridge Company, The Tunnel Railroad of St. Louis, The Missouri Pacific Railway Company, and the Wabash Railroad Company, being the successors in interest of the Wabash, St. Louis and Pacific Railway Company, in the lease of the bridge and tunnel companies, dated July 1, 1881, hereinafter mentioned.

This indenture, made this first day of October, in the year eighteen hundred and eighty-nine, between the Terminal Railroad Association of St. Louis, as first party, and the St. Louis Bridge Company and the Tunnel Railroad of St. Louis, jointly, as second party, the Missouri Pacific Railway Company and the said Wabash Railroad Company, as third parties, bears witness:

Whereas, The first party is a railroad corporation, duly created and organized under the laws of Missouri by consolidation of the Union Railway and Transit Company of St. Louis and of the Terminal Railroad of St. Louis; and,

Whereas, The first party is also the owner of all the capital stock of the Union Railway and Transit Company of East St. Louis, also of the Terminal Railroad of East St. Louis; and,

Whereas, The properties of said Union Railway and Transit Companies of St. Louis and of East St. Louis were leased to said bridge and tunnel companies jointly under a certain indenture of lease bearing date the first day of January, 1879; and the properties of the Terminal Railroad of St. Louis and of East St. Louis were leased to said Bridge and Tunnel Companies under a certain indenture of lease bearing date of 3rd day of March, 1881; and,

Whereas, The properties of said Bridge and Tunnel Companies including the leasholds hereinbefore mentioned were leased to the said Missouri Pacific Railway Company and the said Wabash, St. Louis and Pacific Railway Company jointly under a certain indenture of lease bearing date July 1st, 1881; and,

Whereas, The first party has been created for the purpose of securing to the various railroad companies owning or operating railroads entering St. Louis or East St. Louis an efficient and economical method of interchanging passenger and freight traffic at the points named, and in pursuance of a plan of reorgani-

zation, said railroad companies have entered, or are about to enter, into an agreement providing for the use and enjoyment by them of the property of the party of the first part upon payment thereof, and according to such plan of reorganization it is intended that the leases heretofore made by the Union Railway and Transit Companies, also by the Terminal Railroads of St. Louis and East St. Louis, to the Bridge and Tunnel Companies, dated respectively January 1, 1879, and March 3, 1880, hereinbefore recited, may be canceled; also that the leases hereinbefore mentioned of the Bridge and Tunnel properties to the Missouri Pacific and Wabash Companies, may be assigned and transferred by the said Missouri Pacific Railway Company and by the said Wabash Railroad Company, successor in interest of the said Wabash, St. Louis and Pacific Railroad Company, to the first party; and,

Whereas, The properties of the said Union Railway and Transit Companies, also of said Terminal Railroads of St. Louis and East St. Louis, were originally acquired and were subsequently leased as aforesaid to the Bridge and Tunnel Companies in order that the same might be forever inseparably connected with and operated exclusively in connection with the properties of said Bridge and Tunnel Companies; and,

Whereas, It is desired and agreed by the parties hereto that said purpose and result may not be defeated, but, on the contrary, that the same may be strengthened and forever perpetuated; and,

Whereas, The first party, in order to provide necessary means with which to carry out said plan of reorganization and furnish proper facilities for the interchange of traffic at St. Louis and East St. Louis, proposes to issue and negotiate a series of 4½ per cent fifty-year (gold) bonds, amounting in the aggregate to $7,000,000, and to secure the same by a mortgage or deed of trust covering all the estate, real and personal, acquired and to be acquired, also the franchises and income of said first party;

Therefore, It is agreed between the parties as follows:

First. In consideration of the premises and of one dollar to it, in hand paid, the receipt whereof is hereby acknowledged, the said party of the second part, and the said parties of the third part, shall and will on demand cancel and deliver to the first party the several indentures of lease hereinbefore mentiond, dated respectively January 1, 1879, and March 3, 1880, whereby the properties of the Union Railway and Transit Companies, also the Terminal Railroads of St. Louis and East St. Louis, were leased to the Bridge and Tunnel Companies.

Second. In consideration whereof the first party hereby agrees for itself, its successors and assigns, that upon the assignment and transfer as aforesaid to the first party of the said lease dated July, 1881, of the Bridge and Tunnel Companies to the Missouri Pacific and Wabash Companies, the first party hereto shall and will punctually and fully perform and pay without diminution or charge, each and every the covenants and payments stipulated in said lease to be performed and paid by the lessees therein named, and in all respects to be bound by and perform the conditions of said lease as if the first party hereto had been originally named as lessee in said lease; also that the several payments of principal and interest on bonds and of dividends on stock which are payable as rental under said lease shall become, and the same are hereby declared to be, a first charge and lien upon all the income of the first party hereto, and the payment of said rental to said Bridge and Tunnel Companies shall have precedence over any and all other payments, rentals or otherwise, except interest on said 4½ per cent bonds, which said party of the first part may incur in connection with said reorganization.

The said party of the first part further agrees when the certificates for the first and second preferred stock of the St. Louis Bridge Company, and for the stock of the Tunnel Railroad of St. Louis are surrendered

for transfer into new certificates, that it will endorse thereon a guarantee of dividends the same as by said lease of July 1, 1881, it is provided, shall be endorsed thereon by Wabash, St. Louis and Pacific Railway Company and Missouri Pacific Railway Company. And said party of the first part covenants, promises and agrees to and with the several persons and parties who shall receive and at any time thereafter hold such new certificates bearing its guaranty, that at no time hereafter shall any alteration or modification be made of the terms of said agreement between it and said railroad companies, whereby the payment to be made by said railroad companies for the use and enjoyment by them of its property shall be reduced or diminished below what shall be necessary for the prompt payment of said dividends so guaranteed by it; and that upon default in payment of any of said dividends said persons and parties being holders of certificates bearing said guaranty of said party of the first part, shall at once be and become entitled to enforce either in its or their own names and by appropriate procedings at law or in equity or otherwise, any and all liability of said railroad companies, or either of them, to said party of the first part under said agreement, and all amounts at the time payable under said agreement or thereafter becoming due under its terms to said party of the first part shall be and become appropriated for the satisfaction of any such dividends remaining unpaid.

And the said party of the second part, in consideration of the premises and of the assumption by the party of the first part hereto, of all the covenants and liabilities of the Missouri Pacific Railway Company, and of the Wabash, St. Louis and Pacific Railway Company, and its successors in interest, as aforesaid, in and under lease dated July 1, 1881, doth hereby consent to the assignment and transfer to said party of the first part of the said lease of the properties of said parties of the second part, being dated July 1, 1881, and so far as they lawfully can do hereby release said parties of the third part from all future personal or individual liability as such lessees on any and all covenants therein contained.

Third. The first party also further agrees that in case the first party, its successors and assigns, shall ever become and be in default for a period of sixty days in the payment of interest upon any of the outstanding bonds of said $7,000,000 issue (or any bonds issued in renewal or substitution thereof) so that there may be danger of foreclosure of mortgage and sale of said terminal properties, said first party shall and will, on demand, execute and deliver to the second party a perpetual lease, and will thereupon, on demand, surrender to the second party immediate possession of all the properties of the first party which may be embraced in said mortgage or deed of trust, in consideration that the second party shall and will pay the interest accrued and to accrue on said 4½ per cent fifty year bonds, or any of them that may be outstanding, and shall and will further provide for the payment or extension and final payment of the principal of said bonds when the same shall become due, together with accruing interest on said bonds that may be so extended.

And the St. Louis Bridge Company, one of the parties hereto of the second part, for itself, its successors and assigns, agrees that whenever the first mortgage bonds of the St. Louis Bridge Company, of the series amounting to $5,000,000, secured by its mortgage to J. C. Rogers and C. E. Tracy, dated the first day of April, 1879, shall mature or become due and payable, it will, for the purpose of providing for the taking up or the payment of the principal of the said bonds and on request of the party of the first part hereto, from time to time, make issue and deliver such other mortgages and bonds of the same amount, bearing such rate of interest not exceeding 7 per cent per annum, and payable at such time and secured by the same property as is embraced in the mortgage to secure the bonds so to be taken up or paid, as may be deemed desirable by the party of the first part; but this provision shall not be construed to release the party of the first part from its obligation to pay or to provide for the payment of the said bonds secured by the said mortgage of April 1, 1879.

Fourth. The said party of the first part further agrees that the 4½ per cent fifty year bonds to be issued by it and the mortgage securing the same, shall contain provisions adequate and sufficient for the preservation and exercise of the rights hereinabove preserved and granted to said parties of the second part, and that the same shall in all respects be subject to the terms and conditions of these presents.

In testimony Whereof, The parties have caused this agreement to be executed as of the day and year hereinbefore first written.

Complainant's Exhibit No. 46 is in words and figures following, to-wit:

AGREEMENT

For Re-organization of St. Louis Terminals.

This Agreement, Made this first day of October, in the year eighteen hundred and eighty-nine, between Jay Gould, of the City and State of New York, as first party, and the Missouri Pacific Railway Company, the St. Louis, Iron Mountain and Southern Railway Company, The Wabash Railroad Company, the Terre Haute and Indianapolis Railroad Company, the St. Louis, Vandalia and Terre Haute Railroad Company

(as one Company), the Cleveland, Cincinnati, Chicago and St. Louis Railroad Company, the Ohio and Mississippi Railway Company, and the Louisville and Nashville Railroad Company, as second party, (said several companies each covenanting for itself alone and not for the other):

Bears witness:

Whereas, The companies composing the second party each owns or operates a railroad ending in East St. Louis, Illinois, or in St. Louis, Missouri, and each of said companies is interested in securing an efficient and economical system of handling freight and passenger traffic at the places named, including transfer over the river and through the tunnel; and,

Whereas, The present terminal facilities at the places named are owned by the Union Depot Company, of St. Louis, the Union Railway and Transit Company of St. Louis, the Union Railway and Transit Company of East St. Louis, the Terminal Railroad of St. Louis and the Terminal Railroad of East St. Louis; and,

Whereas, The property of the Union Depot Company of St. Louis is being used by the railroad companies, parties of the second part, for their passenger business; and,

Whereas, The properties of the Union Railway and Transit Company of St. Louis and of East St. Louis; also of the Terminal Railroad St. Louis and of East St. Louis, have been leased to the Bridge and Tunnel Companies under certain indentures of lease, bearing date respectively January 1st, 1879, and March 3rd, 1880.

Whereas, The properties of the Bridge and Tunnel Companies, including leaseholds hereinbefore mentioned, were leased to the Missouri Pacific Railway Company and the Wabash, St. Louis and Pacific Railway Company under an indenture of lease bearing date of July 1st, 1881 (the Missouri Pacific Railway Company having a right under a supplemental agree-

ment between that company and the Wabash, St. Louis and Pacific Railway Company to succeed to the rights of the last named company under said last named indenture of lease upon the terms and conditions set forth in said supplemental agreement); and,

Whereas, The several companies composing the second party desire to obtain control of the properties belonging to the Bridge and Tunnel and Union Depot Companies; also to the Transit and Terminal Companies of St. Louis and of East St. Louis, for the purpose of enlarging and making more perfect the system of receiving, transferring and interchanging passenger and freight traffic at St. Louis and East St. Louis; and,

Whereas, The first party controls the corporate action of the Union Depot Company, of the Union Railway and Transit Company and the Terminal Railroad of St. Louis; also of the Union Railway and Transit Company and of the Terminal Railroad of East St. Louis, and is willing to exercise said corporate control in furtherance of said plan for securing an efficient and economical system of handling freight and passenger traffic at the places named upon the terms and conditions hereinafter stated.

Now, therefore, it is agreed between the parties as follows:

First.—The first party will cause the Union Railway and Transit Company of St. Louis and the Terminal Railroad of St. Louis to become consolidated in one railroad corporation under the laws of Missouri to be known as "The Terminal Railroad Association of St. Louis."

Second.—He will, by proper action under the laws of Missouri, obtain authority to increase the capital stock of the consolidated company to an amount sufficient to authorize the consolidated company to issue seven million dollars of fifty-year 4½ per cent bonds.

Third.—He will cause the consolidated company to purchase the entire property of the Union Depot Company of St. Louis, also the real estate which has here-

tofore been used in connection with the Union Depot property in St. Louis (belonging to the said Jay Gould), also the entire capital stock of the Union Railway and Transit Company of East St. Louis and of the Terminal Railroad of East St. Louis.

Fourth.—He will also cause the consolidated company to procure an assignment and transfer to itself of the present lease of the Bridge and Tunnel properties which was made to the Missouri Pacific and Wabash Companies, including herein the rights in respect to the common stock of the Bridge Company which was vested in the Missouri Pacific and Wabash Companies in the lease of the Bridge & Tunnel Companies to said last named companies.

Fifth.—He will pay for the properties, capital stock, leaseholds, rights, etc., to be obtained by purchase or assignment as aforesaid, five million dollars in 4½ per cent bonds of the Terminal Railroad Association of St. Louis; said bonds to be of a total issue of seven millions fifty-year 4½ per cent gold bonds of the present standard of weight and fineness, which are to be issued by the Terminal Railroad Association of St. Louis, the remaining two million dollars of said bonds to be held for further uses of the Association in purchasing additional real estate and constructing additional passenger and freight terminal facilities in St. Louis and East St. Louis. Said bonds are to be secured by a mortgage or deed of trust of said Terminal Association covering all estates, real and personal, rights and franchises acquired and to be acquired by said Association.

Sixth.—He will cause the capital stock of the Terminal Railroad Association of St. Louis, to the extent of about fifteen hundred thousand dollars to be issued, and certificate or certificates therefor delivered to Wm. Taussig in trust, one-seventh of the stock so issued and delivered to be assigned and transferred to each of the companies composing the second party to this agreement; (except that but one certificate representing one of said seven parts shall be issued to the Terre Haute & Indianapolis R. R. Co., and the St.

Louis, Vandalia & Terre Haute R. R. jointly), whenever and as soon as such company shall have executed and delivered to said Wm. Taussig, trustee, a written agreement with said Terminal Railroad Association of St. Louis, relating to the use of said terminal facilities in St. Louis and East St. Louis, a copy of which agreement is hereto annexed and made part of this agreement, marked Exhibit A. Provided, that the right of any company or companies above named as composing the second party hereto to receive said capital stock, and be admitted to a joint use of said terminal facilities, shall expire on December 31, 1889, at which time said Taussig, trustee, shall return all stock so held by him in trust to said Terminal Railroad Association of St. Louis, the same thereafter to be held for the uses and purposes of said Association as if the same had never been issued; and it being the intention of the parties that the ownership of the stock referred to in this paragraph shall be forever associated inseparably with the several railroads terminating in St. Louis and East St. Louis as aforesaid, and shall never become the property of any person or corporation whatsoever, except the person or corporation which may, for the time being, be the owner of such railroad; it is agreed that said certificates of stocks shall be issued in such form and tenor in respect to ownership ond transferability as will secure perpetually the intention of the parties as herein expressed in relation thereto.

Seventh.—As fast as the several companies composing the second party hereto shall have executed said agreement, "Exhibit A," the company so signing shall designate an officer or agent of said company to be its representative director in said Terminal Railroad Association of St. Louis; and thereupon the first party will cause a vacancy to be made in the Board of Directors of said Terminal Railroad Association of St. Louis, as the same may have been theretofore created, and the vacancy so created to be filled by the appointment of such representative director, to the end that each company party hereto, signing said agreement as

aforesaid, may then and forever after have a representative director in the Board of Directors of said Terminal Railroad Association of St. Louis.

Eighth.—When the Board of Directors of said Terminal Railroad Association of St. Louis shall have been reconstructed and reorganized as contemplated in the last preceding article, or as soon thereafter as may be convenient, they shall take steps to acquire such additional real estate as may be necessary to construct or reconstruct such new or additional passenger stations, freight stations, side tracks, switches, turnouts and other facilities as may be necessary to enable the business of all railroads using said terminals to be properly transacted, and shall pay for the same to the extent that may be necessary with the remaining Two-Million 4½ per cent bonds hereinbefore provided for.

Ninth.—Each of the companies composing the second party hereto shall furnish proper certified copies of the corporate action taken by such companies respectively, authorizing the execution of said agreement relating to the use of said terminal facilities.

It is understood and agreed that the first party, in hereby agreeing to cause certain corporate action to be taken, in nowise whatsoever makes himself personally liable therefor; it being the true intent hereof that he shall merely exert his influence in causing such corporate action to be taken as is herein specified.

Tenth.—Inasmuch as the plan of reorganization of St. Louis Terminals as herein contemplated cannot be carried out in all respects, except with the consent of the Bridge & Tunnel Companies, and inasmuch as the present properties of the Union Railway & Transit Companies of St. Louis and of East St. Louis, also of the Terminal Railroads of St. Louis and of East St. Louis were, by the several leases of the same to the Bridge & Tunnel Companies hereinbefore mentioned to be forever deemed, held and controlled as an inseparable adjunct to the Bridge & Tunnel properties to be forever operated in connection therewith, and inasmuch as said Bridge & Tunnel Companies demand, in consideration of their cancellation of the leases of

said Transit & Terminal properties as herein contemplated and of the assignment of the lease, dated July 1, 1881, of the Bridge & Tunnel properties by the Missouri Pacific Company and by the successor in interest of the Wabash, St. Louis & Pacific Railway Company (original co-lessee with the Missouri Pacific Railway Company) to the Terminal Railroad Association of St. Louis, that said Terminal Railroad Association of St. Louis shall, prior to the execution and delivery of the fifty-year 4½ per cent mortgage hereinbefore referred to, enter into a written agreement with said Bridge & Tunnel Companies jointly to the effect that the payments due as rental to the Bridge & Tunnel Companies jointly under the lease of the same to the Missouri Pacific and Wabash Companies shall have precedence over any and all other payments, rentals or otherwise, except interest on the 4½ per cent bonds, which said Terminal Railroad Association of St. Louis may incur in connection with the reorganization herein contemplated; also to the further effect that in case said Terminal Railroad Association shall at any time become and be in default in the payment of such rentals or of the interest on any of the outstanding 4½ per cent bonds of the fifty-year issue hereinbefore referred to, then and in such event said Terminal Railroad Association will on the demand of said Bridge & Tunnel Companies jointly, retire peaceably from and surrender possession of the Bridge & Tunnel properties, and will also execute and deliver to said Bridge & Tunnel Companies jointly a perpetual lease of all the property of said Terminal Railroad Association of St. Louis on condition that said Bridge & Tunnel Companies shall pay interest accrued and to accrue on the bonds of said Terminal Railroad Association, and provide for the payment or extension of the principal of said bonds when the same shall become due.

Therefore it is agreed that said Terminal Railroad Association may and shall, in advance of the execution and delivery of the mortgage hereinbefore mentioned, execute and interchange with said Bridge & Tunnel Companies the agreement referred to in the foregoing

paragraph, and said Terminal Railroad Association may and shall cause to be inserted in said bond and mortgage a suitable provision whereby the rights of said Bridge & Tunnel Companies as herein intended to be provided for shall be fully and unmistakably preserved as against the holders of said bonds or any of them. A copy of said agreement being hereto annexed and marked Exhibit "B."

Eleventh.—And it is further agreed that said Terminal Railroad Association of St. Louis may and shall, upon the assignment and transfer to it of said lease of said Bridge & Tunnel properties to said Missouri Pacific and Wabash Railway Companies, as herein contemplated, enter into such written agreement or agreements as shall be advised by counsel, whereby said Terminal Railroad Association of St. Louis shall assume the performance of all obligations devolved upon the lessees in said lease, and forever protect and indemnify the Missouri Pacific and Wabash Railway Companies against any and all further liability under the same, and thereupon the rights of said Missouri Pacific and Wabash Railway Companies in and to the common stock of the Bridge Company, as declared and existing under said lease, shall forthwith be transferred to and become vested in said Terminal Railroad Association of St. Louis.

In Testimony Whereof, The parties have caused this agreement to be executed as of the day and year hereinbefore first written.

EXHIBIT "A."

Agreement Between the Terminal Railroad Association of St. Louis and the Several Proprietary Companies.

This agreement, made this first day of October, in the year eighteen hundred and eighty-nine between the Terminal Railroad Association of St. Louis, as first party, and the Missouri Pacific Railway Company, the St. Louis, Iron Mountain & Southern Railway Company, Wabash Railroad Company, the Terre Haute & Indianapolis Railroad and the St. Louis, Vandalia & Terre Haute Railroad Companies (representing one interest, Vandalia line), the Ohio & Mississippi Railway Company, the Cleveland, Cincinnati, Chicago and St. Louis Railroad Company, and the Louisville & Nashville Railroad Company as second party (said companies being hereinafter designated as "proprietary" companies, and each covenanting for itself alone and for no other company whatever),

Bears witness:

Whereas, The first party has, at the instance and request of the several proprietary companies obtained, by purchase, lease, assignment of lease and otherwise, the properties heretofore belonging to the Union Railway & Transit Company of St. Louis and of East St.

Louis; also to the Terminal Railroad of St. Louis; and East St. Louis; also to the Union Depot Company of St. Louis; also to the St. Louis Bridge Company and the Tunnel Railroad of St. Louis, to the end that said properties may be held in perpetuity as a unit, and developed and improved in the interest of the proprietary companies for the purpose of furnishing adequate terminal facilities in St. Louis and East St. Louis; and,

Whereas, The several proprietary companies do now wish to secure in proper form and in perpetuity a right to use said terminal properties of the first party now held and hereafter to be acquired.

Therefore, It is agreed between the parties as follows:

I.—In consideration of the covenants and payments hereinafter stipulated to be performed and paid by the proprietary companies, severally but not jointly, the first party hereby grants to each of the proprietary companies, its successors and assigns forever, a right of joint use with each other and with such other companies as may be admitted as proprietary lines to joint use thereof, of all said terminal properties of the first party now held or that may be hereafter acquired in St. Louis, Missouri, and East St. Louis, Illinois, including herein the St. Louis Bridge and Tunnel for passenger and freight, express and mail business, and for interchange of the same between each other and with the public, it being understood that the right herein granted to each proprietary company is not transferable to any extent whatever, but is to remain as an appurtenant to the railroad now owned by each proprietary company.

II.—The first party agrees to procure, as soon as practicable, additional real estate and construct thereon, at the place or places where the same shall be found most expedient, a new union passenger station, also freight station or stations, additional main and side tracks, switches and turnouts, wherever the same may be necessary, suitable in size and location and manner

of construction, also to perform promptly and efficiently the work of receiving, delivering and transferring all passenger and freight traffic of the several proprietary companies at St. Louis and East St. Louis and of other railroad companies which may be hereafter, under the terms of this agreement, admitted to a joint use of said terminal properties. And the right of joint use of such additional structures and improvements whenever the same shall be acquired by the first party is hereby granted in perpetuity to the several proprietary companies, the same as in respect to properties now in possession and hereinbefore fully described.

III.—In consideration of the foregoing each of the proprietary companies, for itself only and not for others, accepts the right of joint use hereinbefore granted by the first party and hereby covenants and agrees that it will forever make use of the bridge and terminal properties of the first party, as above described, for all passenger and freight traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis, and pay therefor as herein provided.

IV.—The directors of the first party shall be eight in number, the same to consist of one representative from each proprietary company, which number may be increased if new proprietary lines are admitted. And there shall be an additional representative at large to be chosen by all the proprietary companies, such representative shall be appointed President of the Board of Directors.

The Board of Directors shall prescribe all rules and regulations in respect to the use, control and operation of said terminal system and every part thereof. They shall, through their Executive Committee, appoint all officers, agents, chiefs of departments, prescribing their duties, and they shall organize the service in the way most conducive to the best interests of the Association and the public. They shall, from among their number, appoint an Executive Committee of three, who shall serve for one year, or until their suc-

cessors are elected, which committee shall have such power as the Board may delegate to them in the by-laws.

V.—It is agreed that such rates of toll or charges for the use of the bridge, depots, and other properties of said terminal system shall, subject to provision of Article 13, be fixed from time to time by the first party as will produce a sum sufficient each year to pay the following, which sums the said proprietary companies, each for itself and for its proportion or amount, hereby agrees to pay, viz.:

1. Rental due to the Bridge and Tunnel Companies under the lease heretofore described, as follows:

Interest on Bridge Bonds	$350,000
Dividend on Bridge Company first preferred stock	149,400
Dividend on Bridge Company second preferred stock	90,000
Dividend on Tunnel Railroad Capital stock	75,000
To maintain corporate organization of Bridge and Tunnel Companies	2,500

2. Interest on all outstanding 4½ per cent bonds of the first party.

3. Dividends on such bonds or preferred stock, not now contemplated, but that may become necessary to be issued hereafter for the purpose of future extensions and betterments to the property of the first party.

4. All taxes and assessments, premiums of insurance, rentals on leaseholds and expenses of every kind incurred in the maintenance, operation, repair and renewal of said terminal system and every part thereof.

5. A sum of money, not exceeding two thousand dollars in any one year, to pay whatever expenses may be legitimately incurred in maintaining the corporate organization of the first party, and of any other company or companies whose creation and organization may become necessary in order to fully accomplish the object desired in the reorganization of said terminal system.

VI. As the current revenue derived from the tolls and rentals are to be applied toward meeting the fixed charges and expenses of operation and maintenance, above specified, and it being the intention that the Executive Committee shall always regulate said tolls, charges and rentals, so as to meet the fixed charges, interest and operating expenses, it is understood that no call shall be made upon the proprietary lines to contribute toward the payment of any such charges and expenses unless by reason of extraordinary decrease of traffic or other temporary unforseen circumstances there should not be in the treasury, at the time of the maturing of any of the coupons of the Bridge and Tunnel rentals, a sum sufficient to met the same promptly on the day when due.

In such case, and upon a resolution of the Board of Directors certifying to such a deficiency, each proprietary line shall be assessed for its proportion of such deficiency, based upon the number of proprietary companies using said depot, and drafts from the Treasurer of the first party (which drafts shall be made payable fifteen days after sight), to the amount of said assessment shall be made upon each of said proprietary lines for its said proportion, which drafts shall be promptly paid, and thereafter the tolls shall be so adjusted as to yield revenue sufficient to reimburse the companies which have made such advances with interest thereon.

VII. In order that the expenses incident to the maintenance and operation of said terminal system may be distributed as equitably as possible, so as to have each class of traffic bear its proper proportion, the system shall be divided into three departments: The Union Depot Passenger Department, Bridge and Tunnel Transportation Department (which shall also comprise the upper or wagon roadway), and the General Freight Department. The Union Depot Passenger Department shall comprise the passenger station and buildings, the sheds, storage yards, and all the grounds and tracks designated for and occupied by passenger coaches running into and out of said depot. The Bridge and Tunnel Department shall comprise the

movement and transportation of all freight and passenger traffic across the bridge and through the tunnel, the supervision and taking care of engines and rolling stock, roadbed, structures, machinery, interlocking and signal apparatus, shops and buildings, and also the supervision and government of the upper or wagon roadway traffic. The General Freight Department shall comprise the freight yards, warehouses, stations, offices and bureaus in St. Louis and East St. Louis, the receiving, delivering and forwarding of freight, the billing thereof, and the collection of all transfer and and other charges thereon. All other subdepartments shall, under the direction of the Board of Directors, be sub-ordinated to one of these chief departments. The Board shall appoint one Superintendent for each of these departments, and there shall be one General Superintendent or General Manager, under whose supervision the entire system shall be managed.

VIII. For the purpose of securing a proper division of accounts between the passenger and freight service, the Board of Directors of the first party shall, from time to time, establish and declare the territory, tracks, yards, buildings and stations for the maintenance and operating expense of which the passenger traffic shall be chargeable, and shall also declare and determine the proportion of the fixed charges assumed by the party of the first part, which, in addition to the expense of operation and maintenance, shall be borne by the railroads using said passenger depot department. Such expenses and fixed charges shall be apportioned on a wheelage basis, and with such modifications as the Board may, from time to time, prescribe. For the proportion of each company using the passenger depot, drafts shall be made on the 15th day of each month, for the proportion of expense and the pro rata of fixed charges accrued during the previous month. Delinquents shall be dealt with as the Board of Directors may prescribe.

The balance of the fixed charges shall be defrayed out of the net earnings derived from the tolls and revenues of the bridge and tunnel and from all the various

sources appertaining to it. The freight tolls shall cover the handling of freight billed to East St. Louis, and turned over to the bridge for St. Louis delivery and all track deliveries, but should stations be established in St. Louis for local, and in East St. Louis for through freight, to which stations the several lines bill direct, the expenses of such stations, including interest on the cost thereof, shall be paid by the roads using them, on a tonnage basis.

IX. No additions or betterments whatever shall be made to said terminal system which will require the issue of stock, or bonds, or contributions from proprietary companies using said terminal system otherwise than is hereinbefore provided for, except with the consent of three-fourths of the directors of the first party.

X. In case of the partial or total destruction by fire or other cause of any part of said terminal system, the same shall be rebuilt or replaced under the direction of the first party, and the cost thereof in excess of insurance money that may be received shall be borne by the proprietary companies using said terminal system on the basis herein prescribed for the several systems respectively, the same to be computed during the period of one year next preceeding the casualty resulting in such destruction, or at the option of the Board of Directors the necessary funds for such rebuilding or replacement shall be obtained by the issue of additional securities of said Terminal Association.

XI. All claims for damages growing out of injury or loss to person or property while on any part of the terminal system, and caused partially or wholly by any employe of the first party shall be paid by the first party and charged to the account of maintenance and operation of the terminal system, But if such injury or loss shall be caused exculsively by an employe, or through the fault of one or more of the companies using said terminal system, claims arising thereon shall be paid by the company which causes such injury or loss.

XII. The General Managers or other chief officers of the companies using the passenger depot, in conjunction with the Superintendent thereof, shall establish the time for departure and arrival of their respective trains, and each company shall receive equal and impartial privileges in the use of said terminal system.

XIII. If either company using said terminal system, or any part thereof, shall at any time make default in the payment of either of the payments herein stipulated by it to be paid, or in the performance of any obligation herein stipulated to be performed by it, and such default shall continue for the space of thirty days after notice and request to pay or perform, in that event at the option of the first party, but not otherwise, all rights of such party in default to the use and enjoyment of any part of said terminal system, whether by virtue of this agreement or otherwise, shall at once cease and determine; and such defaulting company shall and will surrender and yield to the party or parties not in default undisturbed and peaceable possession of said entire terminal system and every part thereof, and in the event of either of the said companies retiring from said premises in default as aforesaid or otherwise, it is agreed that the company or companies remaining in occupancy of said terminal system will pay, in the manner provided in paragraph VI, its proportion of the deficiency arising out of such default; but such defaulting party shall, notwithstanding such re-entry, still be liable in damages to the said party of the first part, and to each of said proprietary lines for all damages sustained by reason of its default; provided, however, that the total gross sum which any one of the proprietary companies parties hereto shall be called upon to pay as provided in sectionVI, in any one year toward making up any deficit in the net earning, to meet the fixed charges shall not in any one year exceed one-seventh of one million dollars, which last named sum is in excess of the entire fixed charges assumed under this agreement, and provided further, that the tolls to be levied on traffic as contemplated in

this agreement shall at no time be so great as to place any proprietary company using said terminals at a disadvantage in respect to its traffic that be in competition with that of other lines.

XIV. The first party agrees that it will cause the corporate existence of the Union Depot Company and of the Union Railway and Transit Company of East St. Louis and of the Terminal Railroad of East St. Louis, to be maintained in case counsel shall deem the same necessary, and that each of said companies shall exercise its franchises solely for the benefit of the first party. All of the capital stock of these companies as purchased by the first party shall express on the face of the certificates thereof that it is the property of said first party, and that it is not to be alienated from its owner, except that portions of it may be transferred to individuals to qualify them as directors and inspectors of elections under the law; but such stock so issued shall express upon its face that it is transferrable only back to the company.

XV. All subordinate officers, agents and employes engaged in the operation of the terminal system, or any part thereof (not including herein the general officers), shall be subject to removal on request in writing of either of the companies using the same, made to the Executive Committee and for good cause shown.

XVI. Neither the first party nor any of its officers, agents or employes shall, in the operation of said terminal system, discriminate in any manner whatever in favor of any company in respect to the use of the same or any part thereof, or in respect to the transfer or handling of cars, and each of said companies shall in all respects have equal facilities and accommodations with all other companies now or hereafter using said terminal system, except as to the special stations assigned to special lines, as provided in paragraph VIII.

XVII. Neither party hereto shall sell, assign, transfer or underlet the rights and privileges hereby granted, or any of them, to any other company or com-

panies without the unanimous consent of the Board of Directors of the first party.

XVIII. If at any time a difference of opinion shall exist in respect to the rights or duties of any company using the terminal system under this agreement, or under the rules which may be adopted or terms and conditions which may be prescribed by the Board of Directors, the question in dispute shall be referred to a Board of Arbitrators, consisting of three competent disinterested persons, one of whom shall be chosen by the party making complaint, and the other by the President of the first party, and the two so chosen shall select a third. The party desiring such arbitration shall give written notice of the same to the President of the first party, setting forth definitely the point or points in dispute, and name the person selected by such party to act as arbitrator. In the event that the party on whom such notice shall be served shall not, within fifteen days of said service, name a second disinterested person to act as arbitrator, the party giving such notice shall select a second, and the two thus chosen shall select a third. The Board of Arbitrators thus chosen shall proceed at once to hear, consider and determine the matters submitted to them, and shall proceed to give the party at least ten day's notice of the time and place of hearing, and at the time and place appointed shall proceed with the hearing, unless for good cause, of which the arbitrators shall be the judges, the same shall be postponed until some later day or days, and the decision of the arbitrators or a majority of them to be made in writing, and a copy thereof to be delivered to each of the parties to the dispute shall be final and conclusive upon the parties in reference to the matter so submitted.

XIX. This agreement may be executed in counterparts, and any railroad company not named as second party hereto, may be admitted to joint use of said terminal system on unanimous consent, but not otherwise, of the directors of the first party, and on payment of such a consideration as they may determine, and on signing this agrement or any counterpart thereof

thereby indicating its rights and duties in respect to use of said terminal system to be the same and none other than the said proprietary companies named as second party hereto.

In Testimony Whereof, The parties have caused this agreement to be executed as of the day and year first above written.

On this, the 21st day of December, 1889, before me appeared William Taussig, to me personally known, who, being by me duly sworn, did say that he is the President of the Terminal Railroad Association of St. Louis, and that the seal affixed to said instrument is the corporate seal of said corporation, and that said instrument was signed and sealed in behalf of said corporation by authority of its Board of Directors, and said William Taussig acknowledged said instrument to be the free act and deed of said corporation.

In witness whereof I have hereunto set my hand and affixed my official seal at my office in said City of St. Louis the day and year first above written.

My term expires June 28th, 1893.

Notary Public, Hamilton County, Ohio.

EXHIBIT "B."

Agreement Between the Terminal Railroad Association of St. Louis, the St. Louis Bridge Company, the Tunnel Railroad of St. Louis, the Missouri Pacific Railway Company and the Wabash Railroad Company, being the successor in interest of the Wabash, St. Louis and Pacific Railway Company, in the Lease of the Bridge and Tunnel Companies, dated July 1, 1881, hereinafter mentioned.

This Indenture, made this first day of October, in the year eighteen hundred and eighty-nine, between the Ter-

minal Railroad Association of St. Louis, as first party, and the St. Bridge Company and the Tunnel Railroad of St. Louis, jointly, as second party, the Missouri Pacific Railway Company and the said Wabash Railroad Company, as third party.

Bears Witness:

Whereas, The first party is a railroad corporation duly created and organized under the laws of Missouri by consolidation of the Union Railway and Transit Company of St. Louis and of the Terminal Railroad of St. Louis; and,

Whereas, The first party is also the owner of all the capital stock of the Union Railway and Transit Company of East St. Louis, also of the Terminal Railroad of East St. Louis; and,

Whereas, The properties of said Union Railway and Transit Companies of St. Louis and of East St. Louis were leased to said Bridge and Tunnel Companies jointly under a certain indenture of lease bearing date the 1st day of January, 1879; and the proprieties of the Terminal Railroad of St. Louis and of East St. Louis were leased to said Bridge and Tunnel Companies under a certain indenture of lease bearing date the 3d day of March, 1880; and,

Whereas, The properties of said Bridge and Tunnel Companies including the leaseholds hereinbefore mentioned, were leased to the said Missouri Pacific Railway Company and the said Wabash, St. Louis and Pacific Railway Company jointly under a certain indenture of lease bearing date July 1st, 1881; and,

Whereas, The first party has been created for the purpose of securing to the various railroad companies owning or operating railroads entering St. Louis or East St. Louis an efficient and economical method of interchanging passenger and freight traffic at the points named, and in pursuance of a plan of re-organization, said railroad companies have entered, or are about to

enter, into an agreement providing for the use and enjoyment by them of the property of the party of the first part upon payment thereof, and according to such plan of re-organization it is intended that the leases heretofore made by the Union Railway and Transit Companies, also by the Terminal Railroads of St. Louis and of East St. Louis, to the Bridge and Tunnel Companies, dated respectively January 1, 1879, and March 3, 1880, hereinbefore recited, may be cancelled; also that the leases hereinbefore mentioned of the Bridge and Tunnel properties to the Missouri Pacific and Wabash Companies, may be assigned and transferred by the said Missouri Pacific Railway Company and by the said Wabash Railroad Company, successor in interest of the said Wabash, St. Louis and Pacific Railway Company, to the first party; and,

Whereas, The properties of said Union Railway and Transit Companies, also of said Terminal Railroad of St. Louis and of East St. Louis, were originally acquired and were subsequently leased as aforesaid to the Bridge and Tunnel Companies in order that the same might be forever inseparably connected with and operated exclusively in connection with the properties of said Bridge and Tunnel Companies; and,

Whereas, It is desired and agreed by the parties hereto that said purpose and result may not be defeated, but, on the contrary, that the same may be strengthened and forever perpetuated; and,

Whereas, The first party, in order to provide necessary means with which to carry out said plan of reorganization and furnish proper facilities for the interchange of traffic at St. Louis and East St. Louis, proposes to issue and negotiate a series of 4½ per cent fifty-year (gold) bonds, amounting in the aggregate to $7,000,000, and to secure the same by a mortgage or deed of trust covering all the estates, real and personal, acquired and to be acquired, also the franchises and income of said first party;

Therefore, it is agreed between the parties as follows:

First—In consideration of the premises and of one dollar to it, in hand paid, the receipt whereof is hereby acknowledged, the said party of the second part and the said parties of the third part shall and will on demand cancel and deliver to the first party the several indentures of lease hereinbefore mentioned, dated respectively January 1, 1879, and March 3, 1880, whereby the properties of the Union Railway and Transit Companies, also the Terminal Railroads of St. Louis and of East St. Louis, were leased to the Bridge and Tunnel Companies.

Second—In consideration whereof the first party hereby agrees for itself, its successors and assigns, that upon the assignment and transfer as aforesaid to the first party of the said lease dated July 1, 1881, of the Bridge and Tunnel Companies to the Missouri Pacific and Wabash Companies, the first party hereto shall and will punctually and fully perform and pay without diminution or charge, each and every the covenants and payments stipulated in said lease to be performed and paid by the lessees therein named, and in all respects to be bound by and perform the conditions of said lease as if the first party hereto had been originally named as lessee in said lease; also that the several payments of principal and interest on bonds and of dividends on stock which are payable as rental under said lease shall become, and the same are hereby declared to be, a first charge and lien upon all the income of the first party thereto, and the payment of said rental to said Bridge and Tunnel Companies shall have precedence over any and all other payments, rentals or otherwise, except interest on the said 4½ per cent bonds, which said party of the first part may incur in connection with said reorganization.

The said party of the first part further agrees when the certificates for the first and second preferred stock of the St. Louis Bridge Company, and for the stock of the Tunnel Railroad of St. Louis are surrendered for transfer into new certificates, that it will endorse there-

on a guarantee of dividends the same as by said lease of July 1, 1881, it is provided, shall be endorsed thereon by Wabash, St. Louis & Pacific Railway Company and Missouri Pacific Railway Company. And said party of the first part covenants, promises and agrees to and with the several persons and parties who shall receive and at any time hereafter hold such new certificates bearing its guaranty, that at no time hereafter shall any alteration or modification be made of the terms of said agreement between it and said railroad companies, whereby the payment to be made by said railroad companies for the use and enjoyment by them of its property shall be reduced or diminished below what shall be necessary for the prompt payment of said dividends so guaranteed by it; and that upon default in payment of any of said dividends, said persons and parties being holders of certificates bearing said guaranty of said party of the first part, shall at once be and become entitled to enforce either in its or their own names, and by appropriate proceedings at law or in equity or otherwise, any and all liability of said railroad companies, or of either of them, to said party of the first part under said agreement, and all amounts at the time payable under said agreement, or thereafter becoming due under its terms to said party of the first part shall be and become appropriated for the satisfaction of any such dividends remaining unpaid.

And the said party of the second part, in consideration of the premises and of the assumption by the party of the first part hereto, of all the covenants and liabilities of the Missouri Pacific Railway Company and of the Wabash, St. Louis and Pacific Railway Company, and its successors in interest, as aforesaid, in and under said lease dated July 1, 1881, doth hereby consent to the assignment and transfer to said party of the first part of the said lease of the properties of said parties of the second part, being dated July 1, 1881, and so far as they lawfully can do hereby release said parties of the third part from all future personal or individual liabil-

ity as such leases on any and all covenants herein contained.

Third—The first party also further agrees that in case the first party, its successors and assigns, shall ever become and be in default for a period of sixty days in the payment of interest upon any of the outstanding bonds of said $7,000,000 issue (or any bonds issued in renewal or substitution thereof) so that there may be danger of foreclosure of mortgage and sale of said Terminal properties, said first party shall and will, on demand, execute and deliver to the second party a perpetual lease, and will thereupon, on demand, surrender to the second party immediate possession of all the properties of the first party which may be embraced in said mortgage or deed of trust, in consideration that the second party shall and will pay the interest accrued and to accrue on said 4½ per cent fifty-year bonds, or any of them that may be outstanding, and shall and will further provide for the payment or extension and final payment of the principal of said bonds when the same shall become due, together with accruing interest on said bonds that may be so extended.

And the St. Louis Bridge Company, one of the parties hereto of the second part, for itself, its successors and assigns, agrees that whenever the first mortgage bonds of the St. Louis Bridge Company, of the series amounting to $5,000,000, secured by its mortgage to J. C. Rogers and O. E. Tracy, dated the first day of April, 1879, shall mature or become due and payable, it will, for the purpose of providing for the taking up or the payment of the principal of the said bonds, and on request of the party of the first part hereto, from time to time, make issue and deliver such other mortgages and bonds of the same amount, bearing such rate of interest not exceeding 7 per cent per annum, and payable at such times and secured by the same property as is embraced in the mortgage to secure the bonds so to be taken up or paid, as may be deemed desirable by the party of the first part; but this provision shall not be construed to release the party of the first part from its obligation to

pay or to provide for the payment of the said bonds secured by the said mortgage of April 1, 1879.

Fourth--The said party of the first part further agrees that the 4½ per cent fifty-year bonds to be issued by it and the mortgage securing the same, shall contain provisions adequate and sufficient for the preservation and exercise of the rights hereinabove preserved and granted to said parties of the second part, and that the same shall in all respects be subject to the terms and conditions of these presents.

In Testimony Whereof, the parties have caused this agreemet to be executed as of the day and year hereinbefore first written.

Complainant's Exhibit No. 47.

ELECTRIC CITY AND ILLINOIS RAILWAY COMPANY.

Know all Men by These Presents, That we, whose names are hereunto subscribed, do hereby associate ourselves together for the purpose of forming a corporation under the provisions of the laws of the State of Illinois, and more particularly under the provisions of Chapter 114 of Starr and Curtis' Annotated Statutes of the State of Illinois.

First—The name of this corporation shall be "Electric City and Illinois Railway Company."

Second—It is intended to construct this railway from the eastern approach of the Bridge to be constructed by the St. Louis Merchants Bridge Company, thence through Madison County, to the City of East St. Louis, in St. Clair County, all in the State of Illinois.

Third—The principal business office of this corporation shall be established and maintained at Venice, in the County of Madison, State of Illinois.

Fourth—This corporation shall continue as a body corporate for the term of fifty years, and the commencement of the construction of the road intended to be built shall be within one year from the date of these articles.

Fifth—The Capital Stock of this corporation is Fifty Thousand Dollars.

Sixth—The names and places of residence of the several persons forming this association for incorporation are as follows:

Charles Q. McLure, Granite Mountain.
John Whittaker, St. Louis, Mo.
S. W. Cobb, St. Louis, Mo.
C. C. Rainwater, St. Louis, Mo.
L. M. Rumsey, Hennepin Co., Minn.

Seventh—The names of the members of the first Board of Directors are Charles D. McLure, S. W. Cobb, C. C.

Rainwater, John Whittaker and L. M. Rumsey, and the government of the proposed corporation and the management of its affairs shall be vested in a President, Vice-President and Secretary.

Eighth—The capital stock of this corporation shall be divided into Five hundred shares, of the par value of one hundred dollars each.

In Testimony of all of which we have hereunto set our hands and seals this 18th day of February, A. D. 1889.

Charles D. McLure. (Seal)

Office of the Secretary of State.

I, James A. Rose, Secretary of State of the State of Illinois, do hereby certify that the foregoing is a true copy of the Articles of Incorporation of the Electric City and Illinois Railway Company, which was filed for record in this office on the fourth day of March, 1889, at 9 o'clock a. m., and recorded in Book No. II of Railroad Records.

In Witness Whereof, I hereto set my hand and affix the Great Seal of the State, at the City of Springfield, the 5th day of July, A. D. 1906.

(Seal) James A Rose, Secretary of State.

Complainant's Exhibit No. 48.

State of Missouri,)
)ss.
City of St. Louis,)

We hereby certify that at a special meeting of the stockholders of the Electric City & Illinois Railway Company, held at the office of the Company in the Town of Madison, County of Madison, State of Illinois, on the 26th day of September, A. D. 1891, pur-

suant to notice given in the manner provided by law, the following questions were submitted to the stockholders:

1. Resolved, that the name of this corporation be changed from "Electric City & Illinois Railway Company" to "Madison Illinois & St. Louis Railway Company."

2. Resolved, That the capital stock of this company be increased from $50,000.00 to $500,000.00.

3. Resolved, That this company issue bonds in the sum of $500,000.00, and that the same be secured by mortgage upon all the rights, property and franchises of this company, now owned or hereafter to be acquired by it.

4. Resolved, That the number of directors of this Company be increased from five to eleven.

5. Resolved, That the objects for which this company was formed be enlarged by authorizing it to construct, maintain and operate a railway over and across the bridge of the St. Louis Merchants Bridge Company, construct across the Mississippi River in the County of Madison, State of Illinois, to the City of St. Louis, in the State of Missouri, and also to construct, maintain and operate its railway from the eastern approach of the bridge of the St. Louis Merchants Bridge Company through Madison County to the town of Alton, in said county; also from the eastern approach of said bridge through said Madison County to the town of Edwardsville in said county; also from the eastern approach of said bridge through Madison and St. Clair Counties to a point on the east bank of the Mississippi River opposite the southern part of the City of St. Louis, in the State of Missouri; also from a point in said last named route near where the same crosses the boundary line between Madison and St. Clair Counties through Madison and St. Clair Counties to the City of East St. Louis; all in the State of Illinois:

Which said resolutions were adopted by the stockholders—two-thirds of the votes represented by the whole stock of such corporation voting therefor.

In Witness Whereof, we have hereunto set our hands and affixed the seal of said corporation, this 28th day of September, A. D. 1891.

W. C. Irwin, Chief Clerk.

Articles of Incorporation of the

INTERSTATE SAND & CAR TRANSFER COMPANY.

Under and by virtue of the provisions of Chapter 42, Articles I and VIII of the Revised Statutes of Missouri, the undersigned, William K. Bixby, Samuel M. Kennard, Walker Hill, Charles H. Sharman, Arthur Lee, John B. C. Lucas, James Y. Lockwood and William K. Kavanaugh have associated themselves together with a view of engaging in the dredging and sand digging business, and the ownership and use of boats connected therewith, and the transfer of cars and freight in car-

load lots upon said boats upon the Mississippi River and its tributaries to their mutual profit and benefit, under the corporate name and style hereinafter set out, and for the purposes and objects hereinafter named, and for the period of time hereinafter specified, intending by this their acknowledgment and certificate that they, the undersigned, their associates and successors shall be entitled to have, possess and enjoy all the rights and privileges conferred by law upon corporations formed under said Articles I and VII, of Chapter 42, and all amendments thereof.

Article I. The corporate name of said corporation shall be "Interstate Sand & Car Transfer Company."

Article II. The corporation shall be located and have its chief place of business in the City of St. Louis and State of Missouri.

Article III. The capital stock of said Corporation shall be Ninety Thousand Dollars, and be divided into Nine Hundred shares of the price and par value of One Hundred Dollars each, and it is hereby certified, that the whole amount of said Capital Stock has been bona fide subscribed and that the whole amount thereof has been actually paid up in lawful money of the United States, and is in the custody of the persons named herein as the first Board of Directors of said corporation.

Article IV. The following is a correct list of the names and places of residence of the several stockholders or subscribers of the stock of said corporation, and the number of shares of stock subscribed by each.

Name and Place of Residence.	No. of Shares.
William K. Bixby, City of St. Louis, Missouri	70
Samuel M. Kennard, City of St. Louis, Missouri	70
Walker Hill, City of St. Louis, Missouri	70
Charles H. Sharman, City of St. Louis, Missouri	170
Arthur Lee, City of St. Louis, Missouri	170
John B. C. Lucas, City of St. Louis, Missouri	42
James Y. Lockwood, City of St. Louis, Missouri	301
William K. Kavanaugh, City of St. Louis, Missouri	7

Article V. The affairs of said company shall be managed by a Board of Directors, Five in number, and the names of the persons agreed upon by the undersigned, who shall serve as directors for the first year, are as follows: William K. Bixby, James Y. Lockwood, William K. Kavanaugh, Samuel M. Kennard and Arthur Lee, and all of said directors are bona fide citizens of the State of Missouri, and reside in the City of St. Louis, of said State.

Article VI. The corporate existence of said company hereby formed shall continue for a period of fifty years, next succeeding the issuing of the certificate of incorporation thereof.

Article VII. The objects and purposes for which this corporation is formed are to conduct and carry on the business of dredging and digging for sand and the sale of sand so dug, and for the filling and redeeming of low land and generally for the purchase, sale and trading in sand, and for the purchase, ownership and use of boats in such business and for the transfer of cars and freight in carload lots, upon its boats on its own account or for hire, and as principal or agent, and for the conducting and carrying on of such general business in connection therewith as may be necessary, convenient or usual and to purchase, hold, sell, convey, lease and otherwise enjoy or dispose of such Real Estate as may be necessary, usual or convenient to carry out the objects of this corporation as hereinbefore set forth, and finally to do any and all other things not herein enumerated which may tend to that end.

Article VIII. The first corporate meeting of this corporation shall be held on the 27th day of July, A. D. 1896, at Room 406 of Building Number 411 Olive Street, St. Louis, Missouri.

In Witness of their acknowledgement of this certificate of incorporation the above named incorporators have hereunto set their hands and seals respectively.

CERTIFICATE.

Be It Known, that on the Fifth day of May, A. D. 1898, a meeting of the stockholders of the Interstate Sand & Car Transfer Company was held at the office of the Company in the City of St. Louis, State of Missouri, for the purpose of increasing the capital stock of said company pursuant to notice by a majority of the Directors of said Company, duly published in the "St. Louis Star", a daily newspaper published in the city of St. Louis, for more than sixty days prior to said date, the first insertion of said notice being on the Fifth day of March, 1898, and the last insertion on the Thirtieth day of April, 1898, that a copy of said notice, postage prepaid, was deposited in the Postoffice in the said City of St. Louis, Missouri, addressed to each stockholder at his usual place of residence, at least sixty days previous to the day fixed for said meeting.

That said meeting was organized by choosing William K. Kavanaugh, a director in said Company, Chairman, and James Y. Lockwood, a suitable person, Secretary thereof.

That at said meeting there were present in person or by proxy at least a majority of the stockholders holding the full value of all the shares of stock of said Company.

That a proposition was then and there submitted to increase the capital stock of said Company from 900 shares of the par value of $100.00 per share, or $90,-

000.00, to 3,000 shares of the par value of $100.00, per share, or $300,000.00.

And upon canvassing the vote thereon, it appeared that a majority of the stock of said company had been voted in favor of such increase. The amount of the capital stock of said Company paid up is Ninety Thousand Dollars ($90,000.00). The amount of the assets of said Company is $369,692.71. The amount of its liabilities is $51,629.11, and the amount to which the capital stock of said company is increased is Three hundred thousand Dollars ($300,000.00), and that all of said increase of capital has been actually paid up in lawful money of the United States and is in the hands of the Board of Directors of said Company.

Wm. K. Kavanaugh, Chairman.

Attest: Jas. Y. Lockwood, Secretary.

William K. Kavanaugh, Chairman, being duly sworn, says the matters and things set forth in the foregoing statement are true.

STATEMENT OF CHANGE OF CAPITAL STOCK.

Be it known that on the Third day of May, A. D. 1902, a meeting of the stockholders of the Interstate Car Transfer Company was held in the office of the Company, Rooms 817, 818 and 819 Security Building, S. W. Corner of Fourth and Locust Streets, St. Louis, Missouri, for the purpose of increasing the capital stock of said Company pursuant to notice signed by a majority of Directors of said Company, duly published in the "St. Louis Star," a daily newspaper published in the City of St. Louis, Missouri, for more than sixty days prior to said date, the first insertion of said notice being on the 27th day of February, 1902, and the last insertion on the 1st day of May, 1902.

That a copy of said notice, postage prepaid, was deposited in the Postoffice in the City of St. Louis, Missouri, addressed to each stockholder at his usual place of residence at least sixty days previous to the day fixed for said meeting.

That said meeting was organized by choosing William K. Kavanaugh, a director in said Company, Chairman, James Y. Lockwood, Secretary, thereof.

That at said meeting there were present in person and by proxy at least a majority of the stockholders holding the full value of all the shares of stock of said Company.

That a proposition was then and there submitted to increase the Capital Stock of said Company from Three

Thousand shares of the par value of $100.00 per share, or Three Hundred Thousand Dollars ($300,000.00), to Five Thousand shares of the same par value each, of Five Hundred Thousand Dollars ($500,000.00), and upon canvassing the vote thereon, it appeared that a majority of the stock of said Company had been voted in favor of such increase. The amount of the capital stock of said Company paid up is $300,000.00.

The amount of the assets of said Company is $637,-063.42.

The amount of its liabilities is $108,069.09.

And the amount to which the capital stock of the Company is increased is $500,000.00 and that all of said increase of capital has been actually paid up in lawful money of the United States and is in the hands of the Board of Directors of said Company.

W. K. Kavanaugh, Chairman.

Articles of Association of

THE UNION DEPOT COMPANY OF ST. LOUIS.

This is to certify that William D. Griswold, William H. Clement, Joseph N. Kinney, Robert M. Shoemaker, Peter W. Strader, William Taussig, Samuel Gaty, have associated themselves for the purpose of forming a corporation, under the provisions of An Act of the General Assembly of the State of Missouri, entitled "An

Act authorizing the formation of Union Depots and Stations for Railroads in Cities of this State," approved March 18th, 1871, and have agreed upon the following articles of association:

Article First—The corporate name of the corporation thus to be formed, shall be "The Union Depot Company of St. Louis."

Article Second—The objects for which this company is formed are to construct, establish and maintain a Union Station and depot for passengers and ultimately, if it shall be found advisable, for freight also, either together or separately, in the same or different localities in the City of St. Louis, in the County of St. Louis, in the State of Missouri, with the necessary offices and rooms convenient for the same and all appurtenances thereto, to-wit said Union Stations for passenger and freight depots, to acquire the ground necessary and convenient therefor, to erect the buildings therefor, to lay the necessary tracks, approaching and passing through and beyond said depots, to make such arrangements with the City of St. Louis for laying tracks on, under, or over the streets of said City as may be necessary, to make such arrangements with Railroad, Tunnel, Bridge or other Companies as may be necessary to connect their tracks with their own, to make such proper and reasonable charges as may be determined on for the use of their said depots, tracks and other appliances, and generally to do and provide all and whatever may be necessary and convenient for constructing, establishing and maintaining said depots.

Article Third—The number of years during which the corporate existence of this company shall continue shall be ninety-nine (99) years.

Article Fourth—The capital stock of this corporation shall be One Million of Dollars ($1,000,000) to be represented by Ten Thousand Shares (10,000) of the par value of One Hundred Dollars ($100) each.

Article Fifth—The names and places of residence of the Directors of said corporation, who have been duly

elected by the subscribers in pursuance of said articles of association to manage its affairs for the first year of its incorporation and until others are chosen in their places are as follows: Being seven (7) in number:

Names.	Residences.
William D. Griswold,	St. Louis, Missouri.
William H. Clement,	Morrow, Ohio.
Joseph N. Kinney,	Cincinati, Ohio.
Robert M. Shoemaker,	Glendale, Ohio.
Peter W. Strader,	Cincinnati, Ohio.
William Taussig,	St. Louis, Missouri.
Samuel Gaty,	St. Louis, Missouri.

Article Sixth—The amount of stock taken by each of the subscribers of these articles, is as follows:

Names of Subscribers.	No. of Shares.	Total Value.
William D. Griswold	100	$10,000
William H. Clement	250	$25,000
Joseph N. Kinney	250	$25,000
Robert M. Shoemaker	250	$25,000
Peter W. Strader	250	$25,000
William Taussig	50	$ 5,000
Samuel Gaty	25	$ 2,500

Article Seventh—The company hereby formed is to be located in the City of St. Louis aforesaid.

In Witness Whereof, we, the above named subscribers and corporators, have hereunto set our hands and seal respectively at said City of St. Louis, this tenth (10) day of April, A. D. 1874.

W. D. Griswold	(Seal)

To the Court of St. Louis County:

The subscribers of the above articles of association petition said Circuit Court of St. Louis County to grant to them a certificate of incorporation under the provisions of the Act of the General Assembly of the State of Missouri above recited and they submit herewith the certificate of three (3) Railroad Companies which have tracks leading into the City of St. Louis as required by said act.

W. D. Griswold.
W. H. Clement.
J. N. Kinney.
R. M. Shoemaker.
P. W. Strader.
Wm. Taussig.
Sam'l. Gaty.

To the Circuit Court of St. Louis County:

The Undersigned Railroad Companies, severally having tracks of railroads leading into the City of St. Louis, hereby certify that the incorporation of said association in the foregoing articles mentioned, and the establishment of said Union Depots, is a matter of public utility and that the said Companies expect to make arrangements for the use of said depots when the same shall be constructed.

J. Lewis, Clerk.

In the Circuit Court of St. Louis County.

April Term, 1874.

Saturday, May 9th, 1874.

Application of William D. Griswold, William H. Clement, Joseph N. Kinney, Robert M. Shoemaker, Peter W. Strader, William Taussig and Samuel Gaty.

Now come William D. Griswold, William H. Clement, Joseph N. Kinney, Robert M. Shoemaker, Peter W. Strader, William Taussig and Samuel Gaty and present their articles of association with their petition for a certificate of Incorporation under the name and style of "The Union Depot Company of St. Louis" under the provision of an Act of the General Assembly of the State of Missouri, entitled "An Act authorizing the formation of Union Depots and Stations for Railroads in Cities of this State," approved March 18th, 1871. And the Court, being satisfied that said certificate has been signed by three railroad companies who have tracks leading into this City. It is ordered by the Court that the Clerk of this Court shall file said petition, articles and certificate aforesaid and grant to the said association a certificate of incorporation.

State of Missouri, County of St. Louis—ss.

I, John Lewis, Clerk of the Circuit Court of St. Louis County, certify the above and foregoing to be true copies of the articles of association, certificate of three Railroad Companies petition of incorporation, and order of court granting a certificate to said incorporators as fully as the same remains of record and on file in my office. And I further certify that the accompanying certificate of Incorporation is a true copy of the same as issued by me to said incorporators under the order of said court.

In Testimony Whereof, I hereto set my hand and affix the seal of said Court at office in the City of St. Louis this 9th day of May, A. D. 1874.

(Seal.) John Lewis, Clerk.

Recorded on pages 248-252, Book R. R. Corporations, Vol. 2.
Filed May 12th, 1874.
Eugene F. Weigel, Secretary of State.

Articles of Incorporation of the

EAST ST. LOUIS BELT RAILROAD COMPANY.

The undersigned, Julius S. Walsh, E. P. Bryan, James Hanna, J. M. Hamil, and F. C. Daab, for the purpose of organizing a railroad corporation under and pursuant to the laws of the State of Illinois, and for the purpose of constructing and operating a railroad in said State, do hereby make, agree to, and adopt the following articles of Incorporation, to-wit:

I. The name of such proposed corporation shall be East St. Louis Belt Railroad Company.

II. The place from and to which it is intended to construct the proposed railway are from a point in the County of Madison, State of Illinois, on the Mississippi River, to a point in the County of St. Clair, State of Illinois, on said Mississippi River, opposite the City of St. Louis, State of Missouri.

III. The place at which shall be established and maintained the principal business office of such proposed corporation is the city of East St. Louis, County of St. Clair, State of Illinois.

IV. Such corporation shall continue a body corporate for a period of fifty (50) years from the date of the filing and recording of these Articles of Incorporation in the office of the Secretary of State of the State of Illinois.

V. The amount of the capital stock of such corporation shall be $500,000.

VI. The names and places of residence of the persons owning such corporation are as follows, to-wit:

Names and Places of Residence:

Julius S. Walsh, St. Louis, Mo.
E. P. Bryan, St. Louis, Mo.
James Hanna, Alton, Ill.
J. M. Hamil, Belleville, Ill.
F. C. Daab, Belleville, Ill.

VII. The names of the members of the first Board of Directors are as follows:

Julius S. Walsh, E. P. Bryan, James Hanna, J. M. Hamil and F. C. Daab.

VIII. The officers and persons in whom the government of the corporation and the management of its affairs shall be vested are the first Board of Directors as just stated.

IX. The number of shares shall be five thousand (5000) and the amount of each share shall be one hundred dollars ($100).

In Witness Whereof, we have hereunto severally subscribed our names this seventh day of June, 1898.

Julius S. Walsh.
E. P. Bryan.
Jas. Hanna.
J. M. Hamil.
F. C. Daab.

Complainant's Exhibit No. 52.

TERMINAL RAILROAD OF EAST SAINT LOUIS.

Be it known that we, Lewis B. Jones, J. M. Thompson, E. B. Woodward, John Doyle and S. M. Davidson do by these presents, form or organize an incorporated Company for the purpose of constructing and operating a Railroad in the State of Illinois, and in accordance with the laws thereof, and for the purpose do make and adopt and sign the following Articles of Incorporation, to-wit:

First—The name of the proposed corporation shall be Terminal Railroad of East St. Louis.

Second—The place from which said proposed Railroad is intended to be constructed are the tracks and termini and near to East St. Louis, in the State of Illinois, of the St. Louis Bridge Company, the Union Railway and Transit Company, the Chicago and Alton Railroad Company. The St. Louis, Wabash and Pacific Railway, the Indianapolis and St. Louis Railroad Company, the Chicago, Burlington & Quincy Railroad Company, the Ohio and Mississippi Railroad Company, the St. Louis, Alton & Terre Haute Railroad Company (otherwise called the Cairo Short Line), the St. Louis, Vandalia and Terre Haute Railroad, the Nashville, Chattanooga and St. Louis Railroad Company (formerly called the St. Louis and Southeastern), the Illinois and St. Louis Railroad Company, the East St. Louis and Carondelet Railway, the East St. Louis Connecting Railway, the Cairo and St. Louis Railroad Company, and of any other Railroads entering or to enter said city of East St. Louis, or its vicinity; and the places to which it is intended to construct the proposed Railway, are, the yards, depots and side tracks now existing, or to be provided, in or near said City of East St. Louis, and such connections with other Railroads already constructed or to be constructed, as may be found necessary or convenient, and such factories and other establishments, as may need such connections—the general ob-

ject and purpose being to provide the most ample and convenient connections, accommodations and terminal facilities, in and near said City of East St. Louis for all Railroads now there constructed, or hereafter to be constructed and for all individuals and companies doing business with said Railroad.

Third—The place at which the principal business office of such proposed corporation shall be established and maintained, is East St. Louis, and the State of Illinois.

Fourth—The time of the commencement of the proposed corporation is the twentieth day of February, A. D. 1880; and the period of the continuance thereof is fifty (50) years.

Fifth—The amount of the capital stock of said corporation is One Hundred Thousand Dollars ($100,000).

Sixth—The names and places of residence of the several persons forming this association for incorporation are as follows, viz.:

Names.	Places of Residence.
Lewis B. Jones,	St. Louis, Missouri.
J. M. Thompson,	St. Louis, Missouri.
E. W. Woodward,	Warren County, Ohio.
John Doyle,	East St. Louis, Illinois.
S. M. Davidson,	East St. Louis, Illinois.

Seventh—The names and places of residence of the first Board of Directors of the company are as follows, to-wit:

J. M. Thompson, St. Louis, Mo.
E. W. Woodward, Warren County, Ohio.
Samuel M. Davidson, East St. Louis, Ill.
John Doyle, East St. Louis, Ill.
Edmund Allen, Wilmington, Ill.
Gustavus A. Koerner, Belleville, Ill.
S. M. Breckenridge, St. Louis, Mo.;

and the officers of the proposed corporation, in whom its government and management of its affairs shall be vested, are, the President, Vice President, Secretary,

Treasurer, Superintendent and such other officers as may be found necessary.

Eighth—The number of shares of which the capital stock of the proposed corporation shall consist, is One thousand (1000), and the amount of par value thereof is one hundred ($100) Dollars each.

In Witness Whereof, we have hereunto set our hands and seals this 20th day of February, A. D. 1880.

In Witness Whereof, I hereto set my hand and affix the Great Seal of State at the city of Springfield, the fifth day of July, A. D. 1906.

(Seal) James A Rose, Secretary of State.

Complainant's Exhibit No. 53.

TERMINAL RAILROAD OF EAST ST. LOUIS.

Office of the Terminal Railroad of East St. Louis, East St. Louis, Illinois.

I, the undersigned Secretary of the Terminal Railroad Company of East St. Louis, hereby certify that at a meeting of the stockholders of said Terminal Railroad, a Company organized and existing under the laws of the State of Illinois, held at the office of the Company in East St. Louis, on the 3rd day of March, A. D. 1885, the following resolution was adopted, as appears from the official record of the proceedings of said meeting by a unanimous vote of all the stockholders present and represented by proxy:

"Resolved, That the stockholders of this Company hereby approve the proposition to increase the capital stock of the Terminal Railroad of East St. Louis, from three hundred thousand dollars ($300,000) to four hun-

dred thousand dollars ($400,000), that is to increase the same by one hundred thousand dollars ($100,000), and hereby consent to and authorize said increase to be made and authorize and direct the steps required by law for that purpose to be taken."

And I further certify that at a meeting of the Board of Directors of said Terminal Railroad of East St. Louis duly called and held also at its said office on the 3rd day of March, A. D. 1885, a majority of said Board being present, the following resolution was unanimously adopted:

"Resolved, That in accordance with the recommendation of the Board of Directors of this Company, at its meeting on the 10th day of December, 1884, and with the action of the stockholders at their meeting held on the 3rd day of March, 1885, sanctioning and authorizing the same. That the Capital Stock of the Terminal Railroad of East St. Louis, be, and the same is hereby increased by the amount of one hundred thousand dollars in addition to the present Capital, making the entire authorized capital of the Company four hundred thousand dollars ($400,000)."

Whereupon the Capital Stock of said Terminal Railroad of East St. Louis was increased from three hundred thousand dollars to four hundred thousand dollars by said increase of one hundred thousand dollars, all of which as by law required is certified by me and attested with the corporate seal of the company this 5th day of March, A. D. 1885.

(Corporate Seal) Jas. Hanna,
Secretary of the Company and also Ex-Officio Secretary of the Stockholders' Meeting.

Filed for Record in the Office of the Secretary of State of Illinois, March 6th, 1885, at 9 o'clock a. m., and recorded.

Henry S. Dement, Secretary of State.

United States of America,)
)ss.
State of Illinois,)

Office of the Secretary of State.

I, James A. Ross, Secretary of State of the State of Illinois, do hereby certify that the foregoing is a true copy of Resolutions of Stockholders of the Terminal Railroad Company of East St. Louis, which was filed for record in this office on the sixth day of March, 1885, at nine o'clock a. m., and recorded in Book No. 10 of Railroad Records.

In Witness Whereof, I hereto set my hand and affix the Great Seal of State, at the City of Springfield, the fifth day of July, A. D. 1906.

(Seal) James A Rose, Secretary of State.

Complainant's Exhibit No. 54.

VENICE AND CARONDELET RAILWAY COMPANY.

Articles of Incorporation of the Venice and Carondelet Railway Company.

Know all Men, that the undersigned, C. S. Greeley, Adolphus Meier, John D. Perry, George Knapp, Hugh Campbell, Joseph W. Branch, Gustavus A. Koerner, Charles H. Sharman, Russell Hinckley and W. E. Richardson, desiring to organize and become an incorporated Company for the purpose of constructing and operating a Railroad in this state under and pursuant to the provisions of an act of the General Assembly of Illinois, entitled "An Act to provide for the Incorporation of Associations that may be organized for the purpose of constructing railways, maintaining and operating the same, for prescribing and defining the duties and limiting the powers of such corporations when so organized," in force March 1, 1872, have adopted and do sign these Articles of Incorporation.

First—The name of the Corporation shall be "The Venice and Carondelet Railway Company."

Second—It is intended to construct the proposed railway from Venice in the County of Madison, to the village of East Carondelet, in the County of St. Clair, Illinois, and to connect with all railroad lines that terminate at or pass through the City of East St. Louis at such points as may be necessary or convenient for the business of the corporation, and also to connect said proposed railway with the Bridge of the St. Louis Bridge Company across the Mississippi River and to construct it to the Relay Depot in East St. Louis.

Third—The principal business office of the corporation shall be at East St. Louis, St. Clair County, Illinois.

Fourth—The time of the commencement of this proposed corporation shall be immediately upon the filing of these articles in the office of the Secretary of State of the State of Illinois, and the period of its continuance shall be fifty (50) years.

Fifth—The amount of capital stock of this corporation shall be Fifty Thousand Dollars ($50,000.00).

Sixth—The names of the several persons forming this association for incorporation and their residences respectively are as follows:

C. S. Greeley, St. Louis, Missouri; Adolphus Meier, St. Louis, Missouri; John D. Perry, St. Louis, Missouri; George Knapp, St. Louis, Missouri; Hugh Campbell, St. Louis, Missouri; Joseph W. Branch, St. Louis, Missouri; Gustavus A. Koerner, Belleville, Illinois; Charles H. Sharman, Belleville, Illinois; Russell Hinckley, Belleville, Illinois; W. E. Richardson, St. Clair County, Illinois.

Seventh—The names of the members of the first Board of Directors are as follows: C. S. Greeley, Adolphus Meier, John D. Perry, Russell Hinckley, Charles H. Sharman, W. E. Richardson and Gustavus A. Koerner. The government of the proposed corporation and the management of its affairs shall be vested in a Board

of Seven Directors, the first Board consisting of the persons last above mentioned.

Eighth—The number of shares in the Capital stock of this corporation shall be five hundred (500) each of the amount and value of one hundred dollars ($100.00).

In Witness Whereof, we have hereunto set our hands and seals this 12th day of February, A. D. 1880.

Complainant's Exhibit No. 55.

UNION RAILWAY AND TRANSIT COMPANY.

Articles of Incorporation of The Union Railway and Transit Company.

Be it Known, that the undersigned, William Taussig, R. M. Shoemaker, J. N. Kinney, William H. Clement, P. W. Strader, J. M. Thompson, Edmund Allen, Robert L. Allen, Edmund A. Allen and John B. Bowman, desiring to organize an incorporated company for the purpose hereinafter stated, do acknowledge and certify under and in pursuance of the provision of an act of the General Assembly of the State of Illinois, entitled an act to provide for the incorporation of Associations that may be organized for the purpose of constructing railways, maintaininig and operating the same; for prescribing and defining the duties and limiting the powers of such corporations when so organized, approved March first (1st), A. D. 1872. And of an act of said General Assembly of the State of Illinois entitled an act concerning corporations, approved April eighteenth (18th), A. D. 1872. That they do hereby associate themselves and organize by adopting and signing arti-

cles of incorporation in the manner and for the purposes hereinafter stated, that is to say:

First—The corporate name and title of the corporation hereby organized shall be "The Union Railway & Transit Company.

Second—The object for which this Corporation is organized is to construct, own, operate and control a Railroad with as many tracks and such switching yards, and all other appurtenances, as its business may require, to connect Railroads now constructed or hereafter to be constructed, terminating at or near East St. Louis, in the County of St. Clair, in the State of Illinois, with the Bridge of the Illinois and St. Louis Bridge Company, at East St. Louis, aforesaid, and with Eastern approaches of said bridge, and to operate the said railroad and the railroads crossing said bridge and passing through the Tunnel at the Western end of said bridge at St. Louis; and it is intended to construct the proposed Railway from the points or places to which said Illinois and St. Louis Bridge Company may carry its approaches at the East end thereof; and to such points or places on the lines of the several railroads terminating or hereafter to terminate at East St. Louis aforesaid, as the Company hereby organized shall find most convenient for the purpose of transporting persons and property from said railroads to and from said approaches and over said bridge.

Third—The principal business office of this corporation shall be established at East St. Louis in the County of St. Clair in said State of Illinois.

Fourth—The time of the commencement of this proposed corporation shall be immediately on the filing of these articles of incorporation in the office of the Secretary of State of the State of Illinois and in the office of the Recorder of Deeds of St. Clair County in said State of Illinois, which is the only company through, or into, or in which said Railway is proposed to be run; and the period of the continuance thereof shall be fifty (50) years.

Fifth—The amount of the capital stock of this corporation shall be two hundred and fifty thousand dollars ($250,000).

Sixth—The names of the several persons forming this Association for incorporation and their residences respectively are as follows, to-wit:

William Taussig, St. Louis, Missouri.
R. M. Shoemaker, Glendale, Ohio.
J. H. Kinney, Cincinnati, Ohio.
William H. Clement, Morrow, Ohio.
P. W. Strader, Cincinnati, Ohio.
J. M. Thompson, St. Louis, Missouri.
Edmund Allen, Wilmington, Illinois.
Robert L. Allen, Wilmington, Illinois.
Edmund A. Allen, Wilmington, Illinois.
John B. Bowman, East St. Louis, Illinois.

Seventh—The first Board of Directors of the Company hereby organized shall be composed of the following nameod persons, seven (7) in number, to-wit: William H. Clement, R. H. Shoemaker, William Taussig, Edmund Allen, Robert L. Allen, Edmund A. Allen and John B. Bowman.

And the government thereof and the management of its affairs shall be vested in a Board of Directors seven (7) in number, and its officers shall be a President, Vice President, Secretary and Treasurer, and such other officers and agents, as shall be determined by said Board of Directors from time to time.

Eighth—The number of shares in the capital stock of this corporation shall be Twenty-five hundred (2500) and the amount and value of each of said shares shall be one hundred dollars ($100.)

In Witness Whereof, we the subscribers and corporators, have hereunto set our hands and seals respectively, this tenth (10th) day of April, A. D. 1874.

James A. Rose, Secretary of State.

To all to Whom These Presents Shall Come, Greeting:

I, James A. Rose, Secretary of State of the State of Illinois, do hereby certify that the following and hereto attached is a true copy of Certificate of Decrease of Capital Stock of the Union Railway & Transit Company, Filed July 14th, 1895, the original of which is now on file and a matter of record in this office.

In Testimony Whereof, I hereto set my hand and cause to be affixed the Great Seal of State. Done at the City of Springfield, this 5th day of July, A. D. 1906.

(Seal) James A Rose, Secretary of State.

A copy of said notice as above given verbatim et literatim was also published for three successive weeks in The East St. Louis Gazette, a newspaper printed in the City of East St. Louis in St. Clair County, Illinois, the city and county in which the principal business office of said corporation is located, the publication in said newspaper having been made weekly respectively on the 5th, 12th and 19th days of June, A. D. 1875.

That said stockholders' meeting was held at said time and place specified in said notice and upon a submission to the said stockholders at said meeting of the said question of a decrease of the capital stock as aforesaid, to their votes thereon, it appeared that two-thirds of all the votes represented by the whole stock of said Union Railway & Transit Company to-wit: Twenty-one Hundred (2100) shares out of an aggregate of twenty-five hundred shares (of one hundred dollars each) are in favor of the proposition of decreasing the capital stock of said corporation from two hundred and fifty thousand dollars to one hundred thousand dollars, so submitted.

(Seal) W. H. Clements,
President Union Railway & Transit Co.
Attest: S. M. Thompson,
Secretary Union Railway & Transit Company.

State of Illinois,)

James A. Rose, Secretary of State.

To All to Whom These Presents Shall Come, Greeting:

I, James A. Rose, Secretary of State of the State of Illinois, do hereby certify that the following and hereto attached is a true copy of an act entitled "An Act to incorporate 'The American Bottom Lime, Marble and Coal Company,'" approved February 18, 1857, the original of which is now on file and a matter of record in this office.

In Testimony Whereof, I hereto set my hand and cause to be affixed the Great Seal of State, done at the City of Springfield this 5th day of July, A. D. 1906.

(Seal) James A. Rose, Secretary of State.

An Act to Incorporate "The American Bottom Lime, Marble and Coal Company."

Section 1. Be it Enacted by the People of the State of Illinois Represented in the General Assembly: That Lewis Bosmenue, B. Clovis Renois, Jos. Ogle, Vital Jarrot, Conrad Bornmann, W. W. Roman and Theodore Walsh, and their associates and their successors be, and and they are hereby constituted a body politic and corporate under the name and style of the American Bottom Lime, Marble & Coal Company, with perpetual succession and with the power by that name to contract and be contracted with, to sue and be sued, to have a comhold by purchase lands in the County of St. Clair in this state for the purpose of manufacturing lime, fire brick, hydraulic lime, the quarrying of marble and other stone, of coal, iron and other minerals; to manufacture any article of which the above named substances form a constituent part, to manufacture grain into flour, meal or other substances, and to manufacture all and every other material which may be permitted by the laws of the State, and to transport them or any

of them to any market foreign or domestic, where all powers needful for the successful prosecution of their business, and for the execution of the powers herein granted; and moreover to appoint all necessary agents and officers and to make such by-laws and regulations for the more thorough organization of said company and the prosecution of its business within the meaning of this act. Provided, said by-laws and regulations are not inconsistent with the laws of this State; and moreover with power to hold such property real and personal, and to possess and erect such stocks, buildings, roadways and machinery as may be necessary for the purposes of mining, manufacturing and transporting in pursuance to the powers and privileges granted by this act.

Sec. 2. The capital stock of said company shall be one hundred thousand dollars divided into shares of one hundred dollars each with power by vote of the stockholders to a meeting duly called, to increase the capital stock to the sum of three hundred thousand dollars.

Sec. 3. The said company shall have power to contract a railroad from any part of the lands owned by them on the bluffs at or near a place called "Falling Spring" and up and down the foot of the bluff two miles each way, and to the Mississippi river opposite St. Louis, or near Cahokia in said county, which said road so constructed shall be used for the transaction of the coal, stone, lime or other materials or manufactured articles of said company, or for the conveyance of any other freight, or of passengers, and generally for the convenient prosecution of its business as a railroad corporation; said company being hereby invested with all the rights, privileges and benefits secured by statute to any railroad corporation in this State, provided the said road shall not extend out of the said county of St. Clair.

Sec. 4. The amount of land owned by said corporation shall never exceed at one time two thousand acres.

Sec. 5. The right of way for said road or roads to be constructed under the provisions of this act as also

depots, landings, etc., may be obtained by said company either by purchase, gift or grant, or in the mode presented by an act entitled "An Act to amend the law condemning the right of way for purposes of internal improvement, approved June 22, 1852.

Sec. 6. The directors of said company shall consist of not less than seven nor more than eleven, who shall be elected annually by the stockholders of said company, each share of stock being entitled to one vote.

Sec. 7. Said company are hereby authorized from time to time to borrow money to an amount not exceeding the capital stock of said company, and for that purpose may issue their bonds with coupons attached bearing interest at a rate not exceeding 10 per cent and to execute mortgage or mortgages to secure the same on any part or all the property of said company, which said mortgage or mortgages being duly acknowledged and recorded in said county of St. Clair shall be valid and effectual liens upon the property of said company.

Sec. 8. This act to take effect from and after its passage, and is hereby declared a public act.

Saml. Holmes,
Speaker of the House of Reps.

John Wood,
Speaker of Senate.

James A. Rose, Secretary of State.

To All to Whom These Presents Shall Come, Greeting:

I, James A. Rose, Secretary of State of the State of Illinois, do hereby certify that the following and hereto attached is a true copy of an act entitled, "An Act to revive an Act, entitled, 'An Act to incorporate the American Bottom Lime, Marble and Coal Company,' ap-

proved February 18th, 1857," approved March 8, 1867, the original of which is now on file and a matter of record in this office.

In Testimony Whereof, I hereto set my hand and cause to be affixed the great Seal of State. Done at the City of Springfield, this 5th day of July, A. D. 1906.

(Seal) James A Rose, Secretary of State.

An Act to Revive an Act Entitled "An Act to Incorporate the American Bottom Lime, Marble and Coal Company," Approved February 18th, 1857.

Section 1. Be it Enacted by the People of the State of Illinois, Represented in the General Assembly:

That the act of the Legislature of this State entitled "An Act to incorporate the American Bottom Lime, Marble and Coal Company," approved February 18th, 1857, be and the same is hereby revived and continued in full force and effect to the same extent as when it was originally enacted.

Section 2. The directors now living shall have the power to associate with themselves as co-directors any two persons in the places of W. W. Roman and Theodore Walsh, who have departed this life since the passage of the said act.

Section 3. This act shall take effect and be in force from and after passage.

F. Corwin,
Speaker of the House of Representatives.

Wm. Bross,
Speaker of the Senate.

Approved March 5th, 1867.
R. J. Oglesby.

Complainant's Exhibit No. 59.

State of Illinois, Department of State.

James A. Rose, Secretary of State.

To All to Whom These Presents Shall Come, Greeting:

I, James A. Rose, Secretary of State of the State of Illinois, do hereby certify that the following and hereto

attached is a true copy of Certificate of Change of Name of the American Bottom Lime, Marble and Coal Company,

Filed April 23rd, 1873, the original of which is now on file and a matter of record in this office.

In Testimony Whereof, I hereto set my hand and cause to be affixed the Great Seal of State. Done at the City of Springfield, this 5th day of July, A. D. 1906.

(Seal) James A. Rose, Secretary of State.

East St. Louis, Ill., April 19, 1873.

This certifies that on the 20th day of March, 1873, the Board of Directors of the American Bottom Lime, Marble and Coal Company, a corporation organized under the laws of this State, unanimously and in writing expressed a desire to change the name of said corporation to that of "East St. Louis and Carondelet Railway" and called a special meeting of the stockholders of such corporation to take place at the Company's office in the Bowman Building in the City of East St. Louis, on the 19th day of April, 1873, for the purpose of submitting to a vote of such stockholders the question of such change of name, that proper notice of the time, place and object of such meeting was given, as the law requires, that such meeting was held at said time and place, that thereat upon a submission of said proposition to change the name of said corporation to that of "East St. Louis and Carondelet Railway," it appeared that more than two-thirds of all the votes represented by the whole stock of such corporation voted in favor of said proposition so submitted.

(Seal) Jno. B. Lovingston,
President American Bottom Lime, Marble and Coal Company.

John B. Bowman, Secretary A. B. L. M. & Coal Co.

Geo. H. Harlow, Secretary of State.

Complainant's Exhibit No. 60.

EAST ST. LOUIS AND CARONDELET RAILWAY.

I, John W. Conlogue, hereby certify:

That I now am and for several years last past have been the president of the East St. Louis and Carondelet Railway, a corporation, created by the State of Illinois (originally chartered by the name of "American Bottom Lime, Marble and Coal Company");

That the board of directors of said Corporation at its meeting February 19th, 1880, at which a quorum was present, unanimously adopted a resolution as follows, viz.:

"Resolved, That the Capital Stock of this Corporation is found insufficient for constructing and operating its railway, and that with the concurrence of two-thirds in value of all its present stock of Three Hundred Thousand Dollars, it be increased to the amount required, to-wit: to the sum of Five Hundred Thousand Dollars, and that for the purpose of determining such proposed increase of the Capital Stock there be held a special stockholders' meeting at which the question of such increase be submitted to a vote of the stockholders; that such meeting be held at the principal office of the com-

pany in East St. Louis, upon notice to be given or caused to be given by the Secretary, as prescribed by the laws of the State of Illinois, to-wit: on Tuesday, the 25th day of May, A. D. 1880."

That in pursuance of such resolution and due notice given thereof, signed by a majority of the board of directors of said Corporation, as required by the laws of the State of Illinois, a special stockholders' meeting of said Corporation was held at the General Office of said Company, in East St. Louis, Illinois, on Tuesday, the 25th day of May, A. D. 1880, to determine whether the Capital Stock of said Corporation should be increased as proposed by said resolution; that at said special stockholders' meeting there were present and represented in person and by proxy, the owners and holders of 2245 shares of the aggregate 3000 shares of stock, representing $224,500.00 of the aggregate of $300,000 of the Capital Stock of said Corporation.

And that the following resolution was then and there submitted and voted upon viz.:

"Resolved, That the Capital Stock of this Corporation is found insufficient for constructing and operating its railway and that the present Capital Stock of Three Hundred Thousand Dollars be increased to the amount required, to-wit: to the sum of Five Hundred Thousand Dollars."

And that the holders and proxies of said 2245 shares so present at said meeting, being more than two-thirds of all the stock of the Corporation, unanimously voted in favor of and for the proposed increase of said Capital Stock of said Corporation, of Five Hundred Thousand Dollars.

In Witness Whereof, I have hereunto set my hand and have caused the corporate seal to be hereunto affixed by John B. Bowman, the Secretary of said Corporation and custodian thereof this 25th day of May, A. D. 1880.

(Seal) J. W. Conlogue, President.

Attest: John B. Bowman, Secretary.

And corporate seal.

State of Illinois,)
)ss.
St. Clair County,)

John W. Conlogue, duly sworn upon his oath, deposes and says that he is the same person whose name appears subscribed to the foregoing certificate as President of the East St. Louis and Carondelet Railway, a corporation, that he subscribed the same as such President and that the statements therein contained are true to the best of his knowledge, information and belief.

J. W. Conlogue, President.

Secretary of State.

Complainant's Exhibit No. 61.

The Missouri Pacific Railway Company and others, Proprietary Companies; The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company and Terre Haute and Indianapolis Railroad Company, Guarantors of the St. Louis, Vandalia and Terre Haute Railroad Company; the Chicago and Alton Railroad Company, Guarantor of the Chicago and Alton Railway Company; Chicago, Burlington and Quincy Railroad Company, Guarantor of Chicago, Burlington and Quincy Railway Company; Terminal Association of St. Louis, and Central Trust Company of New York and William Taussig, Trustees.

Guaranty Agreement.

An Agreement made the sixteenth day of December, in the year one thousand nine hundred and two, between The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company, Baltimore and Ohio Southwestern Railroad Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, Louisville and Nashville Railroad Company, St. Louis and San Francisco Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, The Chicago and Alton Railway Company, hereinafter called the Alton Company, Chicago, Burlington and Quincy Railway Company, hereinafter called the Burlington Company, and Missouri, Kansas and Texas Railway Company, hereinafter called the Kansas Company; which collectively are hereinafter termed, for convenience, Proprietary Companies, of the first part; the Pittsburg, Cincinnati, Chicago and St. Louis Railway Co., hereinafter termed the Panhandle Company, Terre Haute & Indianapolis Railroad Company, hereinafter termed the Terre Haute Company, the Chicago

and Alton Railroad Company, hereinafter called the Alton Railroad Company, and Chicago, Burlington and Quincy Railroad Company, hereinafter called the Burlington Railroad Company, of the second part; Terminal Railroad Association of St. Louis, hereinafter termed the Terminal Association, of the third part; and Central Trust Company of New York and William Taussig, hereinafter termed the Trustees, as Trustees under the general mortgage of the Terminal Association hereinafter described, of the fourth part:

The Terminal Association is a corporation organized under the laws of the State of Missouri, by an agreement of consolidation made on the 26th day of July, 1889, between the Union Railway and Transit Company of St. Louis and Terminal Railroad of St. Louis, and duly filed for record in the office of the Secretary of State of the State of Missouri.

The Terminal Assoaiction was so organized for the purpose of acquiring title to and possession of various terminal facilities in St. Louis and East St. Louis, and to secure to the various railroad companies owning and operating railroads entering said cities an efficient and economical method for interchanging passenger and freight traffic at the points named.

By an agreement, dated October 1, 1889, between the Terminal Association, of the first part, the Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Ohio and Mississippi Railway Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company and Louisville and Nashville Railroad Company, of the second part, the Terminal Association granted to each of said companies, and each of said companies accepted, a right, forever, of joint use with each other and with such other companies as might be admitted, as proprietary lines, to joint use thereof, of all terminal properties of the Terminal Association then held or that might thereafter be acquired in said St. Louis and East St. Louis, for passenger and freight,

express and mail business, and for the interchange of the same between each other and with the public, the right granted to each proprietary company to remain as appurtenant to the railroad then owned by such proprietary company; and each of said proprietary companies, parties to said agreement, agreed forever to make use of the bridge and terminal properties of the Terminal Association for all passenger and freight traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis.

By said agreement it was provided that the rates of toll or charges should be fixed, subject as therein provided, so as to produce a sum sufficient each year to pay the fixed charges of the Terminal Association, including rentals, taxes and assessments, the expenses of maintaining the corporate organization of the Terminal Association and interest and dividends on such bonds or preferred stock not then contemplated as might become necessary to be thereafter issued for the purpose of future extensions and betterments to the properties of the Terminal Association, and each of the proprietary companies, parties thereto, agreed by Article XIII thereof to pay its proportion of any deficiency, provided that the total gross sum which any one of the proprietary companies, parties thereto, should be called on to pay in any one year towards making up any deficit in the net earnings to meet the fixed charges, should not in any one year exceed one-seventh of one million dollars, which was therein stated to be in excess of the entire fixed charges assumed under said agreement, and provided, further, that the tolls to be levid on traffic, as contemplated in said agreement, should at no time be so great as to place any proprietary company using said terminals at a disadvantage in respect to its traffic that may be in competition with that of other lines.

Since the execution of said agreement, Baltimore and Ohio Southwestern Railroad Company, as successor of said Ohio and Mississippi Railway Company, St. Louis and San Francisco Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company, herein-

after called the Vandalia Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, the Alton Company, the Burlington Company, and the Kansas Company, have severally become parties to said agreement; the obligations of the Vandalia Company under said agreement have been duly guaranteed by the Panhandle Company and the Terre Haute Company; the obligations of the Alton Company thereunder have been duly guaranteed by the Alton Railroad Company, and the obligations of the Burlington Company thereunder have been duly guaranteed by the Burlington Railroad Company.

The Terminal Association since said October 1, 1889, has from time to time acquired additional properties. The terminal facilities of the Terminal Association both at St. Louis and at East St. Louis are inadequate and must be extended in order to meet the requirements of the Proprietary Companies, and for efficiency and economy it is desired that such extension of terminal facilities be made by the Terminal Association.

For the purposes aforesaid, as well as to provide for funding existing bonded indebtedness and for the improvement and betterment of its system, the Terminal Association has determined to issue its bonds limited to the aggregate principal amount of $50,000,000 at any one time outstanding, to be known as its general mortgage bonds and hereinafter called the general mortgage bonds, to be payable the first day of January, 1953, to bear interest from the first day of January, 1903, at the rate of four per cent. per annum, payable semi-annually on the first days of January and July in each year, and to be payable, both as to principal and interest at the office or agency of the Terminal Association in the City of New York, N. Y., in gold coin of the United States, of or equal to the present standard of weight and fineness, and, both as to principal and interest, without deduction for any tax or taxes which the Terminal Association may be required to pay thereon or retain therefrom under any present or future law

of the United States, or of any state, county or municipality thereof; and, to secure said bonds, has determined to execute and deliver to Central Trust Company of New York and William Taussig, the Trustees, a mortgage and deed of trust, hereinafter called the general mortgage, of all its property and franchises therein particularly described, and of all its property and franchises at any time by it to be acquired.

The Proprietary Companies are the owners in severalty of all the capital stock of the Terminal Association, in equal shares, and said action on the part of the Terminal Association has been taken at the instance and request of the Proprietary Companies, each of which has approved the general mortgage bonds and the general mortgage, and, in respect of the stock of the Terminal Association owned by it, has authorized the execution and delivery thereof. Said approval and authorization on the part of the Vandalia Company has been given with the consent and approval of the Panhandle Company and of the Terre Haute Company, and said approval and authorization on the part of the Alton Company and the Burlington Company has been given with the consent and approval, respectively, of the Alton Railroad Company and the Burlington Railroad Company.

The Terminal Association has entered into an agreement to sell the general mortgage bonds or some of them, and as a condition precedent to the purchase thereof, and as part of the consideration inducing such purchase, the Proprietary Companies, being owners of all the capital stock of the Terminal Association and interested in the extension of its terminal facilities, have agreed to execute and deliver this agreement.

For a valuable consideration:

First: It is agreed between the Terminal Association, the proprietary Companies and the Trustees as hereinafter in this article set forth:

(a) Such rates of toll or charges for the use by the Proprietary Companies of the properties of the Ter-

minal Association, granted under the agreement of October 1, 1889, hereinabove recited, shall be fixed from time to time by the Terminal Association as will produce a sum sufficient each year to pay the following charges, which are hereinafter termed the fixed charges of the Terminal Association, to-wit:

1. All rentals on any properties leased by the Terminal Association.

2. Interest on all bonds of the Terminal Association from time to time outstanding, heretofore issued or authorized;

3. Interest on all the general mortgage bonds of the Terminal Association, at any time issued under the general mortgage and outstanding, and such sums as may be required for the payment or satisfaction of installments of the sinking fund created under the general mortgage of the Terminal Association;

4. All taxes and assessments, premiums of insurance, payments, charges and expenses of every nature incurred in the maintenance, operation, repair and renewal of the system and properties of the Terminal Association, and every part thereof;

5. Whatever expenses may be legitimately incurred in maintaining the corporate organizatiotn of the Terminal Association and of any other company or companies whose creation or organization may be necessary in order to fully accomplish the objects desired in the organization of the terminal system of the Terminal Association.

(b) The proviso contained in Article XIII of the agreement of October 1, 1889, hereinabove recited, limiting the total gross sum which any one of the Proprietary Companies may be called upon to pay in any one year towards making up any deficit in the net earnings of the Terminal Association to meet the charges defined in the preceding subdivision, and limiting the amount of the tolls to be levied on traffic as contemplated in said agreement, is hereby waived.

Second. The Proprietary Companies, each for itself and not for the others, hereby covenant and agree, to and with the others, and separately to and with the Terminal Association, and separately to and with the Trustees as trustees of an express trust, as hereinafter in this article set forth:

(a) The Proprietary Companies will forever make use of the properties of the Terminal Association granted under said agreement of October 1, 1889, for all passenger and freight traffic within their control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis;

(b) The Proprietary Companies, will, at all times, pay for the use of the properties of the Terminal Association granted under said agreement of October 1, 1889, the tariff rates from time to time established by the Terminal Association for such use, and such tariff rates shall be so fixed as to insure the production of sufficient revenue at all times to enable the Terminal Association punctually to meet and discharge the fixed charges of the Terminal Association hereinabove in the first article of this agreement specified;

(c) Not less than thirty days nor more than sixty days prior to each and every interest day in the general mortgage and in the general mortgage bonds specified, a meeting of the board of directors of the Terminal Association shall be held, at which shall be submitted by its auditor, treasurer or other proper officer, a statement of the funds that will be available for the purpose of meeting at maturity the fixed charges of the Terminal Association, as defined in the first article of this agreement. If, from such statement it appears that such funds will not be adequate to pay said fixed charges maturing on and prior to said next ensuing interest day, the Terminal Association shall make sight drafts, respectively, upon each Proprietary Company for its proportion of the deficit, as shown by such statement, payable not less than ten days before such inter-

est day, and such draft upon itself each of the Proprietary Companies, for itself, agrees to accept and punctually to pay.

(d) For the purpose of carrying into effect the foregoing covenants of this article and to the end that the Terminal Association may at all times be able to pay and discharge promptly as and when due the interest on all of the general mortgage bonds issued by it, as well as any and all taxes, costs, charges, expenses and obligations incurred by the Terminal Association, or for which it shall become liable in the operation and maintenance of its properties, as well as instalments of sinking fund under the general mortgage and the other fixed charges of the Terminal Association as defined in the first article hereof, each of the Proprietary Companies does hereby, each to the extent of one-fourteenth thereof only, guarantee the prompt payment, as and when due, of all interest on all the general mortgage bonds of the Terminal Association at any time under the general mortgage according to the tenor and effect of the general mortgage bonds and of the general mortgage, and the payment and satisfaction of the instalments of the sinking fund under the general mortgage.

Third. The Proprietary Companies, each for itself and not for the others, hereby covenant and agree to and with the others, and the Terminal Association agrees with the proprietary Companies that, if under subdivision (c) of the next preceding article, the Proprietary Companies, or any of them, shall be required to make payment to the Terminal Association of any deficit in the net earnings of the Terminal Association to meet the fixed charges of the Terminal Association as defined in the first article of this agreement, the tolls of the Terminal Association shall thereafter be so adjusted as to yield revenue sufficient to reimburse each of the Proprietary Companies which shall have made such advances, for the amount of its advances with interest thereon at the rate of four per centum per annum.

Fourth. The Proprietary Companies and the Terminal Association agree with each other that nothing in this agreement contained shall be construed

(a) To affect, as among themselves, the obligation of the Proprietary Companies under the foregoing articles and the covenants of said agreement of October 1, 1889, to pay the Terminal Association for their respective use of its properties the tariff rates from time to time established by the Terminal Association for such use; or

(b) To impair the right of the Proprietary Companies to be reimbursed by the Terminal Association for any advances made by them, or any of them, under or in pursuance of any of the covenants in the preceding articles of this agreement, or in pursuance of said agreement of October 1, 1889.

Fifth. The Terre Haute Company is the lessee for account of itself and the Panhandle Company of the railroad of the Vandalia Company. For a valuable consideration, the Panhandle Company and the Terre Haute Company, each for itself, hereby guarantee unto the Proprietary Companies, and separately unto the Terminal Association, and separately unto the Trustees, the faithful and punctual performance by the Vandalia Company of each of the covenants of this agreement on the part of the Vandalia Company.

Sixth. The Burlington Company is the lessee of the railroad of the Burlington Railroad Company, and the Alton Company is the lessee of the railroad of the Alton Railroad Company; and the Burlington Railroad Company and the Alton Railroad Company are guarantors of the obligations of their respective lessees under the agreement of October 1, 1889. For a valuable consideration the Burlington Railroad Company and the Alton Railroad Company, each for itself hereby guarantee unto the Proprietary Companies, and separately unto the Terminal Association, and separately unto the Trustees, the faithful and punctual perfor-

mance by its said lessee of each of the covenants of this agreement on the part of its said lessee.

In Witness Whereof, Each of the corporations, parties hereto, has caused its corporate seal to be hereunto affixed and this agreement to be signed by its president or a vice-president and its secretary or an assistant secretary and the said William Taussig has hereunto subscribed his name and affixed his seal, the day and year first above written.

County of New York.)

On this 9th day of February, in the year 1903, before me personally came Charles G. Hedge, to me personally known, who, being by me duly sworn, did depose and say that he resides in the City of New York, in the State of New York, that he is the vice-president of Missouri, Kansas and Texas Railway Company, one of the corporations described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to said instrument is such corporate seal; that said instrument was signed and sealed in behalf of said corporation by order of its board of directors, and that he signed his name thereto by like

order; and said Charles G. Hedge acknowledged said instrument to be the free act and deed of said corporation.

In Witness Whereof I have hereunto set my hand and affixed my official seal the day and year aforesaid.

My commission expires on the 30th day of March, 1904.

(Seal.) John J. Daly,
Notary Public, Kings County.

Certificate filed in New York County, New York.

State of New York,)
)ss.
County of New York.)

On this 7th day of February in the year 1903, before me personally came Julius S. Walsh, to me personally known, who, being by me duly sworn, did depose and say that he resides in the City of St. Louis, in the State of Missouri; that he is the president of Terminal Railroad Association of St. Louis, one of the corporations described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to said instrument is such corporate seal; that said instrument was signed and sealed in behalf of said corporation by order of its board of directors, and that he signed his name thereto by like order; and said Julius S. Walsh acknowledged said instrument to be the free act and deed of said corporation.

In Witness Whereof I have hereunto set my hand and affixed my official seal the day and year aforesaid.

My commission expires on the 30th day of March, 1904.

(Seal.) John J. Daly,
Notary Public, Kings County.

Certificate filed in New York County.

State of New York,)
)ss.
County of New York.)

On this 9th day of February, in the year 1903, before me personally came James N. Wallace, to me personally known, who, being by me duly sworn, did depose and say that he resides in the Borough of Brooklyn, in the City of New York, in the State of New York; that he is the Fourth Vice-President of Central Trust Company of New York, one of the corporations described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to said instrument is such corporate seal; that said instrument was signed and sealed in behalf of said corporation by order of its board of trustees, and that he signed his name thereto by like order; and said James N. Wallace acknowledged said instrument to be the free act and deed of said corporation.

In Witness Whereof, I have hereunto set my hand and affixed my official seal the day and year aforesaid.

My commission expires on the 30th day of March, 1904.

(Seal) John J. Daly,
Notary Public, Kings County.

Certificate filed in New York County, New York.

State of Missouri,)
)ss.
City of St. Louis.)

On this 31st day of January, in the year 1903, before me personally appeared William Taussig, to me personally known to be the person described in and who executed the foregoing instrument, and acknowledged that he executed the same as his free act and deed for the considerations and purposes therein mentioned and set forth.

In Witness Whereof, I have hereunto set my hand and affixed my official seal, the day and year first hereinabove written.

My commission expires on the 18th day of September, 1906.

(Seal) H. D. Heuer,
Notary Public, City of St. Louis, Missouri.

State of New York,)
)ss.
County of New York.)

On this, seventh day of February, in the year 1903, before me personally came Edgar T. Welles, to me personally known, who, being by me duly sworn, did depose and say that he resides in the City of New York, in the State of New York; that he is the vice-president of the Wabash Railroad Company, one of the corporations described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to said instrument is such corporate seal; that said instrument was signed and sealed in behalf of said corporation by order of its board of directors, and that he signed his name thereto by like order; and said Edgar T. Welles acknowledged said instrument to be the free act and deed of said corporation.

In Witness Whereof I have hereunto set my hand and affixed my official seal the day and year aforesaid.

My commission expires on the 30th day of March, 1904.

(Seal) Charlotte S. Van Brunt,
Notary Public, Kings County, No. 4.

Certificate filed in New York County.

State of New York,)
)ss.
County of New York.)

On this, 29th day of January, in the year 1903, before me personally came J. D. Layng, to me personally known, who, being by me duly sworn, did depose and say that he resides in the City of New York, in the State of New York; that he is vice-president of Cleve-

land, Cincinnati, Chicago and St. Louis Railway Company, one of the corporations described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to said instrument is such corporate seal; that said instrument was signed and sealed on behalf of said corporation by order of its board of directors, and that he signed his name thereto by like order, and said J. D. Layng acknowledged said instrument to be the free act and deed of said corporation.

In Witness Whereof, I have hereunto set my hand and affixed my official seal the day and year aforesaid.

My commission expires on the 30th day of March, 1904.

(Seal) A. Lansing Baird,
Notary Public, New York County, New York.

Complainant's Exhibit No. 62.

Yarn, in sacks	2

RULES.

1. The minimum charge for any one consignment will be one hundred pounds at tariff rate, but not less than ten cents each. When shipments are handled to or from warehouses of this Company the minimum charge will be twenty-five cents for each package.

2. Freight between connecting lines must be loaded in a separate car for line to which destined, and all such cars will be subject to a minimum of 5,000 pounds.

3. Maximum charge for any single shipment shall not exceed the minimum charge at carload rates for the same article.

4. All freight must be removed promptly by consignees, and shall be at their entire risk after twenty-four (24) hours from receipt of notice by them.

5. All consignments will be charged for at actual gross weight.

6. Any shipment which, in the judgment of the forwarding agent, will not bring, at forced sale, the

amount of freight charges at destination, must be prepaid or charges guaranteed.

7. These rates do not apply to consignments which from their nature require a separate car for their transportation. Such consignments will be charged at minimum carload rates, except as otherwise provided for or covered by special agreement.

8. All goods received subject to rules of connections for whom they are destined.

Complainant's Exhibit No. 63.

MISSOURI & ILLINOIS BRIDGE & BELT RAILROAD COMPANY.

RULES.

1. The minimum charge for any one consignment will be one hundred pounds at tariff rate, but not less than ten cents each. When shipments are handled to or from warehouse of this Company the rate will be ten cents per hundred pounds; minimum charge will be twenty-five cents.

2. Freight between connecting lines must be loaded in a separate car for line to which destined, and all such cars will be subject to a minimum of 5,000 pounds.

3. Maximum charge of any single shipment shall not exceed the minimum charge at carload rates for the same article.

4. All freight must be removed promptly by consignee, and shall be at their entire risk after twenty-four (24) hours from receipt of notice by them.

5. All consignments will be charged for at actual gross weight.

6. Any shipment which, in the judgment of forwarding agent, will not bring, at forced sale, the amount of freight charges at destination, must be prepaid or charges guaranteed.

7. These rates do not apply to consignments which from their nature require a separate car for their transportation. Such consignments will be charged at minimum carload, except as otherwise provided for or covered by special agrement.

8. All goods received subject to rules of connections for whom they are destined.

COMPLAINANT'S EXHIBIT No. 63-A.

No. Tariff	Coal Carload Anthracite In favor of all	Coal Carload Bituminous, Min. Wt. 30,000 lbs. destined to industries located within switching limits. In favor of all	Coal Carload Bituminous for R. R. Co.'s use. No Minimum	Coal Carload Bituminous min. wt. 40,000 lbs. destined to points beyond switching limits favor of all

Weights.

All coal forwarded at rates named herein is subject to weights shown in Coal Tariff No. 17, C. T. M., I. C. C. No. 9, supplements thereto, or subsequent issues.

On coal originally consigned and delivered to private sidings in Chicago connecting with C. & E. I. rails north of Oakdale, the rate will be $1.00 per car less than the above.

This tariff bears on its face a rubber stamp reading as follows:

"Distribution List, No. (in red ink) 35514."

Also a rubber stamp reading as follows:

"Canceled by (in red ink) Coal Tar. 110. Effective (in red ink) 4-1-03."

Supplement No. 1 to I. C. C., C. T. M. No. 10.

"FRISCO SYSTEM."

CHICAGO & EASTERN ILLINOIS RAILROAD.

Supplement No. 1 to Coal Tariff No. 20.

Local Tariff on Soft Coal, Carloads, from Mines on C. & E. I. R. R. to Stations on Chicago & Eastern Illinois Railroad.

Effective February 18, 1903, the rates named in above described Tariff to stations Wateska, Ill., to Wellington, Ill., inclusive, will also apply to *Pence, Ind., *Finney, Ind., and *Judyville, Ind.

*No agent; prepay.

Weights.

All coal forwarded at rates herein named is subject to weights shown in Coal Tariff No. 17, C. T. M., I. C. C. No. 9, supplements thereto, or subsequent issues.

On coal originally consigned and delivered to private sidings in Chicago connecting with C. & E. I. rails north of Oakdale, the rate will be $1.00 per car less than the above.

This Tariff bears on its face a rubber stamp reading as follows:

"Distribution List No. (in pencil) 36458."

Also a rubber stamp reading as follows:

"Canceled by (in pencil), Coal.Tf. 283. Effective (in pencil) May 2, '04."

Supplement No. 1 to I. C. C., C. T. M. No. 44.

"FRISCO SYSTEM."

CHICAGO & EASTERN ILLINOIS R. R.

Supplement No. 1 to Coal Tariff No. 110.

Local Tariff on Soft Coal, Carloads, from Mines on C. & E. I. R. R. to Stations on Chicago & Eastern Illinois R. R.

H. H. Rhodes, Coal Traffic Manager,
Chicago, Ill.

Authy. R. 19.

Effective at once, the following rules will govern the absorption of switching charges of foreign roads on coal at junction points on the Chicago & Eastern Illinois Railroad:

Chicago—(a). The rates named in tariff hereby amended to Chicago include the delivery of coal to all railroads entering Chicago, but do not include any portion of such roads' local switching, except as specified in section b.

(b) The actual switching charges of the following named roads, but not exceeding $3.00 per car, will be absorbed, this absorption to be made through claim, supported by original switching bills of such roads:

Chicago & Grand Trunk Railway.
Chicago, Burlington & Quincy Railway.
Chicago, Rock Island & Pacific Railway.
Lake Shore & Michigan Southern Railway.
Michigan Southern Railway.
Michigan Central Railroad.
Pittsburg, Ft. Wayne & Chicago Railway.
Pullman Railroad.
Wabash Railroad.

The switching charges of the railroads connecting with the Chicago & Eastern Illinois Railroad south of Chicago will not be absorbed, except as hereinafter specified.

Chicago Heights—The switching charges of the Chicago Heights Terminal Transfer Company, Elgin, Joliet & Eastern Railway and Michigan Central Railroad will be absorbed.

Momence—The switching charge of the Indiana, Illinois & Iowa Railroad will be absorbed.

St. Anne—The switching charge of the Cleveland, Cincinnati, Chicago & St. Louis Railway will be absorbed.

Watseka—The switching charge of the Toledo, Peoria & Western Railway will be absorbed on block coal. The Toledo, Peoria & Western Railway will not switch bituminous coal.

Tuscola—The switching charge of the Cincinnati, Indianapolis & Western Railway will be absorbed.

Arthur—The switching charge of the Vandalia Line will be absorbed.

Sullivan—The switching charge of the Illinois Central Railroad will be absorbed.

Shelbyville—The switching charge of the Cleveland, Cincinnati & St. Louis Railway will be absorbed.

Chicago, Ill., April 15, 1903.

This supplement bears on its face a rubber stamp reading as follows:

"Distribution List No. (in pencil) 36458."

Coal Tariff No. 283, (Canceling Coal Tariff No. 110.)

Local Tariff on Soft Coal, Carloads, Mines on C. & E. E. I. R. R. to Stations on C. & E. I. R. R.

Issued April 27, 1904. Effective May 2, 1904.

Expires March 31, 1905, unless sooner abrogated.

H. H. Rhodes, Coal Traffic Manager.
Chicago, Ill.

Authority R-19.

The following rules will govern the absorption of switching charges of foreign roads on coal at junction points on the Chicago & Eastern Illinois Railroad:

Chicago: (a) The rates named herein to Chicago include the delivery of coal to all railroads entering Chicago, but do not include any portion of such roads' local switching, except as specified in Section b.

(b) The actual switching charges of the following named roads, but not exceeding $3.00 per car will be absorbed; this absorption to be made through claim, supported by original switching bills of such roads:

Chicago & Alton Railroad.
Grand Trunk Railway System.
Illinois Northern Railway.
Lake Shore & Michigan Southern Railway.
Michigan Central Railroad.
Pittsburg, Fort Wayne & Chicago Railway.
Pullman Railroad.
Wabash Railroad.

The switching charges of the railroads connecting with the Chicago & Eastern Illinois Railroad south of Chicago will not be absorbed, except as hereinafter specified:

Dolton Junction—not to exceed $3.00 per car will be absorbed of the combined switching charge made by the Chicago Terminal Transfer Railroad and Chicago, West Pullman & Southern Railway for handling coal from Dolton Junction to West Pullman, Ill.

Chicago Heights—The switching charges of the Chicago Heights Terminal Transfer Company, Elgin, Joliet & Eastern Railway and Michigan Central Railroad will be absorbed.

Momence—The switching charge of the Indiana, Illinois & Iowa Railroad will be absorbed.

St. Anne—The switching charge of the Cleveland, Cincinnati, Chicago & St. Louis Railway will be absorbed.

Watseka—The switching charge of the Toledo, Peoria & Western Railway will be absorbed on block coal. The Toledo, Peoria & Western Railway will not switch bituminous coal.

Tuscola—The switching charge of the Cincinnati, Indianapolis & Western Railway will be absorbed.

Arthur—The switching charge of the Vandalia Line will be absorbed.

Sullivan—The switching charge of the Illinois Central Railroad and Wabash Railroad will be absorbed.

Shelbyville—The switching charge of the Cleveland, Cincinnati, Chicago & St. Louis Railway will be absorbed.

Attica, Ind.—Not exceeding $2.00 per car of the Wabash switching charge will be absorbed.

Altamont, Ill.—The switching charge of the Baltimore & Ohio Southwestern Railroad and Vandalia Line will be absorbed.

Also a rubber stamp reading as follows:

"Canceled by (in pencil) J. T. 498. Effective (in pencil) May 5, '06."

The following rules will govern the absorption of switching charges of foreign roads on coal at junction points on the Chicago & Eastern Illinois Railroad:

Chicago: a. The rates named herein to Chicago include the delivery of coal to all railroads entering Chicago, but do not include any portion of such roads' local switching, except as specified in section b.

b. The actual switching charges of the following named roads, but not exceeding $3.00 per car, will be absorbed; this absorption to be made through claim, supported by original switching bills of such roads.

Chicago & Alton Railroad.
Grand Trunk Railway System.
Illinois Northern Railway.
Lake Shore & Michigan Southern Railway.
Michigan Central Railroad.
Pittsburg, Fort Wayne & Chicago Railway.
Pullman Railroad.
Wabash Railroad.

The switching charges of the railroads connecting with the Chicago & Eastern Illinois Railroad south of Chicago will not be absorbed, except as hereinafter specified.

Not to exceed $3.00 per car will be absorbed of the Erie Railroad switching charges, on coal consigned to consignees on Erie Railroad tracks at Hammond, Ind., providing all such shipments are billed through via Dolton Jct., Ill., and Chicago Terminal Transfer Railroad care Erie Railroad, Hammond, Ind. Consignors should plainly show such routing on their mine manifests and reconsignment orders.

Dolton Junction—Not to exceed $3.00 per car will

be absorbed of the combined switching charge made by the Chicago Terminal Transfer Railroad and Chicago, West Pullman & Southern Railway for handling coal from Dolton Junction to West Pullman, Ill.

Chicago Heights—The switching charges of the Chicago Heights Terminal Transfer Company, Elgin, Joliet & Eastern Railway and Michigan Central Railroad will be absorbed.

Momence — The switching charge of the Indiana, Illinois & Iowa Railroad will be absorbed.

St. Anne—The switching charge of the Cleveland, Cincinnati, Chicago & St. Louis Railway will be absorbed.

Watseka—The switching charge of the Toledo, Peoria & Western Railway will be absorbed on block coal. The Toledo, Peoria & Western Railway will not switch bituminous coal.

Tuscola—The switching charge of the Cincinnati, Indianapolis & Western Railway will be absorbed.

Arthur—The switching charge of the Vandalia Railroad will be absorbed.

Sullivan—The switching charge of the Illinois Central Railroad and Wabash Railroad will be absorbed.

Shelbyville—The switching charge of the Cleveland, Cincinnati, Chicago & St. Louis Railway will be absorbed.

Attica, Ind.—Not exceeding $2.00 per car of the Wabash Railroad switching charge will be absorbed.

Altamont, Ill.—The switching charge of the Baltimore & Ohio Southwestern Railroad and Vandalia Railroad will be absorbed.

Mt. Vernon, Ill.—The switching charges of the Louisville & Nashville Railroad, Southern Railway and Wabash, Chester & Western Railroad will be absorbed.

Rates in Dollars and Cents per Ton of 2,000 Pounds.

Note 1.—Applicable on Block Coal and Mine Run, also Block Slack and Block Screenings.

Note 2.—Applicable on Bituminous Lump, Egg and Mine Run, also Bituminous Nut, Pea, Slack and Screenings.

Weights.

All coal forwarded at rates named herein is subject to weights shown in Coal Tariff No. 252, A. C. T. M., I. C. C. No. 148, supplements thereto, or subsequent issues.

On coal originally consigned and delivered to private sidings in Chicago connecting with C. & E. I. rails north of Euclid Park, the rate will be $1.00 per car less than the above.

Supplement No. 1 to I. C. C., C. T. M. No. 159.

Car Transfer Rates.

Freight in car loads to one consignee, when loaded or unloaded by owner, minimum 25,000 lbs., 2 cents per 100 lbs., except as noted below and subject to the rules following:

Commodity.	In cents per 100 lbs.
Acid, in tanks	1½
Asphaultum	1½
Axes, Adzes and Hatchets	1½
Bark, Spent, minimum 40,000 lbs.	1
Barrels and boxes, empty	1½
Barley	See Note 3
Bark	1½
Barytes	1½
Bituminous Rock	1
Box Stuff	1½
Blinds, Sash, Doors	1½
Bran	1½
Brick, minimum 40,000 lbs.	1
Bones	1½
Bone Black	1½
Building Tile, hollow, minimum 32,000 lbs.	1¼
Canned Goods, no minimum	2
Carbonite, same as Coke	1½
Carriers and Trays, empty, returned	per car $3
Castor Beans	1½
Cement	1½
Chair Timber	1
Cinders, minimum 30,000 lbs.	1
Cinders, Mill	1

Crackling (Soap Stock) 1½
Clay, Minimum 40,000 lbs. 1
Coal, Bituminous ..... See Note 5
Coal, Anthracite 1½
Copper Matte 1½
Coke 1½
Copperas 1½
Corn ..... See Note 3
Cotton, no minimum 2
Cotton Seed Hulls 1½
Cullet or Broken Glass 1½
Coffe, no minimum 2
Corn Meal 1½
Doors, Sash, Blinds 1½
Drain Tile, min. 32,000 lbs. 1¼
Fish, no minimum 2
Feldspar 1½
Fertilizer 1½
Facings, Foundry Coal or Plumbago 1½
Flax Seed 1½
Flour 1½
Glucose, refuse 1½
Grits 1½
Grain, no minimum ..... See Note 3
Granite, Finished 2
Gravel, minimum 40,000 lbs. 1
Grindstones 1½
Granite, crushed or unwrought 1
Granite Paving Stones 1¼
Handles, Wood 1½
Heading 1½
Hay ..... See Note 4
Hoops and Hoop Poles 1½
Hides, no minimum 2
Ice 1
Iron Scrap 1½
Iron—Merchant, Hatchets, Anvils, Band, Bar, Beam, Sheet, Plate, Rod, Wire, Axles, Adzes, Chain, Bolts, Nuts, Spikes, Wheels, Axes, Nails, Structural, Horse Shoes and Nails, Cotton Ties, Plain Castings, Pig, Car Springs, Pipe, Vises, Picks, Rails and Fastenings 1½

Junk 1½
Jute Butts, no minimum 1½
Lard Oil 2
Lime 1½
Live Stock ..... See Note 1
Lumber, Lath and Logs 1½
Mill Cinder 1
Malt and Malt Sprouts 1½
Malt Sprout, refuse, no minimum 1½
Machinery, old, returned to maker for repairs .... Half Tariff Rate
Manure, minimum 30,000 lbs. 1
Marble, unwrought 1½
Marble, planed, sawed, cut or finished 2
Mineral Water, in tank cars 1½
Mill feed 1½
Molasses, no minimum 2
Novaculite, minimum 40,000 lbs. 1
Oats ..... See Note 3
Oil, N. O. S. 1½
Oil Cake and Meal 1½
Ore, all kinds except Ground Iron 1¼
Ore, Ground Iron 1½
Oleo Oil 2
Paper Stock 1½
Paving Blocks (granite) 1¼
Piling 1½
Plaster 1½
Poles and Posts 1½
Powder, between connecting railroads, min. 20,000 lbs. 4
Powder not taken for city delivery.
Railway Equipment ..... See Note 2
Rails and Fastenings 1½
Roofing Felt 1½
Roots, minimum 36,000 lbs. 1½
Rice and Rice Meal, Brewers' 1½
Rye ..... See Note 3
Rice, no minimum 2
Rosin 1½
Salt 1½

Rate applies between Brooklyn St., Burlington, Central B, Farmers, Merchants, Rogers, Mound City and Victoria Elevators located in St. Louis, Mo., all railroads terminating at St. Louis, all freight yards of the Wiggins Ferry Co., in St. Louis and industries located thereon, and all freight yards located on East St. Louis Connecting Railway; The Union, Advance, East St. Louis, The Belt, Montgomery B, Traders, Columbia and Koehler Elevators, industries located on East St. Louis Connecting Railway, and all railroads terminating at East St. Louis, Ills.

Transferred Through Elevators at East St. Louis.—Between connecting railroads terminating at St. Louis, Mo. (except grain loaded at elevators in St. Louis), and connecting railroads terminating at East St. Louis, Ill., via elevators located on this company's tracks at East St. Louis, to be transferred from west side cars to east side line cars, or vice versa, one cent per 100 lbs. In order to secure advantage of this rate, shipments must be billed through to connecting lines, via elevators for transfer, and same accomplished within ten days after grain is unloaded.

Transferred Through Elevators at St. Louis.—Between connecting railroads terminating at St. Louis Mo., (except grain loaded at elevators in St. Louis), and connecting railroads terminating at East St. Louis, Ill., via elevators located on this company's tracks at St. Louis, Mo., to be transferred from west side line cars to east side line cars, or vice versa, one cent per 100 lbs. minimum, $4,50 per car. In order to secure advantage of this rate, shipments must reach us billed through to connecting line, via elevator for transfer, and same accomplished within ten days after grain is unloaded.

NOTE NO. 4.—HAY.

Between all connecting railroads terminating at St. Louis, Mo. and all connecting railroads terminating at East St. Louis, Ill., 1½c per 100 lbs., minimum, $4.00 per car.

Between all connecting railroads terminating at St. Louis, Mo., and the Union warehouse, East St. Louis, Ill., 1½c per 100 lbs., minimum $4.00 per car.

NOTE NO. 5.—COAL, BITUMINOUS.

Destined to this Company's yards, and industries in St. Louis, Mo., located on switches connected with its tracks in St. Louis, Mo., 1½c per 100 lbs.

Destined to industries and tracks in St. L., I. M. & S. yards, St. Louis, Mo., to and north of Delore St., 1½c per 100 lbs.

Destined to industries and tracks in Wabash (West) yards, St. Louis, Mo., to and south of Luther Ave., 1½c per 100 lbs.

Destined to industries and tracks in Mo. Pac. Ry. yards, St. Louis, Mo. to and including Cheltenham, 1½c per 100 lbs.

Destined to industries and tracks in St. L., K. & N. W. yards, St. Louis, Mo., to and north of Bircher St., 1½c per 100 lbs.

Destined to connecting lines for points beyond switching limits in St. Louis, Mo., 1c per 100 lbs. minimum 40,000 lbs.

For railway company's use, 1c per 100 lbs.; no minimum.

RULES GOVERNING THE HANDLING OF TRAFFIC UNDER THIS SCHEDULE.

Rule No. 1.—Minimum charges, unless otherwise noted.

The minimum car load weight on all commodities charged for at 2c per 100 lbs. will be 25,000 lbs.

The minimum car load weight on all commodities charged for at 1½c per 100 lbs. will be 30,000 lbs.

The minimum car load weight on all commodities for 1½c per 100 lbs. will be 36,000 lbs. except as noted.

The minimum car load weight on all commodities charged for at 1c per 100 lbs. will be 50,000 lbs. except as noted.

Rule No. 2.—The National Stock Yard charge of ($1.00) one dollar per car for trackage on all business to or from industries located on its tracks must be added to above rates.

Rule No. 3.—No loaded car will be received by these companies unless accompanied by regular way-bill showing final destination and consignee. If for St. Louis delivery the freight yard or switch at which delivery is to be made should be designated on way-bill.

Rule No. 4.—Rules of the Central Car Service Association will apply on car load freight delivered on the tracks of the companies.

Rule No. 5.—Long lumber and other articles which require two or more cars for their transportation, shall be charged at actual weight of the commodity at the tariff rate, but in no case will a charge of less than the established car load minimum of one car be accepted.

Rule No. 6.—All freight taking car load rates shall be loaded and unloaded by owner.

Rule No. 7.—Agricultural implements, boilers, heavy and large machinery, and freight which requires blocking or bracing must be loaded and unloaded and safely blocked or braced by owner at his expense.

Coach or Sleeper, standard gauge	6.00
Snow Plows	10.00
Steam Shovels	10.00
Derrick Cars	10.00
Crane Cars	10.00
Narrow Gauge Equipment—Two (2) cents per 100 lbs., minimum	5.00

Note No. 3.—Coal, Bituminous.

Destined to this Company's yards, and industries in St. Louis, Mo., located on switches connected with its tracks in St. Louis, Mo., 1½c per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in St. L., I. M. & S. yards, St. Louis, Mo., to and north of Delore St., 1½c per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in Wabash (West) yards, St. Louis Mo., to and south of Luther Ave., 1½c per 100 lbs.

Destined to industries and tracks in Mo. Pac. Ry. yards, St. Louis, Mo., to and including Cheltenham, 1½c per 100 lbs, minimum 40,000 lbs.

Destined to industries and tracks in St. Louis, K. & N. W. yards, St. Louis, Mo., to and south of Prospect Hill, 1½c per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in St. L. K. & N. W. yards, Fort Bellefontaine, and south to Prospect Hill two (2) cents per 100 lbs., minimum 40,000 lbs.

Destined to connecting lines for points beyond switching limits in St. Louis, Mo., 1½c per 100 lbs., minimum 40,000 lbs.

For Railway Co.'s use, 1c per 100 lbs., minimum 40,000 lbs.

Rules Governing the Handling of Traffic Under This Schedule.

Rule No. 1.—Minimum charges, unless otherwise noted:

The minimum carload weight on all commodities charged for at 2c per 100 lbs. will be 25,000 lbs.

The minimum car load weight on all commodities charged for at 1½c per 100 lbs. will be 30,000 lbs.

The minimum car load weight on all commodities charged for at 1¼c per 100 lbs. will be 36,000 lbs., except as noted.

The minimum car load weight on all commodites charged for at 1c per 100 lbs. will be 50,000 lbs., except as noted.

Rule No. 2.—No loaded car will be received by these Companies unless accompanied by a regular way-bill showing final destination and consignee. If for St. Louis delivery the freight yard or switch at which delivery is to be made should be designated on way-bill.

Rule No. 3.—Rules of the Central Car Service Association will apply on car load freight delivered on the tracks of these Companies.

Rule No. 4.—Long lumber and other articles which require two or more cars for their transportation, shall be charged at actual weight of the commodity

at the Tariff rate, but in no case will a charge of less than the established car load minimum of each car be accepted.

Rule No. 5.—All freight taking car load rates shall be loaded and unloaded by owner.

Rule No. 6.—Agricultural Implements, Boilers, heavy and large machinery, and freight which requires blocking or bracing, must be loaded and unloaded and safely blocked or braced by owner at his expense.

Rule No. 7.—Car rental charge will be assessed on all cars loaded on or reconsigned from these Companies' tracks, destined to points within reclaim limits of St. Louis, Mo., or East. St. Louis, Ill.

Rule No. 8.—On all cars loaded with dead freight to or from industries loaded on tracks of St. Louis National Stock Yards, add $2.00 per car for National Stock Yards charges.

ST. LOUIS TRANSFER RAILWAY CO. SWITCHING TARIFF.

Connecting with Missouri, Kansas & Texas; Chicago, Burlington & Quincy (Burlington Route); Wabash Railroads; St. Louis Merchants Bridge Terminal; Wiggins Ferry Car Transfer (North Incline.)

M., K. & T. Ry.	1.00
St. L. I. M. & S. Ry.	2.00
Missouri Pacific Ry.	2.00
St. L. S. W. Ry.	2.00
All switches south of Almond St.	2.00

Between all switches south of Almond Street and

	Per Car.
St. L. I. M. & S. Ry.	$1.00
Missouri Pacific Ry.	1.00
St. L. S. W. Ry.	1.00
Wabash R. R.	2.00
M., K. & T. Ry.	2.00
C., B. & Q. Ry. (Burlington Route)	2.00
St. Louis Merchants Bridge Terminal	2.00
All switches north of Biddle St.	2.00

*Between Wabash; Chicago, Burlington & Quincy; Missouri, Kansas & Texas; Merchants Bridge Terminal Railroads, terminating at North St. Louis; and St. Louis, Iron Mountain & Southern; St. Louis Southwestern & Missouri Pacific Railroads, terminating at South St. Louis, $2.00 per car.

*See Rule 8.

*Live stock between above named railroads and Independent Stock Yards, $2.00 per car.

Rule No. 1.—The rates quoted above apply on loaded cars only, and include the handling of empty cars to or from industry or connecting railroad.

Rule No. 2.—Empty freight cars, for repairs, will take New Equipment rates one way.

Rule No. 3.—New Equipment: Freight cars, $2.00 each; passenger, baggage and mail cars, $3.00 each.

Rule No. 4.—Locomotives (dead or under steam), $5.00 each.

Rule No. 5.—All loaded cars must be accompanied by a regular way-bill showing consignee and final destination.

Rule No. 6.—All cars are subject to rules of Central Car Service Association.

Rule No. 7.—A charge of $2.00 per car will be made on all cars reconsigned from this Company's tracks, except on cars destined to points east of the Mississippi River via Wiggins Ferry Transfer.

Rule No. 8.—On all car load freight between industries and yards located on St. Louis Transfer Railway Co., and from connecting railroads terminating in St. Louis and St. Louis & San Francisco, Wabash (Union Depot Line), or St. Louis, Kansas City & Colorado Railroads, add $3.00 per car to rates quoted above to cover intermediate switching charge.

Rule No. 9.—All orders for empty cars must be placed with agents.

Rule No. 10.—This Company does not accept charges on cars from connecting railroads handled for switching revenue only.

Rule No. 11.—No car billed to "Shipper's Order" for delivery in yards of this company will be received.

Rule No. 12.—Car rental charge will be assessed on all cars loaded on or reconsigned from this company's tracks, destined to points within reclaim limits of St. Louis, Mo., or East St. Louis, Ill.

EAST ST. LOUIS CONNECTING RAILWAY CO.

Connecting Railroads Terminating at East St. Louis, Illinois.

Connecting Railroads.—Toledo, St. Louis and Western; Wabash; Chicago, Burlington & Quincy; Chicago & Alton; Baltimore & Ohio; Southwestern Vandalia Line; Louisville & Nashville; Illinois Central (Cairo Short Line); Mobile & Ohio; Cleveland, Cincinnati, Chicago & St. Louis (Big Four); Southern

Wool, in bags. 5
Yarn, in sacks. 5

Between this Company's Warehouses, St. Louis, and Granite City and Madison, Ill., all classes, five (5) cents per 100 pounds. No single shipment will be carried for less than twenty-five (25) cents.

RULES—FREIGHT IN CAR LOADS.

1. The following minimum weights will apply, except as noted in classification:

Freight charged for at two (2) cents per 100 lbs., 25,000 pounds.

One and one-half (1½) cents per 100 pounds, 30,000 pounds.

One and one-fourth (1¼) cents per 100 pounds, 36,000 pounds.

One (1) cent per 100 pounds, 50,000 pounds.

2. The National Stock Yards charge one dollar ($1) per car trackage, on business to and from industries located on its tracks, must be added to transfer rates.

3. No loaded car will be recived by this company unless accompanied by reguler way-bill, showing final destination and consignee. If for St. Louis delivery, the freight yard or switch at which delivery is to be made must be designated on way-bill.

4. Rules of the Central Car Service Association will be enforced on car load freight delivered on the tracks of this company.

5. Articles which require two or more cars for their transportation, shall be charged at actual weight of the commodity at the tariff rate, but in no case will a charge of less than the established car load minimum of one car be accepted.

6. All freight taking car load rates shall be loaded and unloaded by owner.

7. Agricultural Implements, Boilers, heavy and large Machinery and freight which requires blocking or bracing, must be loaded and unloaded, and safely blocked or braced by owner at his expense.

FREIGHT IN LESS THAN CAR LOADS.

8. The minimum charge for any one consignment will be one hundred pounds at tariff rate, but no single consignment for less than ten cents.

9. Consignments of freight from one connecting line to another may be loaded in same car with freight for company's warehouses, at 11th and Poplar streets, and will be carried at regular tariff rates.

10. Mixed freight in lots of not less than 5,000 pounds, loaded by delivering line and unloaded by receiving line, will be handled at same rates as apply to company's warehouses.

11. No less than car lots of freight will be received in St. Louis, except at the Company's warehouses or at Cupples Station, nor east of the Mississippi River unless destined to these warehouses, except they be subject to the regular minimum charge for car load, or when between connecting lines as per Rule 10.

12. Maximum charge for any single consignment shall not exceed the minimum charge at car load rates for the same article.

13. All freight must be removed promptly by consignees, and shall be at their entire risk after twenty-for (24) hours from receipt of notice by them. If not removed within forty-eight hours goods may be stored in public warehouse.

14. All consignments will be charged for at actual gross weight.

15. All property shall be subject to necessary cooperage or baling at owner's cost, and any package not in safe shipping condition will be refused.

16. These rates do not apply to consignments which, from their nature, require a separate car for their transportation. Such consignments will be charged at minimum car load rates, except as otherwise provided for or covered by special agreement.

17. Rules of connecting lines for whom goods are received will apply.

Complainant's Exhibit No. 77.

I. C. C. No. 5.
Freight Tariff No. 5.

TERMINAL RAILROAD ASSOCIATION OF ST. LOUIS.

Issued June 1st, 1904. To I. C. C. June 1st, 1904.
In effect June 15th, 1904.

Naming rates between Baltimore & Ohio Southwestern Railroad; Cleveland, Cincinnati, Chicago & St. Louis Railway; Chicago, Burlington & Quincy Railroad; Chicago & Alton Railway; East St. Louis & Carondelet Railway; East St. Louis Connecting Railway; Chicago, Peoria & St. Louis Railway; Illinois Central Railroad; Louisville & Nashville Railroad; Mobile & Ohio Railroad; St. Louis & Belleville Electric Railway; St. Louis, Iron Mountain & Southern Railway (East of Mississippi River); St. Louis Merchants Bridge Terminal Railway; St. Louis & O'Fallon Railway; St. Louis, Vandalia & Terre Haute Railroad; St. Louis, Troy & Eastern Railroad; Southern Railway; Toledo, St. Louis & Western Railroad; Venice & Carondelet Railway; Wabash Railroad (East of Mississippi River); Wiggins Ferry (East of Mississippi River), terminating in East St. Louis, Madison and Granite City, Ill., and Chicago, Rock Island & Pacific Railway; Missouri Pacific Railway; Missouri, Kansas & Texas Railway; St. Louis, Iron Mountain & Southern Railway (West of Mississippi River); St. Louis, Kansas City & Colorado Railroad; St. Louis & San Francisco Railroad; St. Louis, Keokuk & Northwestern Railroad; St. Louis Southwestern Railway; St. Louis Transfer Railway; Wabash Railroad (West of Mississippi River); Wiggins Ferry (West of Mississippi River), terminating in St. Louis, Mo., also between yards and industries located on this company's tracks in St. Louis, Mo.; also all railroads terminating in St. Louis, Mo., and yards and industries located on this company's tracks in East St. Louis,

Madison and Granite City, Ill., and between all railroads terminating in East St. Louis, Madison and Granite City, Ill., and yards and industries located on this Company's tracks in St. Louis, Mo.
J. L. Penney, Commercial Agent.
L. W. Putnam, Contracting Agent.
A. S. Johnson, Freight Agent.
W. S. McChesney, Jr., President.

Freight in car loads, to one consignee, when loaded and unloaded by owner, two (2) cents per hundred pounds.

All cars subject to a minimum of 25,000 pounds, except as classified below, and subject to rules following:

Classification—	In cents per 100 lbs.
Acid, in tanks	1½
Asphaltum	1½
Barrels and Boxes, empty	1½
Bark	1½
Brick, N. O. S.	1½
Brick, Common and Fire	1
Bones	1½
Barytes	1½
Carbonite	1½
Carriers, empty, returned	$3.00 per car.
Cement	1½
Charcoal	1½
Cinders, minimum 30,000 lbs.	1
Cinders, mill	1
Clay, common and fire	1
Clay, N. O. S.	1¼
Coal, Bituminous	See Note 1.
Coal Anthracite	1½
Coke	1½
Copperas	1½
Cotton, minimum 15,000 lbs.	2
Cotton Waste	1½
Felt, Roofing, in rolls	1½
Feldspar	1½

Fertilizer. 1½
Facing, Foundry, Coal or Plumbago. 1½
Flax Seed. 1½
Glucose Refuse. 1½
Grain, Barley, Corn, Oats, Rye and Wheat, minimum 40,000 lbs. 1
Grain Products: Ceraline, Cream of Maize, Flake Malt, Frumentum, Quick Malt, Silver Flake Malt, Starch 2
Grain Products: Avena, Bran, Brewers' Dried Grain, Brewers' Meal, Buckwheat Flour, California Food, Corn Flour, Corn Meal, Cotton Seed Cake, Cotton Seed Hulls, Cotton Seed Meal, Cracked Corn, Cracked Wheat, Cream of Wheat, Distillers' Dried Slop, Dried Grain Molasses, Farina, Farinose, Flour, Germos, Glucose Feed, Gluten Meal, Grits, Groats, Ground Corn, Healthall, Hominy, Hulled Corn (except canned), Kaffir Corn Meal, Maizeline, Maizone, Malt, Malt Skimmings, Malt Sprouts, Middlings, Mill Feed, Oat Hulls, Oat Meal, Oil Cake, Oil Meal, Pearl Barley, Pearl Wheat, Rolled Oats, Rolled Wheat, Rye Flour, Screenings, Ship Stuffs, Shorts, Sprouting Barley, Vitos 1½
Granite, Finished 2
Granite, Unwrought 1½
Granite Paving Blocks 1¼
Granite, Crushed 1
Gravel 1
Grindstones 1½
Ice 1
Iron, Axles, Band, Bar, Beam, Bolts, Car Springs, Castings, Chains, Cotton Ties, Enameling Plate, Nails, Nuts, Pig, Pipe, Plate, Rods, Sheet, Spikes, Structural, Wheels, Wire 1½
Iron, Scrap 1¼
Jute Butts 1½
Junk 1¼
Lime 1½
Live Stock . . . . . See Note 2.

Lumber, Axles, Blinds, Box Stuff, Chairs, Doors, Handles, Headings, Hubs, Lath, Logs, Piling, Poles, Posts, Sash, Shingles, Shooks, Skeins, Spokes, Staves, Stave Bolts, Timber, Wagon Wood (in the rough) 1½
Machinery, Old, returned to maker for repairs 1
Manure, minimum 40,000 lbs. 1
Marble, planed, sawed, cut or finished 2
Marble, unwrought 1½
Mineral Water, in tank cars 1½
Novaculite, minimum 40,000 lbs. 1
Ore, all kinds, except Ground Iron 1¼
Ore, Ground Iron 1½
Paper Stock 1½
Pitch 1½
Plaster and Plaster Board 1½
Powder, High Explosives, between connecting railroads, minimum 20,000 lbs. 4
Powder (not taken for city delivery) .....
Railway Equipment ..... See Note 3.
Rock, Bituminous 1½
Rosin 1½
Rice and Rice Meal, Brewers' 1½
Rails and Fastenings 1½
Salt 1½
Salt Cake 1½
Sand 1
Sawdust 1¼
Sewer Pipe, minimum 32,000 lbs. 1¼
Slag 1
Soap Stock 1½
Soda and Soda Ash 1½
Strawboard 1½
Shavings 1¼
Silica 1
Stone, Ornamental 2
Stone, planed, sawed or cut, dressed or unwrought, rough, foundation, filter 1½
Stone, crushed, macadam, rip-rap, rubble 1
Sulphate of Ammonia 1½
Straw 1½

Tar 1½
Tobacco, manufactured 2
Tobacco, Leaf, minimum 15,000 lbs. 2
Tobacco Stems 1½
Ties, Railroad 1
Tripoli and Tripoli Blocks 1½
Trans-Continental Freight, no minimum (regardless of classification) 2
Tile, building, drain, hollow, roofing and conduit . 1¼
Terra Cotta, common 1¼
Terra Cotta, in shape 2
Warrenite 1½
Whiting 1½
Wood, for fuel 1
Zinc, Skimmings and Oxide 1½

NOTE 1.—COAL, BITUMINOUS.

From connecting railroads in East St. Louis, Madison and Granite City, Ill.:

Destined to this Company's yards and industries in St. Louis, Mo., located on switches connected with its tracks in St. Louis, Mo., one and one-half (1½) cents per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in St. L. I. M. & S. yards, St. Louis, Mo., to and north of Delore Street, one and one-half (1½) cents per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in Wabash (West) yards, St. Louis, Mo., to and south of Luther Avenue, one and one-half (1½)) cents per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in Wabash U. D. Line yards, St. Louis, Mo., to and east of King's Highway, one and one-half (1½) cents per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in Missouri Pacific Railway yards, St. Louis, Mo., to and east of Cheltenham, one and one-half (1½) cents per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks on Oak Hill Line to and north of Carondelet, one and one-half (1½) cents per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in St. Louis & San Francisco Railroad Company's yards, St. Louis, Mo., to and east of Cheltenham, one and one-half (1½) cents per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in St. L. K. & N. W. yard, St. Louis, Mo., to and south of Prospect Hill, one and one-half (1½) cents per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in yards of railroad owned by City of St. Louis, Baden and south, one and one-half (1½) cents per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in yards of railroad owned by City of St. Louis, Chain of Rocks and north of Baden, two (2) cents per 100 lbs., minimum 40,000 lbs.

Destined to industries and tracks in St. L. K. & N. W. Yards, Fort Bellefontaine and South to Prospect Hill, two (2) cents per 100 lbs., minimum 40,000 lbs.

Destined to points beyond switching limits in St. Louis, one and one-half (1½) cents per 100 lbs., minimum 40,000 lbs.

For connecting railroad company use, one (1) cent per 100 lbs., minimum 40,000 lbs.

NOTE 2.—LIVE STOCK.

Between St. Louis, Iron Mountain & Southern Railway and connecting railroads at Madison, Granite City and East St. Louis; also National Stock Yards:

One animal	$4.00
Two or more animals	5.00

Between other Western lines and the above:

One animal	$3.00
Two or more animals	4.00
When returned from National Stock Yards for slaughter, loaded in stock cars returning to western lines	4.00

Race Horses and Fair Stock, with feed and trappings 5.00

Man in charge of stock passed free. No return pass given.

NOTE 3.—RAILWAY EQUIPMENT.

Locomotive and Tender, standard gauge	$15.00
Freight Car, standard gauge, per car	2.00
Caboose, per car	3.00
Baggage, Mail or Express, standard gauge, per car	5.00
Coach or Sleeper, standard gauge, per car	6.00
Snow Plows, per car	10.00
Steam Shovels, per car	10.00
Derrick cars, per car	10.00
Crane Cars, per car	10.00
Narrow Gauge Equipment—two (2) cents per 100 lbs., minimum	5.00

FREIGHT IN QUANTITIES LESS THAN CAR LOADS, THREE (3) CENTS PER HUNDRED POUNDS.

Between this Company's established Freight Depots in St. Louis, and all railroads in East St. Louis, except as classified below; subject to rules following:

Classification—	In cents per 100 lbs.
Agricultural Implements, all kinds, N. O. S.	5
Agricultural Implements, when returned to maker for repairs	2½
Acid, in glass	10
Barrels, Kegs and Boxes, empty	5
Barrels and Boxes, returned to shipper	3
Baskets	10
Bed Springs	5
Bird Cages, set up	10
Bird Cages, K. D. and nested	5
Blinds	5
Bricks, Loose	5

Brooms 5
Broom Corn 5
Bamboo Furniture 10
Bath Tubs 10
Burial Cases and Coffins, single, with glass 10
Burial Cases and Coffins, N. O. S. 5
Building Tile 5
Bicycles 10
Billiard Tables 5
Bran Dusters 5
Cans, empty 10
Cans, in cartons or boxes 5
Cans, when used as carriers and returned to shippers 3
Carboys, empty 5
Cauldrons 5
Chairs, except upholstered 5
Chairs, upholstered 10
Chairs, rockers 10
Children's Carriages, not boxed or crated . . . . Not taken
Children's Carriages, boxed or crated 10
Children's Carriages, K. D., nested or crated 5
Cigars and Cigarettes 5
Comforts, in bales 5
Cornices, crated or boxed, and Cornice trimmings. 5
Cornice, loose . . . . . Not taken
Cork, in bags 5
Cotton 5
Cribs, Baby, set up 10
Dairy Products 5
Demijohns 5
Doors 5
Drain Tile 5
Drums, empty 5
Drugs, in carboys 10
Earthenware, in boxes or crates 5
Earthenware, loose . . . . . Special Contract.
Eggs 5
Egg Cases 5
Egg Cases, returned to shipper 3
Evaporator Pans 5

Excelsior, in bundles or bags 5
Fanning Mills 10
Feathers, N. O. S. 10
Feathers, compressed in bales 5
Fruit Jars, O. R. 5
Furniture, N. O. S. 5
Furs and Pelts 5
Glass, O. R. 5
Glass, extra size, too large for box car door, O. R. ..... Special contract
Grindstones, mounted 10
Guttering 5
Hats and Caps, in racks 5
Hay 10
Headstones 5
Headlights 10
Hides 5
Hobby Horses, loose ..... Not taken
Hobby Horses, crated 5
Household Goods 10
Hops 5
Incubators 10
Iron Bedsteads 5
Iron Pulleys, Wheels, Light Castings, loose 5
Kettles 5
Laundry Tubs, Earthen 5
Lumber 5
Machinery 5
Machinery, returned to maker for repairs 2½
Marble, Slabs 5
Mattresses 5
Meats, Fresh ..... Not taken
Millinery Goods 10
Moss 5
Musical Instruments, N. O. S. 10
Oakum 5
Ovens, Gasoline 5
Pianos and Organs 5
Paintings ..... Not taken
Packing House Products 5
Picture Frames, Moulding, Backing 5

Plants 10
Poultry and Game, dressed or alive . . . . . Not taken
Powder and High Explosives 10
Radiators 5
Rags, pressed in packages 5
Rags, in bags or packages, not pressed 10
Ranges 5
Rattan Furniture 10
Reels, Wire and Cable 5
Retorts, Clay 5
Safes, Iron 5
Sash 5
Sewing Machines, set up and crated or boxed 5
Sewing Machines, not crated or boxed . . . . . Not taken
Sewer Pipe 5
Show Cases, boxed or crated 5
Show Cases, not boxed or crated . . . . . Not taken
Sieves, Sifters, in bundles 10
Sieves, Sifters, K. D., boxed, nested or crated 5
Skiffs and Boats 10
Soda Fountains 10
Statuary, crated . . . . . Not taken
Stills 5
Store and Saloon Fixtures 10
Stoves, Gas or Vapor 5
Stoves, Cooking or Heating 5
Stoves, Pipes and Elbows 5
Terra Cotta 5
Tubs and Pails, nested 5
Trees 10
Trunks, empty 10
Trunks, nested 5
Tinware, not nested 10
Tinware, nested 5
Valises, loose 10
Valises, boxed 5
Vehicles, Buggies, Barouches, Carriages, Carts, Cutters, Sleighs, Surreys, Democrat and Spring Wagons, minimum 500 lbs., each 5
Wagons 5

Wagons, Children's, boxed or crated..... 5
Wagons, Children's, not boxed or crated.....Not taken
Wagon Wheels, Rims or Shafts 5
Willowware 10
Wire Springs 10
Wheelbarrows, set up 5
Woodenware; nested and boxed 5
Wool 5
Yarn 5

Freight in quantities less than car loads, between this Company's warehouses, St Louis, Mo., and Granite City and Madison, Ill., five (5) cents per 100 pounds, except as classified above, which articles will be charged for at ten (10) cents per 100 pounds. No single shipment less than twenty-five (25) cents.

Supplement No. 2 to I. C. C. No. 5.

(Cancels Supplement No. 1 and includes all changes.)

TERMINAL RAILROAD ASSOCIATION OF ST LOUIS.

Supplement No. 2. (Cancels Supplement No. 1 and includes all changes.) To Freight Tariff No. 5. Naming rates between yards, industries and connecting lines at St. Louis, Mo., and East St. Louis, Madison and Granite City, Ill.

Issued April 24, 1907. Effective May 1, 1907.

By Authority of the Interstate Commerce Commission, April 20, 1907.

J. L. Penney, Traffic Manager.

Subject to rules and minimums as prescribed in tariff, unless otherwise noted. Rates in cents per hundred pounds, except as noted.

CAR LOADS.

Brass, Ashes, 1½ cents.

Brass, scrap, 1½ cents.

Brick, carload, minimum weight 40,000 lbs., 1 cent.

Brick Bats or Broken Brick, carload, minimum weight 60,000 lbs., ½ cent.

Calcium Chloride, 1½ cents.
Carnivals (see Circuses).
Chatts, 1 cent.
Cinders, between connecting lines, $3.00 per car.
Cinders, when for unloading on this company's rails, $4.00 per car.
Circuses, Viz.: Advertising, animal and equipment cars, coaches and sleepers, containing attendants:
When for unloading on our rails, $7.50 per car.
When handled between connecting lines, $5.00 per car.
Clay, carload, minimum weight 40,000 lbs., 1 cent.
Coal, Bituminous, all rates canceled. (See Tariff No. 6, I. C. C. No. 19.)
Concentrates, 1½ cents.
Copper Residue, 1½ cents.

Yarn, in sacks..... 5

Between this Company's Warehouses, St. Louis, and Granite City and Madison, Ill., all classes; five (5) cents per 100 pounds. No single shipment will be carried for less than twenty-five (25) cents.

RULES—FREIGHT IN CAR LOADS.

1 The following minimum weights will apply, except as noted in Classification:

Freight charged for at two (2) cents per 100 pounds, 25,000 pounds.

Freight charged for at one and one-half (1½) cents per 100 pounds, 30,000 pounds.

Freight charged for at one and one-fourth (1¼) cents per 100 pounds, 36,000 pounds.

Freight charged for at one (1) cent per 100 pounds, 50,000 pounds.

2. The National Stock Yards charge, one dollar ($1) per car trackage, on business to and from industries located on its tracks, must be added to transfer rates.

3. No loaded cars will be received by this Company unless accompanied by regular way-bill, showing final destination and consignee. If for St. Louis delivery, the freight yard or switch at which delivery is to be made must be designated on way bill.

4. Rules of the Central Car Service Association will be enforced on car load freight delivered on the tracks of this Company.

5. Articles which require two or more cars for their transportation, shall be charged at actual weight of

the commodity at the Tariff rate, but in no case will a charge of less than the established car load minimum of one car be accepted.

6. All freight taking car load rates shall be loaded and unloaded by owner.

7. Agricultural Implements, Boilers, heavy and large Machinery, and freight which requires blocking or bracing, must be loaded and unloaded, and safely blocked or braced by owner at his expense.

FREIGHT IN LESS THAN CAR LOADS.

8. The minimum charge for any one consignment will be one hundred pounds at Tariff Rate, but no single consignment for less than ten cents.

9. Consignments of freight from one connecting line to another may be loaded in same car with freight for Company's warehouses, at 11th and Poplar Streets, and will be carried at regular Tariff rates.

10. Mixed freight in lots of not less than 5,000 pounds, loaded by delivering line and unloaded by receiving line, will be handled at same rates as apply to Company's warehouses.

11. No less than car lots of freight will be received in St. Louis, except at the Company's warehouses or at Cupples Station, nor east of the Mississippi River unless destined to these warehouses, except they be subject to the regular minimum charge for car load, or when between connecting lines as per Rule 10.

12. Maximum charge for any single consignment shall not exceed the minimum charge at car load rates for the same article.

13. All freight must be moved promptly by consignee, and shall be at their entire risk after twenty-four (24) hours from receipt of notice by them. If not removed bash (East of Mississippi River); Wiggins Ferry (East of Mississippi River.)

14. All consignments will be charged for at actual gross weight.

15. All property shall be subject to necessary cooperage or baling at owner's cost, and any package not in safe shipping condition will be refused.

16. These rates do not apply to consignments which, from their nature, require a separate car for their transportation. Such consignments will be charged at minimum car load rates, except as otherwise provided for or covered by special agreement.

17. Rules of connecting lines for whom goods are received will apply.

Complainant's Exhibit No. 80.

Freight Tariff No. 5.

ST. LOUIS MERCHANTS BRIDGE TERMINAL RY. CO.

Issued June 1st, 1904. To I. C. C. June 1st, 1904.

Freight in quantities less than car loads, between this Company's warehouses, St. Louis, Mo., and Granite City and Madison, Ill., five (5) cents per 100 pounds, except as classified above, which articles will be charged for at ten (10) cents per 100 pounds. No single shipment less than twenty-five (25) cents.

RULES—FREIGHT IN CAR LOADS.

1. The following minimum weights will apply, except as noted in classification:

Freight charged for at two (2) cents per hundred pounds, 25,000 pounds.

Freight charged for at one and one-half (1½) cents per 100 pounds, 30,000 pounds.

Freight charged for at one and one-fourth (1¼) cents per 100 pounds, 36,000 pounds.

Freight charged for at one (1) cent per 100 pounds, 50,000 pounds.

2. No loaded car will be received by this Company unless accompanied by regular way-bill showing final destination and consignee. If for St. Louis delivery, the freight yard or switch at which delivery is to be made must be designated on way-bill.

3. Rules of the Central Car Service Association will be enforced on car load freight delivered on the tracks of this Company.

4. Articles which require two or more cars for their transportation shall be charged at actual weight of the commodity at the Tariff rate, but in no case will a charge of less than the established car load minimum of each car be accepted.

5. Agricultural Implements, Boilers, heavy and large Machinery, and freight which requires blocking or bracing, must be loaded and unloaded, and safely blocked or braced by owner at his expense.

6. $1.20 car rental will be charged on shipments loaded on this Company's tracks, destined to points within switch limits of St. Louis or East St. Louis.

FREIGHT IN LESS THAN CAR LOADS.

7. The minimum charge for any one consignment will be 100 pounds at Tariff rate, but no single consignment for less than ten cents.

8. No less than car lots of freight will be received in St. Louis, except at the Company's warehouses or at Cupples Station, nor east of the Mississippi River unless destined to these warehouses.

9. All freight must be moved promptly by consignee, and shall be at their entire risk after twenty-four (24) hours from receipt of notice by them. If not removed within forty-eight (48) hours, freight will be stored in public warehouses.

10. All property shall be subject to necessary cooperage or baling at owner's cost, and any package not in safe shipping condition will be refused.

11. These rates do not apply to consignments which, from their nature, require a separate car for their transportation. Such consignments will be charged at minimum car load rates, except as otherwise provided for or covered by special agreement.

12. Rules of connecting lines for whom goods are received will apply.

Supplement No. 2 to I. C. C. No. 5.

(Cancels Supplement No. 1 and includes all changes.)

ST. LOUIS MERCHANTS BRIDGE TERMINAL RAILWAY CO.

Supplement No. 2. (Cancels Supplement No. 1 and includes all changes.) To Freight Tariff No. 5, naming rates between yards, industries and connecting lines at St. Louis, Mo., and East St. Louis, Madison and Granite City, Ill.

Issued April 24, 1907.

Effective May 1, 1907.

By authority of the Interstate Commerce Commission, April 20, 1907.

J. L. Penney, Traffic Manager.

On the back of this and all of the other sheets of this exhibit (Nos. C-59, C-141, C-11, C-83, Sup. No. L, C-83, C-109, C-110, C-111, C-118, C-25, C-84, C-31, C-37, C-91, C-92, C-162, C-21), is printed the following:

The rates published in this tariff are subject to the following rules:

Rates named herein will apply from and to the tracks of the B. & O. S. W. R. R., also from and to the tracks of connecting lines when authorized in the published tariffs governing the absorption of connecting line switching charges in effect at points of shipment and destination, and which are on file with the Interstate Commerce Commission. When traffic is destined to points beyond the tracks of this company the rules and regulations of delivering road, which is a party to this tariff, will govern.

Property unloaded into railroad stations or warehouses must be removed within forty-eight (48) hours after arrival, and if not so removed will, at the option of the carrier, either be removed to or stored at a public warehouse at owner's cost and risk, and there be held subject to lien for freight and charges, or will be retained in carrier's station or warehouse under the same conditions and subject to like charges for storage as prevail at public warehouses, except as otherwise provided by such public regulations as may be established by local law or by delivering carriers.

Under this tariff, when freight is to be loaded by consignor, or unloaded by consignee, one dollar ($1.00) per car per day, or fraction thereof, for delay beyond forty-eight (48) hours in loading or unloading, will be added to the rates named herein and constitute a part of the total charges to be collected by the carrier on the property, except, however, when in conflict with Car Service Association or local regulations at shipping point or destination, in which case such Car Service Association or local regulations shall prevail.

Complainant's Exhibit No. 83.

VANDALIA RAILROAD COMPANY.

General Freight Department.

Local Freight Tariff No. 2453, applying on Soft Coal, Carloads, Minimum weight 35,000 pounds.

From Mines on the Vandalia Line at Collinsville and Troy, Ill. to East St. Louis, Ill., 40 cents per ton of 2,000 pounds.

The rates named herein will apply from and to the tracks of the Vandalia R. R. and, unless otherwise specified, from and to the tracks of connecting lines when authorized published switching Tariffs in effect at points of shipment and destination, and which are on file with the Interstate Commerce Commission. When traffic is destined to points beyond the tracks of this Company, the rules and regulations of delivering road, which is a party to this Tariff, will govern.

Property unloaded into the stations or warehouses of this Company, or of roads parties to this Tariff, is subject to the storage rules of the delivering road.

Under this Tariff, when freight is to be loaded by consignor or unloaded by consignee, one dollar ($1.00) per car per day or fraction thereof for delay beyond 48 hours in loading or unloading will be added to the rates named herein and constitute a part of the total charges to be collected by the carrier on the property except, however, when in conflict with Car Service Association or local regulations at shipping point or destination, in which case such Car Service Association or local regulations shall prevail.

VANDALIA RAILROAD COMPANY.

General Freight Department.

I. C. C. No. 1677.

Supplements No. 1 to Local Freight Tariff No. 2865, applying on Soft Coal, Carloads, Minimum weight 36,000 pounds.

From Mines on the Vandalia Railroad Company at Collinsville, Ill., and Troy, Ill., to East St. Louis, Ill.

The Vandalia Railroad will absorb out of the rate shown in this tariff not to exceed ten (10) cents per ton of the switching charges assessed for making deliveries on other lines within defined switching limits of East St. Louis, Brooklyn, Granite City, Madison and Venice, except on shipments for deliveries on the National Stock Yards tracks, upon which $1.00 per car switching will be absorbed.

The rates named herein will apply from and to the tracks of the Vandalia R. R. and unless specified, from and to the tracks of connecting lines when authorized in the published switching Tariffs in effect at points of shipment and destination and which are on file with the Interstate Commerce Commission. When traffic is destined to points beyond the tracks of this Company, the rules and regulations of delivering road, which is a party to this Tariff, will govern.

Property unloaded into the stations or warehouses of this Company, or roads parties to this Tariff, is subject to the storage rules of the delivering road.

Under this Tariff, when freight is to be loaded by consignor or unloaded by consignee one dollar ($1.00) per car per day or fraction thereof for delivery beyond 48 hours in loading or unloading will be added to the rates named herein and constitute a part of the total charges to be collected by the carrier on the property except, however, when in conflict with Car Service Association or local regulations at shipping point or destination, in which case such Car Service Association or local regulations shall prevail.

On back cover of this paper is printed map of Vandalia R. R.

VANDALIA RAILROAD COMPANY.

General Freight Department.

I. C. C. No. 1492, Supplement, No. 1.

Supplement No. 1 to Joint Freight Tariff No. 2864. In connection with roads named in tariff on soft coal. (Carloads, minimum weight 50,000 pounds), from Collinsville and Troy, Ill., to St. Louis, Mo.

Refer to page 2, showing list of deliveries on the Missouri Pacific Ry. Co., and eliminate the following:

Alter, W. W. ----------Sutton.
Banner Lumber Co. ----------Sutton.
Fidelity Lumber Co. ----------Sutton.

File R-10133-EE.

The rates named herein will apply from and to the tracks of the Vandalia R. R. and, unless otherwise specified, from and to the tracks of connecting lines when authorized in the published switching tariffs in effect at points of shipment and destination and which are on file with the Interstate Commerce Commission When traffic is destined to points beyond the tracks of this company, the rules and regulations of delivering road, which is a party to this tariff, will govern.

Property unloaded into the stations or warehouses of this company, or of roads parties to this tariff, is subject to the storage rules of the delivering road.

Under this tariff, when freight is to be loaded by consignor or unloaded by consignee, one dollar ($1) per car per day or fraction thereof for delay beyond 48 hours in loading or unloading will be added to the rates named herein and constitute a part of the charges to be collected by the carrier on the property, except, however, when in conflict with Car Service Association or local regulations at shipping point of destination, in which cases such Car Service Association or local regulations shall prevail.

Issued June 13, 1906. Effective June 18, 1906.

Issued by:

A. D. Pendleton, Division Freight Agent, Terre Haute, Indiana.

E. R. Coleman, Division Freight Agent, Logansport, Indiana.

Geo. W. Davis, General Freight Agent, St. Louis, Missouri.

H. R. Griswold, Division Freight Agent, St. Louis, Missouri.

VANDALIA RAILROAD COMPANY.

General Freight Department.

I. C. C. No. 1492, Supplement No. 2.

Supplement No. 2. Cancels Supplement No.1 and includes all changes to Joint Freight Tariff No. 2864, in connection with roads named in tariff on soft coal, (Carloads, minimum weight 50,000 pounds), from Collinsville and Troy, Ill., to St. Louis, Mo.

Refer to page 2, showing list of deliveries on the Chicago, Burlington & Quincy Ry., and Missouri Pacific Ry. Co., and eliminate the following:

(A circle is drawn round the 45.0 rate for Shelbyville and the following note relative to same is written on margin: "L-B-40 9 mi."

NOTES.

Rules governing minimum weights on coal from Hillsboro, Hornsby, Gillespie, Pana, Livingston, Kortkamp Switch, Witt and Tower Hill, Ills.

Rule No. 1.—Lump and mine run coal in coal cars will be waybilled and charged for at the actual weights furnished by the mines, less 500 pounds per car. No minimum weight less than 15 tons will be observed.

Rule No. 2.—Nut, pea, slack or screening in coal cars will be waybilled at 90 per cent of marked capacity of car and billing agent will note on the waybill "this car not weighed, weigh at ——— collect freight on basis actual weight, less 500 pounds (minimum 15 tons.)"

Rule No. 3.—All coal loaded in box or stock cars will be waybilled and charged for at actual weight, subject to a minimum weight of 30,000 pounds.

Note A.—500 pounds deduction allowed above is intended to cover loss or shrinkage of coal while in transit and will be considered as final settlement for such loss or shrinkage, except in case of accident to cars.

Note B.—Agents at billing stations are expected to satisfy themselves that weights furnished by the mines are absolutely correct.

A.—Applies on bituminous coal, all kinds.

B.—Applies on other kinds of coal, except as provided in columns C. D. E. and G.

C.—Applies to steam nut.

D.—Applies to slack.

E.—Applies on slack, pea, nut and run of mine.

G.—Slack and screenings, C. L., minimum weight 30 tons.

o.—Run of mine for steam purposes only, minimum weight 30 tons. No switching to be absorbed.

x.—Per car.

*—No agent, freight must be prepaid. Rates in cents per ton except as noted.

(On the back of this schedule is printed a map of the Cleveland, Cincinnati, Chicago & St. Louis Railway, "Big Four Route," and connections.)

Rates in cents per ton.

Minimum weight as per Original Tariff, except as noted.

The minimum weight to St. Louis, Mo., is 25 net tons.

This Supplement cancels all rates named in Original Tariff and Supplements from Gillespie, Livingston, Hillsboro, Kortkamp Switch, Pana, Witt and Tower Hill, Ill., to Stations westward also cancels previous rates from Livingston to Hillsboro and Litchfield, and Gillespie to Litchfield, Ill. Shipments for St. Louis, Mo., should be way-billed to East St. Louis at proportion of the through rate; also show on billing in Rate Column proportion beyond East St. Louis. Eliminate all rates from Hornsby, Ill., as the mine at that point has been abandoned.

Cancel all rates shown in original Tariff and Supplements to Embarras Siding, Ill., as there are no facilities at that station for handling carload freight.

Destined to points beyond switching limits in St. Louis, 1½ cents per 100 lbs., minimum 40,000 lbs.

For connecting railroads, company use, one (1) cent per 100 lbs., minimum 40,000 lbs.

Rules Governing the Handling of Traffic Under This Tariff.

Rule No. 1.—Minimum charges, unless otherwise noted:

The minimum car load weight on all commodities charged for at 2 cents per 100 lbs. will be 25,000 lbs.

The minimum car load weight on all commodities charged for at 1½ cents per 100 lbs. will be 30,000 lbs.

The minimum car load weight on all commodities charged for at 1¼ cents per 100 lbs. will be 36,000 lbs., except as noted.

The minimum car load weight on all commodities charged for at 1 cent per 100 lbs. will be 50,000 lbs., except as noted.

Rule No. 2.—The National Stock Yards charge of $2.00 per car on all business to or from industries located on its tracks must be added to above rates.

Rule No. 3.—No loaded car will be received by this Company unless accompanied by regular way-bill showing final destination and consignee. If for St. Louis delivery, the freight yard or switch at which delivery is to be made should be designated on way-bill.

Rule No. 4.—Rules of the Central Car Service Association will apply on car load freight delivered on the tracks of these Companies.

Rule No. 5.—Long Lumber and other articles which require two or more cars for their transportation shall be charged at actual weight of the commodity at the Tariff rate, but in no case will a charge of less than the established car load minimum of each car be accepted.

Rule No. 6.—All freight taking car load rates shall be loaded and unloaded by owner.

Rule No. 7.—Agricultural Implements, Boilers, heavy and large Machinery, and freight which requires blocking and bracing must be loaded and unloaded, and safely blocked or braced by owner at his expense.

Rule No. 8.—Car rental charge will be assessed on all cars reconsigned while in possession of this Company, destined to points within reclaim limits of St. Louis, Mo., or East St. Louis, Ill.

INTERSTATE CAR TRANSFER COMPANY.

Supplement No. 1. (Cancels Amendment No. 4 and includes changes.)

Freight Tariff No. 4, naming Rates between connecting Lines at St. Louis, Mo., and East St. Louis, Ill.

Refer to Section 14 of Tariff, and cancel rates shown from Dawson to Buffalo, Ill., on coal. Effective January 14, 1900.

Refer to Section 15 and cancel rates shown from Niantic to Illiopolis, Ill., Illinois distance tariff rates will apply. Effective January 16, 1900.

Refer to Section 25 and cancel rate on coal from Niantic to Monticello, Ill. Illinois distance tariff rates will apply. Effective January 23, 1900.

Soft Coal, C. L., from Danville and Danville Jct., Ill., to Chicago, Ill., 70 cents per net ton. Effective April 4, 1900.

Soft Coal, C. L., from Niantic, Dawson and Riverton to Decatur, Ill., 40 cents per net ton.

Applies when destined to points on connecting lines where no other rates are now in effect. Effective Aug. 14, 1900.

Refer to Section 42 of above Tariff and make same read on Coal and Coke, C. L., from Danville, Ill., to Quincy, Ill., 75 cents per net ton, instead of $1.00. Restrictions shown in section 42 to cover. Effective Oct. 23, 1900.

Refer to Section 32 of Tariff, and note that rate on Coal from Mt. Olive, etc., to East St. Louis, is hereby

reduced to 30 cents per net ton. Effective March 19, 1901.

Refer to Section No. 1, and note that same rates apply from Campus, Ill., as from Essex, Ill. Effective April 25, 1901.

(Opposite "Refer to Sec. 32" is written: "Amd. No. 8.")

Refer to Section 11, and correct rate to read sixty cents per net ton instead of 55 cents. Effective June 1, 1901.

Slack Coal, C. L., between Catlin, Ill., and Danville, Ill., 25 cents per net ton. (Minimum $6.00 per car.) Effective July 8, 1901.

Refer to Section 5, and correct same to read 75 cents per ton on all kinds of Coal. Also correct Section 25 to read 75 cents per ton, and add Mansfield, Ill., to list of stations in Section 25 from which rate applies. Effective October 19, 1901.

*Applies between depots at Belleville and East St. Louis only.

RULINGS.

Carload Rates named in this tariff to or from East St. Louis will apply to or from Madison and Granite City, Ill., and Elevators, Mills, Warehouses, Stock Yards, Packing Houses and connecting railroads in East St. Louis, except when otherwise noted.

Switching or Transfer Charges—The receiving line at East St. Louis will pay the switching or transfer charge, except when otherwise noted.

All articles will be charged at gross weight, without regard to weight given by shippers and inserted in bills of lading; except that when an estimated weight is given in the classification, such estimated weight will apply unless the actual weight is greater.

Brick in carloads from Belleville, Ill.—The custom of averaging the weight of shipments of Brick is discontinued. All shipments must be weighed and billed at actual weights.

Store Door Delivery at Belleville will not apply on shipments to and from East St. Louis proper and points reached via East St. Louis.

Gunpowder Shipments—All shipments of Gunpowder or Blasting Powder, in carloads or less than carloads, must be billed at actual weight including the weight of the kegs or jackets. The custom of estimating the weight of packages at the net weight of the powder will be discontinued and actual weight charged.

Crockery and Earthenware—All shipments of Crockery and Earthenware will be billed as provided in Illinois Commissioners' Classification. Consignments of same offered for shipment in less than carloads, and not packed, will not be taken.

Bituminous Coal—The rate on Bituminous Coal from East St. Louis to Belleville will be the same as the rate established by the coal-carrying lines from Belleville to East St. Louis.

MOBILE & OHIO RAILROAD COMPANY.

General Freight Department.

Freight Tariff No. 476. (Cancel Freight Tariff No. 471), Applying on Coal, Carloads (Minimum Weight see below), from Mobile & Ohio Railroad Stations in Illinois to E. St. Louis and E. Carondelet, Illinois.

Issued Jan. 3rd, 1903. Effective Jan. 10, 1903.

Per Ton of 20,000 *Pounds.—Coal, Carloads, Minimum Weight See Below.*

To E. St. Louis, Ill., E. Carondelet, Ill., from Bryden, Ill.; Murphysboro, Ill., 57½. (See Note 1.)

To E. St. Louis, Ill., E. Carondelet, Ill., from Millstadt, Ill.; Willis Mine, Ill.; Goalsby Mine, Ill.; Boyd's Mine, Ill.; Sparta, Ill.; Percy, Ill.; Eden Mine, Ill.; Randolph Mine, Ill., 40.

Minimum Weight.

Cars to be loaded to their full capacity, but not exceeding 10 per cent over the marked capacity. Track scale weights at point of shipment or first weighing point beyond will be charged for.

In the absence of scale weights, assess freight charges at marked capacity of the car.

Note 1.—On coal from mines on M. & O. R. R. from which the rate is 57½ cts. per ton to E. St. Louis, the M. & O. will when necessary to meet competition of other lines, absorb out of the rate a switching charge of not exceeding 10 cts. per ton. This will be absorbed only on Coal consigned to an industry located upon a line that also originates coal and could make delivery without any switching expense (as in the case of industries located on the Southern Railway) but does not cover industries that are located on the Terminal R. R. Assn.,

Wiggins Ferry Co., or on the tracks of any lines that are not coal carrying roads.

From East Carterville and Pollard, Ill., to Chicago, Ill., rate $1.00. (Via E. St. Louis, Ill.)

The responsibility of this Company as a common carrier terminates upon arrival of the property at the station or place of delivery. Free storage will be given for forty-eight hours thereafter (exclusive of Sundays and legal holidays) at the risk of the owner. If not removed at the expiration of that time, the property will, at the option of the carrier, either be removed and stored in a public warehouse, at owner's cost and risk, or will be retained in the carrier's possession as warehouseman, subject to storage charges.

If property covered by bills of lading of this Company is destined to points on other roads, the storage charge will be governed by regulations of the delivering carrier at destination.

Effective October 12th, 1904.

State of Illinois,)
)ss.
County of Cook,)

A. C. Rausch being first duly sworn deposes and says that he is the chief clerk in the office of the Coal Traffic Manager of the Illinois Central Railroad Company in Chicago, Illinois. That the foregoing thirteen (13) pages constitute a true and correct synopsis and summary of the tariff rates and general billing order rates in effect on bituminous coal in carload lots, in dollars and cents per ton of 2,000 pounds, to Chicago, Illinois, from coal mine stations in the State of Illinois on the Illinois Central Railroad, between January 1, 1902, and December 31, 1905, inclusive.

A. C. Rausch.

Subscribed and sworn to before me this 15th day of July, 1907.

(Seal.) Andrew P. Humburg,
Notary Public.

Complainant's Exhibit No. 122.

THE WABASH RAILROAD CO.

Wabash No. 20342. Cancels Wabash No. 18993.

General Freight Department. Special Tariff on all grades of soft coal, carloads. Minimum weight, marked capacity of car (See Note), to Chicago, *Brisbane, *Steele and *Chicago Ridge, Ill., from Essex and Clark City, Ill., 50 cents per net ton.

From Dawson, Fairmount, Springfield Junction, Riverton, Starnes, Niantic, Springfield and Decatur, Ill., 75 cents per net ton.

From Mount Olive, Staunton, Worden, Edwardsville, Litchfield, Taylorville, and Raymond, on egg, mine run and lump coal, C. L. Minimum weight marked capacity of car, 75 cents per net ton. On nut, pea, slack and screenings, C. L., minimum weight, see note. 75 cents per net ton.

Special Notice.—A charge of $2.00 per car shall be made in addition to above rates on all coal destined to

the Union Stock Yards or to industries located on the tracks of the Union Stock Yards and Transit Co., or the tracks of the Indiana State Line R. R.

Application of Rates—*The rates named in this tariff are not to the Wabash R. R., and will only apply between the established depots or side tracks of this company; deliveries elsewhere and extra switching will entail an additional expense according to the service performed. The points marked thus * rates named herein will apply as minimum proportions of through rates to points on connecting lines.

Note.—Bill at weights as follows, on cars of 60,000 lbs. capacity:

Coal, pea, nut, screenings ----------56,000 pounds.
Coal, egg, stove. ----------58,000 pounds.

On cars of less capacity waybill at marked capacity.

Lump and mine run will be billed at actual mine weight obtained at the mines.

St. Louis, Mo., August 1st, 1899. Effective at once.

The rates named in this tariff are governed by the terms and conditions printed in the book of rules and regulations (Wabash No. 17,500. I. C. C. No. 400), and the bills of lading of the Wabash Railroad Company.

S. B. Knight, General Freight Agent, Wabash R. R., St. Louis.

P. W. Coyle, Assistant General Freight Agent, Wabash R. R., St. Louis.

I do not know enough as to the value of the Wiggins Ferry to express an opinion off-hand. Can you not get an option from the holders at the price named that will run long enough to give us a chance to look into the matter. If the property is worth the money am not averse to acquiring it.

10:31 a. m. Geo. J. Gould.

626	Clarksville, Mo.	15.50	27.80
706	Alton, Ill.	16.00	28.00
729	St. Louis, Mo.	16.00	28.00

These rates are applicable in either direction. Limit return of ticket to Oct. 15, of year issued.

Rates for Children.

When accompanied by an adult, children under three years of age will be carried free; between three and five years of age, one-quarter fare; between five and twelve years of age, one-half fare; over twelve years of age full fare. This rule will be strictly enforced, and when tickets include meals and berth, not over two children of any one class will be allowed with an adult holding only one full fare ticket. Additional children will be charged next higher rate.

Children will be charged full fare if occupying seats at first table, except when they can be given such seats without inconvenience to adult passengers.

Stop-overs are not granted on either one-way or round-trip tickets at intermediate points between point of embarkation and destination.

Issac P. Lusk, Gen. Pass. Agt.,
St. Louis, Mo.

RECORD OF PROCCEDINGS.

Regular Meeting St. Louis Association General Passenger and Ticket Agents, held at Room 1316 Missouri Trust Building.

February 19th, 1904.

Meeting called to order at 10:30 a. m., Mr. A. Hilton, in the chair. The following lines were represented:

B. & O. S. W.—By O. P. McCarty, H. Stevenson.

Burlington—By L. W. Wakeley.

C. & A.—By D. McNamara.

C. P. & St. L.—By E. A. Williams.
C. C. C. & St. L.—By W. P. Deppe, W. G. Knittle.
Frisco—By A. Hilton.
Illinois Central—By J. A. Garrison.
L. H. & St. L.—By J. E. Davenport.
L. & N.—By J. E. Davenport.
Mo. Pac., St. L. I. M. & S.—By W. H. Bissland.
M. & O.—By. J. M. Beall.
M. K. & T.—By George Morton.
St. L., K. C. & C.—By A. Hilton.
St. L. S. W.—By E. W. LeBeaume.
Southern—By Geo. B. Allen.
T. R. R. Ass'n.—By V. W. Fisher.
Vandalia—By J. M. Chesbrough.
Wabash—By C. S. Crane.

St. Louis Joint Validating Agency.

Chairman of Executive Committee reported that work of committee was progressing. Committee had decided as the best plan to have a validating office down town in business section, and one in the west end in vicinity of Vandeventer Avenue. These, in addition to the offices in Union Station and in Transportation Building, World's Fair grounds. Arrangements have been made for telephone independent line service, connecting the various joint agency offices with the offices of the Pullman Superintendent, Transfer Company, Bureau of Information and others, being a total of about twenty telephones.

It was announced that J. H. Norton had been selected to act a joint agent in charge of all the validating offices, at salary $250 per month; that he would be required to give bond in sum of $10,000 for the faithful performance of his duties.

It was understood that as soon as the selection of location of offices was made the Secretary would advise the passenger department of all railways by circular.

Agreement Covering Operation of Validating Agency.

Chairman of the Executive Committee reported that draft of agreement as originally prepared was found faulty and that a new document is being prepared which will be placed in the hands of members at an early date.

Note.—The Wabash Railroad gave notice that it would be necessary to validate tickets at its World's Fair station. Question was raised whether the validation will be under the jurisdiction of the Joint Agency. It was made a matter of record that the Wabash Railroad would take the question under consideration and confer with the Executive Committee.

Action of Territorial Association on Joint Validating Agency.

Secretary reported that all lines had responded favorably, leaving the matter of Joint Agency finally in the hands of the St. Louis terminal lines.

Parking Cars.

Secretary reported that Terminal Association advised they were not prepared to park cars for occupancy during the World's Fair; also reported that the Traffic Manager of the World's Fair advised arrangements would be made for parking cars inside the World's Fair Grounds, but the details of the plan as to charges, etc., had not been finally approved. The Wabash Railroad gave notice that they proposed to park cars at their Fair Grounds terminals without cost to occupants when such cars reached St. Louis over their rails. It was the understanding that the Secretary would pursue investigation further and make report.

World's Fair Excursion Tickets. Distinct Color for Each Class.

Resolution Adopted: That each class of World's Fair excursion tickets bear distinct color in order to facilitate handling by conductors, gatemen, baggagemen, etc. Following colors were selected:

Season ticket ----------Salmon
One and one-third ticket----------Yellow
Ticket at one fare, plus $2----------Pink
Coach excursion ticket ----------Light blue

Designating Number of Terminal Coupon.

It was decided as being a good plan, to further facilitate the handling of passengers and baggage, that each terminal line at St. Louis be assigned a designating number which shall be printed in large type on the first returning coupon out of St. Louis of all World's Fair excursion tickets. The numbers selected are as follows:

B. & O. S.-W. R. R	1
Burlington Route	2
C. & A. Ry	3
C., C., C. & St. L. Ry	4
C., P. & St. L. Ry	5
Frisco System	6
Illinois Central R. R	7
L., H. & St. L. Ry	8
L. & N. R. R	9
Missouri Pacific Ry	10
M. & O. R. R	11
M., K. & T. Ry	12
St. L., I. M. & S. Ry	14
St. L., K. C. & C. R. R	15
St. L. S. W. Ry	16
Southern	17
T., St. L. & W. R. R	18
Vandalia Line	19
Wabash R. R	20
C. & E. I. R. R	21
St. L. M. & S. E	22

Note.—Several lines stated their intention, as a means of protection, to print in red across the face of contract World's Fair excursion tickets the figures 1904 in large skeleton type, and also to use the same style of type in printing the designating number as specified above.

It is recommended, also, that the word "COACH" be printed in similar type across the face of contract of Coach Excursion tickets.

Union Station Improvements.

Committee reported the assurance of the Terminal Association that, with minor exceptions, the recommendations of the St. Louis Association with respect to improvements for handling passengers, tickets and baggage at Union Station would be carried out; that the work would proceed at once and be in readiness for the opening of the Fair.

Joint Office at World's Fair Grounds.

Committee reported that it had authorized contract for execution of plans submitted at expense not exceeding $2,750, ticket cases to be furnished by Poole Bros., Chicago, without expense, as they would be considered in the nature of an exhibit.

Transportation of Editorial Association to St. Louis.

Discussion developed that nearly all lines would arrange for free transportation of members of the Editorial Associations to St. Louis, account annual convention in May, 1904. Question left to discretion of individual lines to be handled under such conditions as they may adopt.

Advertising World's Fair.

Proposition submitted by representative of Bill Posters' Association was read and subject canceled.

Protective Ticket.

Proposition from S. J. Morrow, of Louisville, Ky., was read, but no action taken.

Sinking Fund.

Resolution that fund of $500 be created for the purpose of promptly liquidating current expenses of this Association, that the Secretary be authorized to draw on each member of this Association for its proportion

of such fund based on Association percentages, adopted subject to vote of absent lines.

Bills to the extent of $188 incurred by the Entertainment Committee during the session of the American Association of General Passenger and Ticket Agents, January 27th and 28th, 1904, was authorized to be paid, with the understanding that the sum of $150 appropriated by the World's Fair management be collected by the Secretary.

Advertising Special Edition of St. Louis Papers.

Resolution Adopted: That it is the sense of this Association that advertising in special editions of newspapers and other publications be discouraged.

Charity Rates.

Discussion developed that a large number of long-distance tickets were being issued at charity rates on request of the various charitable associations of St. Louis.

Resolution Adopted: That all tickets issued at charity rates be delivered to the charity subjects at Union Station by passenger representatives of the various lines.

Duties of Executive Committee.

This question docketed at instance of a member. It was decided that it is covered in the By-Laws.

Bridge Arbitrary Charge for Special Baggage Car.

Resolution Adopted: That for the movement of special baggage cars over either bridge at St. Louis, when proper to make an arbitrary charge by the railway company, the amount of the arbitrary charge be $4.00 in either direction.

Communication from Mr. J. E. Hannegan, Acting Joint Agent, Southwestern Excursion Bureau, St. Louis, under whose direction, by authority of this As-

sociation, investigations were made and cases prepared to test validity of City Ordinance covering the licenses of scalper's office was read. The expenses for service of operatives is $484.25; cost of tickets purchased, $136.95. Secretary was instructed to advise Mr. Hannegan that he is authorized to bill direct against the members of this Association for their proportion of payment of the amount, $484.25, on basis of St. Louis Association percentage, and to bill against each of the lines whose tickets were purchased, for the amount of purchase cost.

On motion, meeting adjourned.

George Morton, Secretary.

A. Hilton, President.

Complainant's Exhibit No. 168.

RECORD OF PROCEEDINGS.

Regular Meeting St. Louis Association General Passenger and Ticket Agents, Held at Room 1316 Missouri Trust Building, June 17th, 1904.

Meeting called to order at 10:30 a. m., A. Hilton in chair. The following lines were represented:

B. & O. S. W. Ry.—By F. D. Gildersleeve, O. P. McCarty.

Burlington—By W. A. Lalor.

Big Four—By W. P. Deppe.

Frisco System—By A. Hilton.

Illinois Central—By C. C. McCarty.

L. & N.—By J. E. Davenport.

Missouri Pacific and St. L. I. M. & S.—By H. Muchall.

M. & O.—By J. M. Beall.

M. K. & T.—By George Morton, George W. Smith

St. L. K. C. & C.—By W. J. Leary.

St. L. S.-W.—By E. W. LaBeaume.

Southern—By Geo. B. Allen.

T. St. L. & W.—By Ed. Keane.

Vandalia—By J. M. Chesbrough.

J. E. Hannegan, Acting Joint Agent, Southwestern

Excursion Bureau; J. H. Norton, Joint Validating Agent, and George J. Tansey, President of the St. Louis Transfer Company, were also presnt.

I.

Increased Tariff Rates of the St. Louis Transfer Company.

Mr. Tansey, President and General Manager of the Transfer Company, explained that the tariff which became effective June 10th, 1904, showing enlargement of the districts from which certain charges applied on baggage to be checked or hauled from Union Station, and the increase of charges in some instances, decrease in others, tended to equalize the tariff in effect prior to May 1, 1904. The tariff in effect during May was a considerable increase over the rates in effect prior thereto, but was reduced beginning June 10, by popular demand.

Mr. Tansey made a lengthy and clear explanation relative to their issuance of the tariff and expressed a willingness to give other information if desired.

On motion, it was decided to be the sense of the meeting that the rates as now announced by the St. Louis Transfer Company are reasonable and satisfactory. The Secretary was directed to convey to Mr. Tansey the expression of the Association.

Charity Rates—Orders from Mullanphy Immigrant Relief Fund.

The attention of the Association was called to the fact that in two instances recently, parties had secured tickets on orders from the Mullanphy Board, who were, according to the strict use of the word, not charitable subjects, the orders being secured on letters of recommendation from City Hall employes. The Joint Agent, Mr. Hannegan, was instructed to notify the Mullanphy Board that, in future, if any case of this character was brought before the Association the lines will decline to make any reduced rates on their request.

Closing City Ticket Offices on Various Occasions.

It was agreed that during the World's Fair period, City Ticket Offices would not be closed on holidays, excepting that they may be closed at 12 o'clock, noon, on July 4th and Thanksgiving Day. Copy of this resolution to be sent to each City Ticket Agent.

World's Fair Hotel Protective Association.

Letters from the above Association was read, same having reference to placing of room solicitors on trains entering St. Louis. It was the opinion of the Association this should not be allowed and matter was passed without action.

Reduced Rates for the St. Louis Fair Association World's Fair Handicap Race, June 25, 1904.

Letter read from the Secretary of the St. Louis Fair Association relative to reduced rates for the above date. It was the sense of the Association that the authorized World's Fair rates only should be applied and the Secretary was directed to so notify the Secretary of the Fair Association.

Surrendering Baggage at St. Louis When Checked Beyond St. Louis.

Subject presented by letter from D. O'Toole, General Baggage Agent of the Terminal Association.

The Secretary was directed to notify Mr. O'Toole that baggage checked beyond St. Louis on through tickets, could be surrendered at St. Louis, provided owner complied with all requirements of the Joint Validating Agency in regard to deposit of tickets for stop-over and upon presenting sufficient evidence thereof from the Joint Validating Agent.

Extension of Coach Excursion Tickets Sold on June 26th, Account Christian Endeavor Union.

It was decided that if the delegates to this convention desired longer limit than that given on the coach excur-

sion tickets they should pay the difference in fare between that and the next higher rate.

Coach Excursion Rates for July 4th.

Brought up by letter from Mr. Hilleary, of the World's Fair. Discussed and moved that the Secretary be instructed to reply to Mr. Hilleary that the lines entering in St. Louis have already agreed upon rates for the 4th of July and advise him that it would not be expedient to make an exception in favor of St. Louis.

Merchants' Express Company.

Letter from Merchants' Express Company requesting that they be placed on same basis as the St. Louis Transfer Company and be allowed to place their men on trains entering St. Louis for the purpose of handling baggage and passengers. No action taken.

Checking Baggage at Union Station for Brokers.

Communication was read relative to the discontinuance of checking baggage at Union Station for ticket brokers. It was the sense of the meeting that all lines should address a letter to Mr. O'Toole, General Baggage Agent, Union Station, prohibiting the checking of baggage for ticket brokers or their representatives.
A. Hilton, President. George Morton, Secretary.

Complainant's Exhibit No. 169.

Record of Proceedings Special Meeting St. Louis Association of General Passenger and Ticket Agents, held Room 1316 Missouri Trust Building, August 16th, 1904.

Meeting called to order by Chairman A. Hilton. The following lines were represented:
Burlington—By W. A. Lalor, J. D. McNamara.
B. & O. S.-W.—By F. D. Gildersleeve.
Big Four—By W. P. Deppe.
C. & A.—By D. Bowes.

C., R. I. & P.—By W. J. Leary.
Frisco System—By A. Hilton, J. C. Lovrein.
Mo. Pac.—By B. H. Payne.
M., K. & T.—By George Morton.
M. & O.—By Jno. M. Beall.
St. L., I. M. & S.—By B. H. Payne.
St. L. S.-W.—By E. W. LaBeaume.
Southern—By W. H. Tamms.
Vandalia—By J. M. Chesbrough.
Wabash—By H. V. Taylor.
J. E. Hannegan, Chairman S. W. Excursion Bureau, was also present.

I.

Request of World's Fair Management for Special Rates to St. Louis Account "Labor Day," Sept. 5th, 1904.

A letter from C. L. Hilleary, Traffic Manager of the World's Fair, was read, requesting special rates for "Labor Day." The following resolution was adopted:

"That for 'Labor Day,' coach excursion tickets be sold for trains arriving in St. Louis Sunday, September 4th, and before noon, Monday, September 5th."

II.

Special Rates Requested by the World's Fair Management Account St. Louis Day, Sept. 15th, 1904.

The following from Traffic Manager Hilleary was read:

"September 15th having been selected as 'St. Louis Day' at the World's Fair, will you kindly docket for consideration at your next meeting question of running coach excursions to St. Louis on that date from all territory within 150 to 200 miles of St. Louis."

The Secretary was instructed to advise Mr. Hilleary that September 15th has been arranged for as a coach excursion date.

III.

Application for Membership in St. Louis Association General Passenger and Ticket Agents of the C. & E. I. Ry., Also Representation in St. Louis Rate Sheet.

Resolution adopted: That the C. & E. I. Ry. be admitted to membership in the Association and that it be accorded representation in the St. Louis Rate Sheet.

IV.

Question of Rate of One Fare Round Trip From All Territory with Limit of 15 Days.

It was explained that this arrangement was to take the place of the present arrangement of rate of one and one-fifth with maximum of one fare plus $2.00. After some discussion the question was passed.

George Morton, Secretary.

A. Hilton, President.

Complainant's Exhibit No. 170.

Record of Proceedings Special Meeting St. Louis Association of General Passenger and Ticket Agents, held at Room 1317 Missouri Trust Building, Friday, August 26th, 1904.

Meeting called to order at 10:30 a. m., with the following lines represented:

B. & O. S.-W.—By O. P. McCarty, F. D. Gildersleeve.
Burlington—By P. S. Eustis, W. A. Lalor.
Big Four—By W. P. Deppe.
C. & A.—By D. Bowes.
C. R. I. & P.—By W. J. Leahy.
C. & E. I.—By A. Hilton, J. C. Lovrein.
Frisco System—By A. Hilton.
Illinois Central—By C. C. McCarty.
L. H. & St. L.—By F. G. Cunningham.
L. & N.—By J. E. Davenport.

St. L. S.-W.—By E. W. LaBeaume.
Southern—By Geo. B. Allen.
Terminal Ry. Ass'n.—By V. W. Fisher.
Vandalia.—By J. M. Chesbrough.
Wabash.—By H. V. P. Taylor.

J. E. Hannegan, Chairman Southwestern Excursion Bureau, A. Robinson, General Manager Terminal Railway Association, and J. H. Norton, Joint Validating Agent, were also present.

I.

Question of Handling Excursion Traffic at the Union Station.

On invitation from the Association, Mr. A. Robinson, General Manager of the Terminal Railway Association, attended the meeting and explained quite fully the conditions at Union Station as to handling passenger trains during the World's Fair period.

II.

Coach Excursion Rates.

Resolution—Adopted: Recommended that coach excursion tickets be sold from points within a radius of 200 miles of St. Louis for trains arriving at St. Louis on Mondays, Tuesdays, Wednesdays and Thursdays during the month of September. This arrangement to begin with trains arriving Monday, September 5th, rate to be the same as present coach excursion rates in effect during August and bearing same time limits.

Resolution—Adopted: That terminal lines pledge themselves to announce no coach excursion rates whatever for October until the subject of October special rates be considered at a meeting of terminal lines at St. Louis, September 13th.

III.

Resolution—Adopted: September 15th having been designated as "St. Louis Day," all city ticket offices of the different lines in St. Louis be closed at one o'clock p. m. on that date.

On motion, the meeting adjourned.

George Morton, Secretary.

I.

Coach Excursion Rates.

Resolution, adopted: That coach excursion tickets to St. Louis be sold from points within a radius of 200 miles from St. Louis every day, beginning September 18th. From territory beyond 200 miles limit coach excursion tickets to be sold each Sunday, Monday, Tuesday, Wednesday and Thursday, beginning September 18th. Rates, time limits and other conditions to be same as present coach rate tickets, except that no coach tickets be limited beyond December 2, 1904. Arrangement effective until December 1st inclusive, it being understood that selling dates may be modified to meet requirements of different sections.

Resolution adopted: That the secretary of this Association advise the chairman of the different territorial associations of the action of this meeting, suggesting that a meeting of each association be called at the earliest possible date, to arrange coach excursions for the remainder of the World's Fair period.

II.

Question of Rates for "Nebraska Day", October 18th.

Resolution adopted: That the secretary reply to the secretary Nebraska State Commission and to any other applications for special rates for special days at the Exposition, giving them substance of recommendation adopted at St. Louis Association General Passenger and Ticket Agents, September 13th, with reference to coach excursion rates.

III.

Steamship Lines Represented by Ticket Scalpers.

Resolution adopted: That the chairman ascertain the names of all St. Louis ticket scalpers having steamship agencies and endeavor to secure their withdrawal.

George Morton, Secretary.

A. Hilton, President.

Complainant's Receipt No. 172.

Record of Proceedings Special Meeting St. Louis Association of General Passenger and Ticket Agents, Held Room 1316 Missouri Trust Building, September 21st, 1904.

I.

Special World's Fair Business to Move at Expiration of the Exposition.

Resolution—Adopted: That Western and Chicago-St. Louis lines not quote rates less than present agreed tariffs until another meeting of this Association is held, subject to the call of Mr. J. E. Hannegan or the Secretary of this Association.

Mr. Hannegan, who has been appointed at the last meeting to investigate and prepare a report with reference to the amount of concessionaire and hotel help business to move after the Fair, reported fully, promising to send each member a copy of his report.

II.

Bill of the Central Passenger Association, Amounting to $377.25, Incurred by Ticket Protective Bureau in Securing Evidence in Injunction Cases.

Resolution—Adopted: That the Secretary be instructed to investigate the merits of this case and present a report at a future meeting of this Association.

George Morton, Secretary.

A. Hilton, President.

Complainant's Exhibit No. 174.

Record of Proceedings Regular Meeting of the St. Louis Association of General Passenger and Ticket Agents, Held in Room 1317 Missouri Trust Building, St. Louis, January 20, 1905.

Meeting called to order at 10:30 a. m., with Mr. A. Hilton, President, in the Chair. The following lines were represented:

B. & O. S. W.—By O. P. McCarty, F. D. Gildersleeve.
Burlington Route—By J. D. McNamara.
Chicago & Alton—By D. Bowes.
C. & E. I.—By A. Hilton.
C. P. & St. L.—By A. L. Jefferis.
Frisco System—By A. Hilton.
Illinois Central—By J. R. Garrison.
Louisville & Nashville—By C. L. Stone, J. F. Davenport.
Missouri Pacific—By W. H. Bissland.
Mobile & Ohio—By J. M. Beall.
M. K. & T.—By George Morton.
Rock Island—By W. J. Leary.
St. L. I. M. & S.—By W. H. Bissland.
St. L. S. W.—By E. W. Le Baume.
Southern—By Geo. B. Allen.
T. St. L. & W.—By L. R. McKay.
Vandalia—By J. M. Chesbrough.
Wabash—By H. V. P. Taylor.
J. W. Norton, Joint Validating Agent, and J. E. Hannegan, Chairman Southwestern Excursion Bureau, were also present.

I.

Report of Joint Validating Agency.

A detailed report from J. H. Norton, Joint Validating Agent, showing the work accomplished by the Agency, was submitted by the Executive Committee; also a report showing the receipts and expenditures of the Validating Agency as certified by the Auditing Committee.

Resolution—Adopted: That the reports of the Executive Committee be accepted as rendered.

Resolution—Adopted; That the statement be accepted and the division of the original $5,000.00 be adjusted on basis agreed upon, that is, on the number of tickets actually handled for the different lines.

Resolution—Adopted: That the report be printed,

each member of the Association to be furnished the number of copies as desired, copies to be furnished also the chairmen of the various Territorial Passenger Associations, and copies also furnished to the General Passenger Agent of any line upon request.

II.

Continuannce of the Validating Agency.

Resolution—Adopted: That the Joint Validating Agency be continued until March 31, 1905, under the direction of the Executive Committee. That in order to carry on the work, this Association provide a working fund of $2,500.00 to take care of working expenses, that the Joint Validating Agent be authorized to render statements against each company for its proportion of the fund on basis set forth as follows:

The percentage of the expenses accruing to each line shall be based on the ticket sales of St. Louis Union Station for the months of October, November and December, 1904, the basis to determine the percentage being the number of tickets sold and the revenue accruing to each line. For example: if a road's proportion of number of tickets sold be four per cent, and its proportion of revenue be six per cent, the percentage chargeable to that road would be one-half the total, or five per cent.

III.

Permanent Validating Agency.

The question of establishing the permanent Validating Agency was considered, but the action was deferred until a later date.

IV.

Revision and Re-arrangement of the St. Louis Rate Sheet.

In compliance with provision of a resolution adopted at the meeting December 16th, the Secretary presented

figures showing the cost of revision and re-arrangement of the St. Louis Rate Sheet.

Resolution—Adopted: That the Compiler be authorized to arrange for the re-adjustment of the St. Louis Rate Sheet in accordance with previous legislation, the work of printing to be awarded to the lowest bidder.

V.

Question of Right of Individual Lines to Issue Supplement to the St. Louis Rate Sheet.

The question arose from the fact that a member has issued a circular quoting rates, designating the circular as a supplement to the St. Louis Rate Sheet. It was decided that such action was not proper and that only the Compiler is authorized to issue supplements to the St. Louis Rate Sheet.

VI.

Question of Issuing Supplement to St. Louis Rate Sheet.

The rules governing the issuance of the St. Louis Rate Sheet provide that supplements may not be issued except by unanimous consent of its members. After discussion which developed that it was the opinion of some lines that this worked a hardship, the following resolution was adopted:

Resolution—Adopted: That supplements shall be issued to the St. Louis Rate Sheet at the request of any individual line not oftener than every thirty days between the publication of the sheet, changes in rates to be subject to the rules governing the issuance of the St. Louis Rate Sheet.

VII.

Question of Working Fund.

This question was presented for consideration through a misunderstanding of a member. On motion, it was cancelled.

VIII.

World's Fair Statistics.

It developed that all lines had not had sufficient time to supply the figures, and it was understood that report would be made at the next regular meeting.

IX.

Appointment of an Auditing Committee.

Resolution—Adopted: That an Auditing Committee of one be appointed to certify the accounts of this Association, and that the Auditor of the Wabash Ry. be appointed to serve until December 31, 1905.

X.

Withdrawal of Steamship Agencies From Ticket Brokers.

Resolution—Adopted: That further action on this subject be held in abeyance until the next regular meeting of this Association.

On motion, meeting adjourned.

George Morton, Secretary.

A. Hilton, President.

Complainant's Exhibit No. 175.

Record of Proceedings of the St. Louis Association of General Passenger and Ticket Agents, Held in Room 1317 Missouri Trust Building, St. Louis, Mo., March 24, 1905.

Meeting called to order with Mr. A. Hilton, President, in the chair. The following lines were represented:

B. & O. S. W.—By O. P. McCarty, F. D. Gildersleeve.

Big Four—C. L. Hilleary, G. W. Ingels.

Burlington—By W. A. Lalor.

C. & A.—By D. Bowes.

C. & E. I.—By A. Hilton.
C. P. & St. L.—By E. A. Williams.
Frisco System—By A. Hilton.
Illinois Central—By J. R. Garrison.
Henderson Route—By W. C. Lindsay, Jno. Gallagher.
L. & N.—By J. E. Davenport.
Missouri Pacific—By W. H. Bissland.
M., K. & T.—By George Morton.
Rock Island—By F. C. Francis.
St. L., I. M. & S.—By W. H. Bissland.
Southern—By Geo. B. Allen, W. H. Tamms.
Terminal Association—By V. W. Fisher.
T. St. L. & W.—By R. J. McKay.
Vandalia—By J. H. Chesbrough, J. C. Millspaugh.
Wabash—By H. V. P. Taylor.
J. E. Hannegan, Chairman Southwestern Excursion Bureau and J. H. Norton, Validating Agent St. Louis lines, were also present.

I.

Facilities for Depot Passenger Agents at Union Station.

Resolution—Adopted: That a Committee, Messrs. D. Bowes and F. D. Gildersleeve be appointed to see the St. Louis Terminal Association authorities with a view of working out an improved condition of affairs and to report at the next regular meeting or any special meeting held in the meantime.

II.

Insertion in St. Louis Rate Sheet, Rates to Local Points on the Henderson Route.

Resolution—Adopted: That the question in controversy between the Henderson Route and Southern Ry. be left to the compiler of the St. Louis Rate Sheet as arbitrator.

III.

Elimination of Superfluous Routings Eastward in the St. Louis Rate Sheet.

Resolution—Adopted: That a Committee consisting of the Wabash, Vandalia and T., St. L. & W. Rys. representatives be appointed to act with the compiler to eliminate superfluous Eastbound routings in the St. Louis Rate Sheet. Any appeal from the Committee to be refered to the General Association.

IV.

Continuance of St. Louis Validating Agency.

Resolution—Offered: That the St. Louis Validating Agency be continued until December 31, 1905, the expenses to be provided for in the same manner as provided for the maintenance of the office during the months of January, February and March, 1905.

(The votes of the Rock Island, Vandalia Line and Clover Leaf withheld. Vote of Big Four subject to approval. The votes of the Rock Island and Clover Leaf have since been cast in the negative.)

Resolution—Adopted: That the Chairman of this Association be authorized and requested to conduct and conclude arrangements with the various Passenger Associations which will enable the Validating Agent to act as Joint Agent for all Association meetings which may be held in St. Louis during the current year, accepting from the different Associations whatever they are willing to contribute toward the expenses of the Validating Agency.

(Vote of Rock Island withheld. Vote of the Henderson Route subject to approval. The vote of the Rock Island has since been cast in the negative.)

V.

Securing Larger Meeting Room for the Association.

Resolution—Adopted: That the Executive Committee of this Association, with the Chairman and

Secretary, be authorized to provide quarters in case it is found necessary to move.

VI.

Rates Into St. Louis for Forepaugh-Sells Show May 1 to 6.

Resolution—Adopted: That the application for reduced rates be declined.

A. Hilton, President. George Morton, Secretary.

Complainant's Exhibit No. 176.

THE WABASH RAILROAD CO.

Wabash No. 30601, Cancels Wabash No. 28614. I. C. C. No. 1176.

And Chicago Terminal Transfer Railroad. Joint Tariff on all grades of soft coal, Carloads, Minimum weight, marked capacity of car (See note) to Austin Park, Altenheim, Brighton Park, Brisbane, Ill., Blue Island, Chicago, Chicago Ridge, Chappell, Chicago Heights, Ill., East Chicago, Ind., Forest Hill (75th St.), Glenwood, Harlem Race Track, Hegewisch, Ill., Hammond, Ind., Harvey, Morgan Park, McCook, Riondale, South Chicago, South Holland, Steele, Ill., Thornton, Thornton Junction, Winton, West Pullman, Ill., and Whiting, Ind., from Essex, Reddick and Cardiff, Ill., 50 cents per net ton.

From Dawson, Riverton, Niantic, Springfield Junction, Starnes, Springfield and Decatur, Ill., 75 cents per net ton.

C. D. Boyd, Asst. Genl. Frt. Agt., Louisville, Ky.
Lee Howell, General Freight Agent, Evansville, Ind.

St. Louis Div. Coal Tariff No. 408-L.

Important Notice.—The rates named in this tariff will also apply on shipments in car load quantities at the points of origin and destination from and to warehouses and industries having L. & N. track connection, but not when located only on foreign lines.

There are no terminal charges or any rules or regulations in effect at destination which in any wise change, affect or determine any part of the aggregate of the rates named in this tariff to points off the line of the L. & N. R. R., except as published and filed with the Interstate Commerce Commission by the terminal lines which have signified concurrence in these rates.

Files: (112471, Equality); (240490, Lawler); (166819, Birkners); (243267, Re-issue); (70545, 2065, B-82738, B-822754, 252543, 112471 to East St. Louis from all mines); (291296, Eldorado).

Rates on Coal, Carloads, Minimum Weight, Capacity of Car, Except that Where the Loading Consists of Nut, Pea or Slack Coal, an Allowance of Ten (10) Per Cent From the Marked Capacity Weight Will Be Made, Provided the Weights so Obtained are Not Less Than Track-Scale Weights.

LOUISVILLE & NASHVILLE RAILROAD CO.

Office of the General Freight Agent.

Amendment No. 1 to G. F. O. 703. G. F. O. 702.

Amendment to local freight tariff on coal, C. L. Minimum weight, capacity of car, except that where the loading consists of nut, pea or slack coal, an allowance on ten (10) per cent from the marked capacity weight will be made, provided the weights so obtained are not less than track scale weights.

From Equality, Ill., to McLeansboro, Ill. Per ton 2,000 pounds, 40 cents.

Issued February 27th, 1904. Effective February 27th, 1904.

Issued by,

D. M. Goodwyn, General Freight Agent, Louisville, Kentucky.

File 243267. RAD-MGS.

LOUISVILLE & NASHVILLE RAILROAD CO.

Office of the General Freight Agent.

Amendment No. 2 to G. F. O. 702.

Amendment to local freight tariff on coal, Carload. Minimum weight, capacity of car, except that where the loading consists of nut, pea or slack coal, an allowance of ten (10) per cent from the marked capacity weight will be made, provided the weights so obtained are not less than the track scale weights.

From Equality, Ill., to McLeansboro, Ill.

Please refer to Amendment No. 1 to G. F. O. 703, 2-27-04, applying as above and correct the same to read amendment No. 1 to G. F. O. 702.

Issued March 1st, 1904. Effective March 1st, 1904.

Issued by.

D. M. Goodwyn, General Freight Agent, Louisville, Kentucky.

File 243267. RAD-MGS.

LOUISVILLE & NASHVILLE RAILROAD CO.

Office of the General Freight Agent.

Amendment No. 3 to G. F. O. 702. Cancels Amendments 1 and 2. Reduction.

Amendment No. 1 to I. C. C. No. A-6467. Amendments 1 and 2 not interstate.

Amendment to Local Freight Tariff on coal, carload. Minimum weight, capacity of car, except that where the loading consists of nut, pea or slack coal an allowance of ten (10) per cent from the marked capacity weight will be made, provided the weights so obtained are not less than track scale weights.

From Equality, Ill., to McLeansboro, Ill., 40 cents.

From Equality, Ill., to Evansville, Ind, 60 cents.

Per ton 2,000 pounds.

The rates named in this tariff will also apply on shipments in carload quantities at the points or origin and destination from and to warehouse and industries having L. & N. track connections, but not when located only on foreign lines.

There are no terminal charges or any rules or regulations in effect at destination which in any wise change, affect or determine any part of the aggregate of the rates named in this tariff to points off the line of the L. & N. R. R., except as published and filed with the Interstate Commerce Commission by the terminal lines which have signified concurrence in these rates.

Issued Sept. 14th, 1904. Effective Sept. 19th, 1904.

Issued by,

D. M. Goodwyn, General Freight Agent, Louisville, Kentucky.

Division Sheet No. 2 to Joint Freight Tariff, Coal Belt G. F. D. No. 81-F, St. L., I. M. & S. No. I. S. 12096-H, applying on Soft Coal, Carloads.

From Illinois Division Mines and Stations on the Coal Belt Ry. to Chicago and Essex, Illinois.

Basis for subdivision of proportion south of East St. Louis.

From East Carterville and Pollard, Ill.

Division—Allow Coal Belt Ry. 4½ cents per ton, minimum of Two Dollars ($2.00) per car.

Effective April 1st, 1906.

W. C. Stith, Freight Traffic Manager,
St. Louis, Mo.

Complainant's Exhibit No. 192.

150. Authy. No. F-3468.

ST. LOUIS, IRON MOUNTAIN & SOUTHERN RAILWAY COMPANY

And Leased, Operated and Independent Lines (Illinois Division), and Coal Belt Railway Company, in connection with Wabash Railroad.

Joint Freight Tariff, Coal Belt Ry. G. F. D. No. 81-G (cancels G. F. D. No. 81-F), St. L., I. M. & S. No. I. S. 12096-I (cancels No. I. S. 12096-H), applying on Soft Coal, Carloads (minimum weight, see below).

In Cents Per Ton of 2,000 *Pounds.*

From Harrison, Murphysboro, Clifford, Bush, Herrin, and Zeigler Junction, Ill.,

To—	Rate.
Chicago, Ill. (see Note)	$1.00
Essex, Ill. (see Note)	$1.00

From East Carterville and Pollard, Ill.,

To—	Rate.
Chicago, Ill. (see Note)	$1.00
Essex, Ill. (see Note)	$1.00

(Via East St. Louis, Ill.)

Note.—Will not apply to intermediate points.

Minimum Weights.

In Coal Cars.—Lump Mine Run, Slack or Screenings, marked capacity of car; pea nut and egg, 4,000 lbs. less than marked capacity of car, but in no case less than 40,000 lbs.

In box or stock cars of marked capacity of 60,000 lbs., or less, minimum will be marked capacity of car.

In box or stock cars of marked capacity over 60,000 lbs., and not over 36 feet in length, 60,000 lbs.

In box or stock cars of marked capacity over 60,000 lbs., and over 36 feet in length, 70,000 lbs., but not in excess of marked capacity of car.

The responsibility of this Company as a common carrier terminates upon arrival of the property at the station or place of delivery. Free storage will be given for forty-eight hours thereafter (exclusive of Sundays and legal holidays) at the risk of the owner. If not removed at the expiration of that time, the property will, at the option of the carrier, either be removed and stored in a public warehouse, at owner's cost and risk, or will be retained in the carrier's possession as warehouseman, subject to storage charges.

If property covered by bills of lading of this Company is destined to points on other roads, the storage charge will be governed by regulations of the delivering carrier at destination.

Effective June 15th, 1906.

W. C. Stith, F. T. M., Coal Belt Ry., St. Louis, Mo

ST. LOUIS, IRON MOUNTAIN & SOUTHERN RAILWAY COMPANY

And Leased, Operated and Independent Lines (Illinois Division) and Coal Belt Railway Co., Chicago & Alton Railway.

Joint Freight Tariff, Coal Belt G. F. D. No. 79-C (cancels G. F. D. No. 79-B); St. L., I. M. & S. 2558-D (cancels No. S-2558-C), applying on Soft Coal and Unwashed Nut, Pea, Slack and Coal Screenings, C. L. Minimum weight, 40,000 lbs., unless marked capacity of car is less, in which case assess marked capacity.

In Cents per Ton of 2,000 *Pounds.*

From Harrison, Murphysboro, Bush, Herris, Zeigler, East Carterville and Pollard, Ill.,

To—	Rate.
Chicago, Ill. (see Note)	*$1.00
Joliet, Ill. (see Note)	*$1.00

(Via East St. Louis, Ill.)

Note.—Will not apply to intermediate points.

*Unwashed nut, pea, slack and coal screenings, 95 cents per ton of 2,000 lbs.

The responsibility of this Company as a common carrier terminates upon arrival of the property at the station or place of delivery. Free storage will be given for forty-eight hours thereafter (exclusive of Sundays and legal holidays), at the risk of the owner. If not removed at the expiration of that time, the property will, at the option of the carrier, either be removed and stored in a public warehouse, at owner's cost and risk, or will be retained in the carrier's possession as warehouseman, subject to storage charges.

If property covered by bills of lading of this Company is destined to points on other roads, the storage charge will be governed by regulations of the delivering carrier at destination.

Effective June 26th, 1905.

Freight Equipment.

Caboose ----------$2.00 per car
Freight Cars, empty, new ---------- 1.00 per car

Freight Cars, empty, old, for repairs, or wrecking	.50 per car
Locomotives, under steam	3.50 each
Locomotives, not under steam	5.00 each
Snow Plows, Steam Shovels, Derrick and Crane Cars, etc.	3.50 each

No charge for return, empty, of freight cars handled one way loaded.

Exception No. 2.

Between all points in Groupe 1 to 9 inclusive.

Trailers and Idlers.

Trailers or idlers, made necessary by extra length of commodity, no part of load resting thereon. (See Rule No. 1) ---------- $1.50 each

Rule No. 1.

Double Loads.

Articles requiring two or more cars for their transportation shall be charged at actual weight of commodity at the tariff rate, but in no case less the established car-load minimum for each car on which load rests, trailer or idler charged in addition. (See Exception No. 2.)

Rule No. 2.

National Yards Switching.

Stock Yards switching on cars to and from industries located on its tracks must be added to switching rates quoted.

Rule No. 3.

Billing.

No loaded car will be received by these companies unless accompanied by regular way-bill, showing consignee and find destination.

Rule No. 4.

Car Service.

Rules of the Central Car Service Association will be in force on all carload freight.

Rule No. 5.

Charges.

No freight charges will be accepted on cars switched. Switching charges will follow cars to receiving railway, unless otherwise noted.

Rule No. 6.

Shipper's Orders.

Cars consigned to "Shipper's Order," for local delivery will not be accepted.

Rule No. 7.

Reconsigning.

Cars reconsigned will be considered a new load and regular switching charges will be applied.

Rule No. 8.

Orders for Loading.

All orders for empty cars required for loading must be placed with the Car Accountant.

"Complainant's Exhibit No. 205."

Trust Agreement.

THE MISSOURI PACIFIC RAILWAY COMPANY,

And others, Railroad Companies, and Central Trust Company of New York, and William Taussig, Trustee.

An Agreement made the sixteenth day of December, in the year one thousand nine hundred and two, be-

tween The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Pennsylvania Company, Baltimore and Ohio Southwestern Railroad Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, Louisville and Nashville Railroad Company, St. Louis and San Francisco Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, The Chicago and Alton Railway Company, Chicago, Burlington and Quincy Railway Company and Missouri, Kansas and Texas Railway Company, hereinafter termed collectively, for convenience, the Railroad Companies, of the first part; and Central Trust Company of New York and William Taussig, as Trustees, under the general mortgage of Terminal Railroad Association of St. Louis, hereinafter described, of the second part, hereinafter termed the Trustees:

Terminal Railroad Association of St. Louis, hereinafter termed the Terminal Association, is a corporation organized under the laws of the State of Missouri, by an agreement of consolidation made on the 26th of July, 1889, between Union Railway and Transit Company of St. Louis and Terminal Railroad of St. Louis, and duly filed for record in the office of the Secretary of State of the State of Missouri.

The Terminal Association was so organized for the purpose of acquiring title to and possession of various terminal railroad facilities in St. Louis and East St. Louis and to secure to the various railroad companies owning or operating railroads entering said cities an efficient and economical method for interchanging passenger and freight traffic at the points named.

By an agreement, dated October 1, 1889, between the Terminal Association, of the first part, and The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Ohio and Mississippi Railway Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, and Louisville and Nashville Railroad Company, of the second part, the Terminal Asso-

ciation granted to each of said companies, and each of said companies accepted, a right, forever, of joint use with each other and with such other companies as might be admitted, as proprietary lines, to joint use thereof, of all terminal properties of the Terminal Association then held or that might thereafter be acquired in said St. Louis and East St. Louis, for passenger and freight, express and mail business, and for the interchange of the same between each other and with the public, the right granted to each proprietary company to remain as appurtenant to the railroad then owned by such proprietary company; and each of said proprietary companies, parties to said agreement, agreed forever to make use of the bridge and terminal properties of the Terminal Association for all passenger and freight traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis.

By said agreement it was provided that the rates of toll or charges should be fixed, subject as therein provided, so as to produce a sum sufficient each year to pay the fixed charges of the Terminal Association, including rentals, taxes and assessments, the expenses of maintaining the corporate organization of the Terminal Association and interest and dividends on such bonds or preferred stock not then contemplated as might become necessary to be thereafter issued for the purpose of future extensions and betterments to the properties of the Terminal Association and each of the proprietary companies, parties thereto, agreed by Article XIII thereof to pay its proportion of any deficiency, provided that the total gross sum which any one of the proprietary companies, parties thereto, should be called on to pay in any one year towards making up any deficit in the net earnings to meet the fixed charges, should not in any one year exceed one-seventh of one million dollars, which was therein stated to be in excess of the entire fixed charges assumed under said agreement, and provided further, that the tolls to be levied on traffic, as contemplated in said agreement, should at no time be so great as to

place any proprietary company using said terminals at a disadvantage in respect to its traffic that may be in competition with that of other lines.

Since the execution of said agreement, Baltimore and Ohio Southwestern Railroad Company, as successor of said Ohio and Mississippi Railway Company, St. Louis and San Francisco Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, The Chicago and Alton Railway Company, hereinafter called the Alton Company, Chicago, Burlington and Quincy Railway Company, hereinafter called the Burlington Company, and Missouri, Kansas and Texas Railway Company, hereinafter called the Kansas Company, have severally become parties to said agreement. The railroad companies, parties to said agreement, to-wit: The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company (hereinafter called the Vandalia Company), Baltimore and Ohio Southwestern Railroad Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, Louisville and Nashville Railroad Company, St. Louis and San Francisco Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, the Alton Company, the Burlington Company and the Kansas Company, are hereinafter termed, collectively, Proprietary Companies. The obligations of the Vandalia Company under said agreement have been duly guaranteed by The Pittsburg, Cincinnati, Chicago, and St. Louis Railway Company, and by Terre Haute and Indianapolis Railroad Company, the lessee, for account of itself and of said The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, of the line of railroad of the Vandalia Company; the obligations of the Alton Company, thereunder have been duly guaranteed by The Chicago and Alton Railroad Company and the obligations of the Burlington

Company thereunder have been duly guaranteed by Chicago, Burlington and Quincy Railroad Company. The Pennsylvania Company now owns a majority of the capital stock of the Vandalia Company.

The Terminal Association since said October 1, 1889, has from time to time acquired additional properties. The terminal facilities of the Terminal Association both at St. Louis and at East St. Louis are inadequate and must be extended in order to meet the requirements of the Proprietary Companies, and for efficiency and economy it is desired that such extension of terminal facilities be made by the Terminal Association.

For the purposes aforesaid, as well as to provide for funding its existing bonded indebtedness and for the improvement and betterment of its system, the Terminal Association has determined to issue its bonds limited to the aggregate principal amount of $50,000,000 at any one time outstanding, to be known as its general mortgage bonds, to be payable the first day of January, 1953, to bear interest from the first day of January, 1903, at the rate of four per cent per annum, payable semi-annually on the first days of January and July in each year, and to be payable, both as to principal and interest, at the office or agency of the Terminal Association in the City of New York, N. Y., in gold coin of the United States, of or equal to the present standard of weight and fineness, and, both as to principal and interest, without deduction for any tax or taxes which the Terminal Association may be required to pay thereon or retain therefrom under any present or future law of the United States, or of any state, county or municipality thereof; and, to secure said bonds, has determined to execute and deliver to Central Trust Company of New York and William Taussig, the Trustees, a mortgage and deed of trust, hereinafter called the general mortgage, of all its property and franchises therein particularly described, and of all its property and franchises at any time by it to be acquired.

The Proprietary Companies are the owners in severalty of all the capital stock of the Terminal Associa-

tion, in equal shares, and said action on the part of the Terminal Association has been taken at the instance and request of the Proprietary Companies, each of which has approved the general mortgage bonds and the general mortgage and, in respect of the stock of the Terminal Association owned by it, has authorized the execution and delivery thereof.

The Terminal Association has entered into an agreement to sell the general mortgage bonds, or some of them, and as a condition precedent to the purchase thereof, and as part of the consideration inducing such purchase, the Proprietary Companies, by an agreement with the Terminal Association and the Trustees, bearing date the sixteenth day of December, 1902, hereinafter called the Guaranty Agreement, have agreed, among other things:

(a) That such rates of toll or charges for the use of the Proprietary Companies of the properties of the Terminal Association, granted under the agreement of October 1, 1889, herinabove recited, shall be fixed from time to time by the Terminal Association as will produce a sum sufficient each year to pay the following charges, which are herein and hereinafter termed the fixed charges of the Terminal Association, to-wit:

1. All rentals on any properties leased by the Terminal Association;

2. Interest on all bonds of the Terminal Association from time to time outstanding, theretofore issued or authorized;

3. Interest on all the general mortgage bonds of the Terminal Association, at any time issued under the general mortgage and outstanding, and such sums as may be required for the payment or satisfaction of installments of the sinking fund created under the general mortgage of the Terminal Association;

4. All taxes and assessments, premiums of insurance, payments, charges, and expenses of every nature incurred in the maintenance, operation, repair and renewal of the system and properties of the Terminal Association, and every part thereof;

5. Whatever expenses may be legitimately incurred in maintaining the corporate organization of the Terminal Association and of any other company or companies whose creation or organization may be necessary in order fully to accomplish the objects desired in the organization of the terminal system of the Terminal Association;

(b) That the proviso contained in Article XIII of the agreement of October 1, 1889, hereinabove recited, limiting the total gross sum which any one of the Proprietary Companies may be called upon to pay in any one year towards making up any deficit in the net earnings of the Terminal Association to meet the fixed charges of the Terminal Association, and limiting the amount of the tolls to be levied on traffic, be waived;

(c) That the Proprietary Companies will forever make use of the properties of the Terminal Association granted under said agreement of October 1, 1889, for all passenger and freight traffic within their control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis;

(d) That the Proprietary Companies will, at all times, pay for the use of the properties of the Terminal Association granted under said agreement of October 1, 1889, the tariff rates from time to time established by the Terminal Association for such use, and that such tariff rates shall be so fixed as to insure the production of sufficient revenue at all times to enable the Terminal Association punctually to meet and discharge the fixed charges of the Terminal Association as defined as aforesaid in the Guaranty Agreement;

(e) That, to the end that the Terminal Association may at all times be able to pay and discharge promptly as and when due the interest on all of the general mortgage bonds issued by it, as well as any and all taxes, costs, charges, expenses, and obligations incurred by the Terminal Association, or for which it shall become liable in the operation and maintenance of its properties, as well as installments of sinking fund under the general mortgage and the other fixed charges of the Terminal Association as defined as aforesaid in the

Guaranty Agreement, the Proprietary Companies, each to the extent of one-fourteenth thereof only, guarantee the prompt payment, as and when due, of all interest on all the general mortgage bonds of the Terminal Association at any time issued under the general mortgage, according to the tenor and effect of the general mortgage bonds and of the general mortgage, and the payment and satisfaction of the installments of the sinking fund under the general mortgage.

The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company and Terre Haute and Indianapolis Railroad Company, the Lessee, for account of itself and said The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, of the railroad of the Vandalia Company, joined in the Guaranty Agreement, and guaranteed the faithful and punctual performance by the Vandalia Company of the covenants thereof. The Burlington Company is the lessee of the railroad of Chicago, Burlington and Quincy Railroad Company, and the Alton Company is lessee of the railroad of The Chicago and Alton Railroad Company; said lessor companies joined in the Guaranty Agreement and respectively guaranteed the faithful and punctual performance by their respective lessees of the covenants thereof.

The Railroad Companies desire further to secure the general mortgage bonds of the Terminal Association by the Assignment and transfer of the stocks hereinafter in the granting clause hereof specifie d.

For a valuable consideration, it is therefore agreed as follows:

First. The Railroad Companies bargain, sell, assign, set over, transfer and deliver to the Trustees nine thousand five hundred shares of one hundred dollars each, full paid and non-assessable, of the capital stock of Wiggins Ferry Company, and all additional shares of the stock of said Ferry Company which may be acquired by or for or on behalf of the Railroad Companies, or any of them, or in their interest, or be held in trust for them or for their benefit, or in trust for or for the benefit of any of them;

To Have And to Hold Unto the Trustees, their successors in the trust and their assigns, forever, on the trusts and for the uses and purposes, and subject to all the terms, provisions and stipulations in the general mortgage and in the general mortgage bonds contained, and for the uses and purposes, and upon and subject to all the terms, conditions, provisions and agreements in the general mortgage expressed and declared, as additional security for the general mortgage bonds from time to time issued under the general mortgage of the Terminal Association, and outstanding.

Second. If the said sums of money in the general mortgage bonds mentioned, as well the principal as the interest thereof, shall be well and truly paid at the times and in the manner therein and in the general mortgage expressed, according to the tenor and effect thereof, then, and in such case, the estate, right, title and interest of the Trustees, their successors in the trust, and their assigns, shall cease, determine and become void, and upon proof being given of the reasonable satisfaction of the Trustees that all the general mortgage bonds at any time issued and all acrued interest thereon have been paid off and satisfied, and upon payment of all costs, charges and expenses incurred by the Trustees in relation thereto, the Trustees shall re-assign or cause to be re-assigned, transferred and delivered to the Railroad Companies, or on their order, the stocks hereby assigned and transferred, and shall cancel and satisfy this agreement.

Third.—The railroad companies, each for itself, expressly waive and release all right to have the stocks embraced in this agreement and hereby assigned and transferred, marshalled in any foreclosure of the general mortgage or other enforcement thereof; and the trustees in the general mortgage or any court, in which the foreclosure of the general mortgage or the administration of the trusts by the general mortgage created is sought, shall have the right to sell the stocks hereby assigned and transferred, as part of the mortgaged premises therein embraced, and to determine whether such sale shall be made of the mortgaged

premises as a whole, in a single lot or parcel, or in more than one parcel.

Fourth.—The railroad companies will not, nor will any of them, at any time, insist upon, or plead, or in any manner whatever claim or take the benefit or advantage of any stay or extension law wherever enacted, now or at any time hereafter in force, which may effect the terms, covenants and performance of this agreement, or of the general mortgage, nor will the railroad companies, nor will any of them, claim, take or insist upon any benefit or advantage from any law now or hereafter in force, providing for the valuation or appraisement of the trust estate embraced in the general mortgage, including the stocks hereby assigned and transferred, prior to any disposition thereof to be made pursuant to any provision of the general mortgage or herein contained, or to the decree of any court of competent jurisdiction; nor will the railroad companies, nor will any of them, after such disposition, claim or exercise any right under any law or statute wherever enacted and now or at any time in force to redeem the trust estate embraced in the genral mortgage, including the stocks hereby assigned and transferred, or any part thereof, and the railroad companies expressly waive any benefit and advantage under any such law or laws, and covenant that they will not hinder, delay or impede the execution of any power in the general mortgage or herein or hereby granted and delegated to the trustees, but will suffer and permit the execution of every such power as though no such law or laws had been made or enacted.

Fifth.—This agreement shall extend to the successors of the respective parties of the first part and to the successors in the trust under the general mortgage of the parties of the second part.

In witness whereof, each of the parties of the first part has caused its corporate seal to be hereunto affixed and this agreement to be signed by its president or vice president, and its secretary or an assistant secretary, and Central Trust Company of New York has

caused its corporate seal to be hereunto affixed and this agreement to be signed by one of its vice presidents and by its secretary or an assistant secretary and the said William Taussig has hereunto subscribed his name and affixed his seal, the day and year first above written.

St. Louis, Mo.

Dear Sir:—

As requested by phone, I give below the tonnage of coal from Illinois mines reported through this office

as being received at East St. Louis and vicinity for local consumption and destined to points beyond.

1903 ----------5,731,,747 tons.
1904 ----------5,959,614 tons.
1905 ----------6,146,363 tons.

Respectfully,

(Signed): R. M. Fraser,
Secretary.

Complainant's Exhibit No. 209.

Answers to questions propounded by Mr. E. C. Crow, in the case of United States of America vs. The Terminal Railroad Association of St. Louis, et al.

Question No. 1.—What rolling stock, if any, was owned by the St. Louis Belt & Terminal Railway Company at the time of the sale to the Terminal Company in July, 1902, and if any was owned from whom was it purchased and what was paid for the same, and of what did it consist?

Answer—The St. Louis Belt & Terminal Railway Company did not own any rolling stock in July, 1902.

Question No. 6.—Have the Auditor furnish a statement as to the number and extent of the yards acquired by the Terminal Railroad Association and the Merchants Bridge Terminal, and the track connections with the Terminal Railroad Association?

Also—

Question No. 8.—Have the Auditor furnish a statement as to how many yards they have and when they were bought and what they cost.

Questions Nos. 6 and 8 can be answered together.

Answer, as follows:

TERMINAL RAILROAD ASSOCIATION OF ST. LOUIS.

Name of Yard—	Area.	Cost of Property.	Annual Rent.
Compton Ave. Yard....	728,250 sq. ft.	$355,750.00	$10,500.00
Atlantic St. Yard.....	498,555 sq. ft.	507,000.00	41,102.00
22nd St. Yard.....	19,964 sq. ft.	.....	3,980.00
21st St. Yard	167,691 sq. ft.	252,950.00	.....
Head End Yard	87,508 sq. ft.	.....	.....

Express Yard	60,981 sq. ft.	215,380.00	.....
17th St. Yard	567,473 sq. ft.	318,953.00	.....
12th St. Yard	85,687 sq. ft.	98,975.00	31,319.00
Hump Yard .....)			
Ranging Yard .....)	2,556,484 sq. ft.	46,067.00	.....
Conlogue Yard .....)			

ST. LOUIS MERCHANTS BRIDGE TERMINAL COMPANY.

Name of Yard—	Area.	Property. Cost of	Rent. Annual
Gratiot St. Yard	241,972 sq. ft.	$116,750.00	$16,720.00
Carr St. Yard.....	71,904 sq. ft.	129,362.00	.....
Ashley St. Yard	62,303 sq. ft.	113,367.00	.....
Florida St. Yard	28,640 sq. ft.	.....	3,300.00
Tyler St. Yard	27,669 sq. ft.	10,500.00	.....
N. Market St. Yard.....	13,455 sq. ft.	45,715.00	.....
Branch St. Yard	73,463 sq. ft.	37,500.00	1,500.00
Bremen Ave. Yard	204,406 sq. ft.	100,000.00	.....
Grand Ave. Yard	37,968 sq. ft.	17,750.00	.....
Madison Car Yard.....	204,555 sq. ft.	2,152.00	.....
Madison Yard	655,747 sq. ft.	7,379.00	.....

These yards are all connected with the tracks of either the Terminal Railroad Association of St. Louis or the St. Louis Merchants Bridge Terminal Railway, as per grouping above, and have been gradual growths; i. e., tracks have been built and added to from time to time, finally becoming yards.

Question 13—Have the Auditor or the Secretary of the Terminal Company furnish a statement as to what the records of the Terminal Company show with reference to the purchase of the Interstate Car Transfer and the Belt and Terminal Railway, and what the records of the Interstate Car Transfer Company and the Records of the St. Louis Belt & Terminal Railway Company show with reference to said purchase.

Answer—The minutes of a meeting of the Executive Committee of the Terminal Railroad Association of St. Louis, held May 15th, 1901, show the following entry:

"The Chair stated that the Interstate Car Transfer Company could be purchased, and Mr. Watts outlined the terms. After full discussion, on motion of Mr. Warner, it was unanimously

Resolved, That the President continue his negotiations and report progress at a future meeting."

The minute book of the Board of Directors and Executive Committee does not show any further action taken relative to purchase of the Interstate Car Transfer Company or the St. Louis Belt & Terminal Railway Company.

The records of the Terminal Railroad Association of St. Louis show one hundred sixty thousand dollars ($160,000) paid for eight thousand (8,000) shares, the entire capital stock of the St. Louis Belt & Terminal Railway, payments being made by two vouchers, one for fifty thousand dollars ($50,000), and one for one hundred ten thousand dollars ($110,000). This being a sale of stock only, does not appear in the accounts of the St. Louis Belt & Terminal Railway.

The records of the Terminal Railway Association of St. Louis show six hundred eighty-seven thousand nine hundred eighty-four and 37-100 dollars ($687,984.37) paid for five thousand (5,000) shares, the entire capital stock of the Interstate Car Transfer Company; this being a sale of stock only, does not appear in the accounts of the Interstate Car Transfer Company.

Question No. 14—Have the Auditor furnish a statement showing whether any company other than the proprietary companies pay any proportion of the rental for the Union Station and if so, how much.

Answer—The rental and operating expenses of the St. Louis Union Station are apportioned to all lines using the Station on a car basis. Tenant lines during the year ended June 30, 1907, paid as their apportionment of such rental and operating expenses, as follows:

C. P. & St. L. Ry. Co.	$ 9,322.63	or .00854	% of total
Chicago & Eastern Ill. R. R.	27,283.85	or .02502	% of total
Mobile & Ohio R R.	31,407.88	or .02880	% of total
St. Louis Southwestern Ry. Co.	16.435.17	or .01507	% of total
Tol., St. Louis & W. R. R. Co.	19 561.22	or .01794	% of total
Total	$104,010.75	or .09537	% of total

Question No. 17—Have the Auditor make a statement showing just what property the Interstate Car & Transfer Company had at the time of its acquisition by the

Terminal Railroad Company in July, 1902, and a description of said property.

Answer—The property of the Interstate Car Transfer Company when acquired by the Terminal Railroad Association of St. Louis was as follows:

1 Tug.
1 Steamer.
2 Barges.
Cradle and Office at Lesperance St.
Office at East St. Louis.
Shop at Lesperance St.
2 Landing Floats.
Pile Driver Float.
Calking Float.
Stern Dock.
Driving Outfit.
Burlington Incline.

Question No. 26—Have the Auditor of the Wiggins Ferry to furnish a statement of how many boats when the Terminal bought them and what was paid for them, and how many locomotives they had when the Terminal bought them and how much they paid for them and what buildings and how much ground and where located and what was paid for them.

Answer—The equipment of the Wiggins Ferry Company when the purchase of its stock was made in 1903, consisted as follows:

4 Ferry Steamers	Cost	$124,130.59
4 Ferry Steamer Wharf Boats	Cost	14,654.02
2 Steamers	Cost	110,000.00
1 Tug	Cost	18,500.00
4 Landing Floats	Cost	53,000.00
2 Barges	Cost	11,140.00
2 Cars	Cost	450.00
1 Sand Digger	Cost	678.74
Total		$332,553.35

The real estate of the Wiggins Ferry Company consisted of seven hundred forty-five and 3-100 (745.03) acres of land in East St. Louis and Illinois, and eleven and thirty-five hundredths (11.35) acres in St. Louis, costing $791,160.08. The improvements on this land

consist of 37 tenement houses and two warehouses in East St. Louis, and one warehouse in St. Louis, all costing $91,812.00. The total for land and improvements—$882,972.08.

Question No. 27—Have the Auditor make a statement showing the date the Conlogue Railroad was acquired and what besides roadbed and rails was acquired with the property, and what the books show was the price paid for it and whether or not it was paid in cash, and if so, whether or not it was paid for with the proceeds of the sale of the fifty million ($50,000,000.00) of bonds.

Answer—The East St. Louis & Carondelet Railway (Conlogue) was acquired in February, 1903, by purchase of the entire capital stock, forty-two hundred shares (4200), from the Pennsylvania Company, for one million two hundred and fifty thousand dollars ($1,250,000.00), paid in cash, such cash being part proceeds of the sale of eighteen million dollars ($18,000,000) general mortgage bonds. The equipment at time of purchase consisted of 8 locomotives and 23 flat cars.

Question No. 30—Have the Auditor make a statement showing how much equipment his books show that the Terminal Railway Company has or owns at this time, and what did it cost and of what does it consist.

Answer—The equipment of the Terminal Railroad Association of St. Louis, July 1st, 1907, was as follows:

72	Locomotives	Cost	$852,182.00
15	Workingmen's Cars	Cost	40,500.00
169	Construction Cars	Cost	62,250.00
6	Cabooses	Cost	2,100.00
3	Derricks	Cost	21,250.00
1	Leveler	Cost	2,000.00
2	Unloaders	Cost	8,000.00
2	Steam Shovels	Cost	13,099.70
3	Plows	Cost	1,193.95
1	Pile Driver	Cost	2,650.00
	Total		$1,005,225.65

"Complainant's Exhibit No. 214."

This agreement made this 18th day of July, 1902, between W. K. Kavanaugh, for himself, and his associates, parties of the first part, and the Mississippi Valley Trust Company, Agent, party of the second part;

Witnesseth:

Whereas, said parties of the first part are the owners of all the capital stock of the Interstate Car Transfer Company, hereinafter called the Transfer Co. and all of the capital stock and subscriptions to capital stock of the St. Louis Belt and Terminal Railway Company, hereinafter called the Belt Company, the railroad of which last named company is being constructed by the parties of the first part under a parole agreement whereby, in consideration of the acquisition of the right-of-way and construction and equipment of road, the parties of the first part are to receive the entire issue of stock of said Belt Company: The stock of said Transfer Company, amounting to Five Hundred Thousand Dollars ($500,000), and the authorized issue of stock of said Belt Company, being Eight Hundred Thousand Dollars, ($800,000) of preferred, and Two

Million, Two Hundred Thousand Dollars, ($2,200,000) common; and

Whereas, Said party of the second part, as Agent, desires to acquire all of said stock of said Transfer Company and all of said stock and subscriptions of stock of said Belt Company, and all the rights of the parties of the first part and any of them connected in any manner with said Transfer Company and Belt Company and the Construction Agreement for said Belt road;

Now, therefore, the said parties of the first part do hereby sell, transfer, assign and set over to said party of the second part, as Agent, as aforesaid, and said party of the second part, as Agent as aforesaid, does hereby purchase from said parties of the first part all of said stock of said Transfer Company and all of said stock and subscriptions to stock of said Belt Company, and all rights under the existing contracts for the construction of the same, upon the following terms and conditions, to-wit:

The purchase price of said Transfer stock is One Hundred Thirty-five dollars ($135) per share for said Five Thousand (5000) shares; the purchase price for the said Eight Thousand (8000) shares of preferred stock of said Belt Company is Twenty Dollars ($20) per share; making total aggregate price for all of said stocks and subscriptions to stocks of Eight Hundred and Thirty-five Thousand Dollars, ($835,000.)

II.

As part of said purchase price, the sum of Fifty Thousand Dollars ($50,000) is now paid to said parties of the first part receipt of which is hereby acknowledged; the balance of said purchase price, to-wit, Seven Hundred and Eighty-five Thousand Dollars ($785,000) shall be paid to said parties of the first part on or before October 1, 1902, without interest to said date of payment.

III.

It is further understood and agreed that the purchase of said stocks and rights to subscriptions to stocks herein made carries the absolute and complete control of said Transfer Company and of said Belt Company, and all subsidiary and construction Companies of each of said companies, and all properties pertaining thereto, and that from and after the signing of this agreement said properties and companies shall be operated under the control and direction of said party of the second part, or some one designated by it; and said companies, and each of them, shall be immediately reorganized as may be directed by said party of the second part, said party of the second part agreeing to advance from this date all moneys necessary to continue the construction of said Belt line and to meet its obligations and carry out its contracts.

IV.

All of said stocks, properly endorsed in blank, shall be forthwith deposited with M. F. Watts and Walker Hill, to be held by them in trust until the payment of the balance of the purchase price thereof as above stated within said time, and upon such payment to be delivered by said Watts and Hill to said party of the second part, it being understood that such transfers of stock shall be made forthwith as may be necessary to qualify directors for said companies designated by said party of the second part.

Executed in duplicate this 18th day of July, 1902.

(Signed) W. K. Kavanaugh, for himself and Associates,

Parties of the first part.

(Signed) Mississippi Valley Trust Company, Agent,
By Julius S. Walsh, President.

Party of the second part.

In the execution of the attached agreement the Mississippi Valley Trust Company is acting as agent for the Missouri Pacific; St. Louis, Iron Mountain & Southern; Wabash; Louisville & Nashville; Cleveland, Cincinnati, Chicago & St. Louis; St. Louis, Vandalia & Terre Haute; Baltimore & Ohio Southwestern and the St. Louis & San Francisco Railway Companies.

(Signed) Mississippi Valley Trust Company,
By Julius S. Walsh, President.

The total revenue for the years 1899 and 1906 differs slightly from the figures shown in my previous statement.

MISSOURI & ILLINOIS BRIDGE & BELT RAILROAD COMPANY,

Operating Alton Bridge.

W. T. Loudon,
Superintendent.

Alton, Ill., Nov. 26th, 1906.

Hon. E. C. Crow,
Attorney at Law,
717 Wainwright Bldg., St. Louis, Mo.

Dear Sir:—

Replying to your letter of the 21st inst.

I enclose herewith commodity report for the month of September, 1905, in lieu of the interchange statement that was sent you through error and which you have returned.

I enclose a statement showing freight, passenger and miscellaneous earnings from 1896 to Aug. 31st, 1906. The figures in the first report that I made you were taken from the income account. I find in making the division between passenger, freight and miscellaneous earnings that the figures differ for two years from those in my original report.

If you find anything in this report that is not exactly clear to you, I will take pleasure in dropping into your office some day and explaining to you.

The Burlington discontinued its passenger service over the Alton Bridge on December 31st, 1902.

Yours truly,

(Signed) W. T. Loudon.

WTL.

MISSOURI & ILLINOIS BRIDGE & BELT RAILROAD COMPANY,

Operating Alton Bridge.

W. T. Loudon,
Superintendent.

Alton, Ill., Oct. 19th, 1906.

File 13.

Hon. Edward C. Crow,
Attorney at Law,
717 Wainwright Bldg., St. Louis, Mo.

Dear Sir:—

Replying to your letter of the 18th inst.

At the time I made up the statement showing earnings, etc., of this company, the books for September had not been closed, therefore the information was not given you. I am now able, however, to furnish it. Below find information desired.

Receipts, $12,516.14; Disbursements, $11,639.46; Loaded Cars Handled, 2,764; Empties, 762.

Yours truly,

(Signed) W. T. Loudon.

Complainant's Exhibit No. 219.

ST. CLAIR, MADISON & ST. LOUIS BELT R. R. COMPANY,

John F. Barnard, Receiver.

Operating Alton Bridge.

Passenger Tariff No. 1. Rates Governing Passenger Traffic Passing Over the Alton Bridge Between Alton, Ill. and West Alton, Mo.

RULES.

1. The minimum charge for any one consignment will be one hundred pounds at tariff rate, but not less than twenty-five cents each. When shipments are handled to or from warehouses of this Company the minimum charge will be twenty-five cents for each package.

2. Freight between connecting lines must be loaded in a separate car for line to which destined, and all such cars will be subject to a minimum of 5,000 pounds.

3. Maximum charge for any single shipment shall not exceed the minimum charge at carload rates for the same article.

4. All freight must be removed promptly by consignee, and shall be at their risk after twenty-four (24) hours from receipt of notice by them.

5. All consignments will be charged for at actual gross weight.

6. Any shipment which, in the judgment of forwarding agent, will not bring, at forced sale, the amount of freight charges at destination, must be prepaid or charges guaranteed.

7. These rates do not apply to consignments which from their nature require a separate car for their transportation. Such consignments will be charged at minimum carload rates, except as otherwise provided for or covered by special agreement.

8. All goods received subject to rules of connections for whom they are destined.

Complainant's Exhibit No. 222.

MISSOURI & ILLINOIS BRIDGE & BELT RAILROAD COMPANY,

Operating Alton Bridge.

Amendment No. 1 to Freight Tariff No. 1. Subject to change without notice, other than required by law.

Taking effect Jan. 10th, 1906.

The rate on bituminous coal will be twenty (20) cents per ton, minimum marked capacity of car.

Issued Jan. 5, 1906. To I. C. C. Jan. 5, 1906.

A. Hamilton,
Superintendent,
Alton, Ill.

I. C. C Freight No. 2.

Complainant's Exhibit No. 223.

MISSOURI & ILLINOIS BRIDGE & BELT RAILROAD COMPANY,

Operating Alton Bridge.

Passenger Tariff No. 1. Subject to change without notice other than required by law. Supersedes all previous tariffs and amendments issued by the St. C. M. & St. L. B. R. R. Co. Rates governing Passenger Traffic passing across the Alton Bridge between Alton, Ill., and West Alton, Mo.

Effective Oct. 1, 1906.

This Company makes direct connection with the following roads:

RULES.

1. The minimum charge for any one consignment between connecting lines will be one hundred pounds at tariff rate, but not less than ten cents each. When shipments are handled to or from warehouses of this Company the rate will be ten cents per hundred pounds except flour, which will be charged for at rate of $1.00 per lot of 1000 to 2000 pounds; 5 cents per 100 over 2,000 pounds. Minimum charge for any shipment to or from warehouses of this Company shall be twenty-five cents.

2. Freight between connecting lines must be loaded in a separate car for line to which destined, and all such cars will be subject to a minimum of 5,000 pounds.

3. Maximum charge for any single shipment shall not exceed the minimum charge at car load rates for the same article.

4. All freight must be removed promptly by con-

signees, and shall be at their entire risk after twenty-four (24) hours from receipt of notice by them.

5. All consignments will be charged for at actual gross weight.

6. Any shipment which, in the judgment of forwarding agent, will not bring, at forced sale, the amount of freight charges at destination, must be prepaid or charges guaranteed.

7. These rates do not apply to consignments which from their nature require a separate car for their transportation. Such consignments will be charged at minimum car load rates, except as otherwise provided for or covered by special agreement.

8. All goods received subject to rules of connections for whom they are destined.

Complainant's Exhibit No. 225.

No. 265. Through Rates of Fare from St. Louis.

LIMITS.

1. The days transit limit given herein is in addition to the day of sale.

2. A limited ticket must not bear any other date than actual date of sale; when it is the rule of a line to change its dating stamps before midnight the limit shall be the same as if the ticket was dated on the day within which it was actually sold.

3. The bona fide cases of passengers wishing to buy tickets for use at a later time, tickets must be dated in, and limit given from the date on which passenger intends starting, but in such cases the coupon of the initial line shall be endorsed not good for passage before the day of its date, which shall be named in such endorsement.

4. Unlimited tickets must not be sold to points in California, Nevada, Oregon, Washington or British Columbia; to Montana common points or points in Montana west thereof, or intermediate points carrying Montana common point rates; to all points in Idaho, unless carrying less than Utah common point thirty (30) day rate; to Utah common points, or to intermediate points carrying Utah common point rates; to points on the line of the Southern Pacific in Utah west of Ogden, in New Mexico and Arizona west of and including Lordsburg, or at rates based on the $60.00 rate from Missouri River, via Colorado common points, to points west of Albuquerque, or to points on the N. M. & A. Sonora, Mexican Central and Mexican International Railways. All such tickets sold at rates shown herein in the first class unlimited column, should be limited to thirty (30) days from date of sale.

SIGNATURES.

5. Unlimited rates shown herein (where routes are not specified) are intended to apply via the direct lines.

6. All tickets, whether limited or unlimited, read-

ing to points in Montana, Wyoming and New Mexico (including El Paso, Tex.) and points west thereof, should be signed by the purchaser and witnessed by some authorized agent of the company.

CHILDREN'S TICKETS.

7. Children under five years of age, when accompanied by parents or guardians free. Children of five and under twelve years of age half fare.

ROUTES.

8. Rates herein quoted via a point apply via all routes over which short line fare to such points are authorized. Rates to points not covered by special routing are applicable only via direct lines. Tickets must not be sold to any intermediate point at higher fares than tickets of the same class to a point beyond on the same through line.

Northern, Eastern (See Rules 27, 28, 29.)

9. When tickets are sold via long or indirect routes, they should be limited to twenty-four hours in excess of schedule time.

10. Rates quoted herein to points in Illinois, Iowa, Wisconsin, Minnesota and Dakota, apply via Chicago only when so quoted.

Southern (See Rules 26-30.)

*11. The limited first and second-class fares to Grafton, W. Va., and points east of the B. & O. R. R., and connections also applies via Midland City and Columbus, or via the Wabash R. R. to Pittsburg or Wheeling and B. & O. time limit same as via direct line.

Western (See Rules 23, 24, 25, 26, 31.)

12. Rates to points beyond New York, via New York, should be made the sum of the rates to and from New York.

13. Rates to Florida points, via Pensacola, apply via Seaboard Air Line or Atlantic Coast Line from River Junction.

Rates to Florida points routed via Waycross, Lake City or Brunswick and Steamer apply via any route to Waycross, Lake City or Brunswick shown to those points in this sheet.

Rates to Florida points apply via all routes shown herein to Jacksonville, to which short line fares apply.

Rates to Florida, via New Orleans and rail, $9.00 higher than short line rates quoted herein.

*14. Rates to points on or reached via A., T. & S. F. Ry., west of Burrton or south of Wichita will also apply via the Frisco System to Burrton or Wichita in connection with the A., T. & S. F. Ry.

Attention is directed to the fact that arrangements have been made for the interchange of passenger business between the Frisco System (St. L. & S. F. R. R.), and Chicago, Rock Island and Pacific Railway. Tickets may now be routed to points on the C., R. I. & P. Ry., via the Frisco System; also to points on the Frisco System via C., R. I. & P. Ry., via all junctional points.

One-way rates for tickets to points on the Union Pacific R. R. east of Granger and Ogden apply only for tickets reading via Union Pacific R. R. (including St. Joseph and Grand Island Ry. from St. Joseph) from Missouri River points.

One-way tickets to Grand Junction, Colo., and destinations on the D. & R. G. and connections west thereof may be routed via the Union Pacific or any other lines to Denver, Colorado Springs or Pueblo, thence via D. & R. G. or Colorado Midland and connections to destination.

One-way tickets may be routed via Missouri Pacific Ry. to Pueblo, D. & R. G. to Denver, or via Burlington Route or C., R. I. & P. System, or A., T. & S. F. to Denver, thence the Union Pacific R. R. to Ogden, also to all points on the O. S. L. R. R. south, west and north of Pocatello, and connections, via Granger or Ogden, and to all points west of Ogden on the Southern Pacific (P. S.) Ry. and connections.

*15. One-way tickets may be routed via Union Pacific R. R. to Denver, thence D. & R. G. R. R. or Colorado Midland Ry. via Grand Junction to any point on or beyond the Denver & Rio Grande Ry.

All one way rates for tickets to points on or via the Union Pacific R. R. east of Ogden, Utah, must read via Union Pacific R. R. (including St. Joseph and Grand Island Ry. from St. Joseph) from some one of its Missouri River terminals or from Ellsworth.

To Ogden, Utah, one-way tickets from Missouri River and east thereof may be routed via the A., T. & S. F., B. & M. R., or C., R. I. & P. to Denver, or Missouri Pacific to Pueblo, and D. & R. G. to Denver, thence to the Union Pacific. From same territory, tickets may be similarly routed to points on the O. S. L. O. R. & N. Co.; Southern Pacific and their connections. To points on the O. S. L. south of Ogden or intermediate to Ogden, or Pocatello, route should be via Ogden only. To points on the O. S. & L. west and north of Pocatello, and to points beyond, routes may be either via Granger or Ogden.

16. Through tickets may be sold via all routes through Billings or Huntington to Spokane, Washington, thence Great Northern Railway to points on that line at same rates as now quoted via Huntington and Portland. Tickets may also be sold via Spokane, Great Northern Ry. to Tacoma, Wash., on the south, Vancouver and Nanaimo, B. C., on the north; and all points intermediate on rail or steamer lines, at same rates as are now applicable via Portland, Ore.

17. Tickets to Helena or Butte or any point west thereof, reading via the Burlington Route from any Missouri River gateway to Billings, will be honored via Denver and Brush-Alliance Line.

*18. The following may be considered as direct routes from Missouri River points to California common points (except as hereinafter modified.).

(a) Ogden, Albuquerque and Bakersfield, Albuquerque and Barstow; Albuquerque, Barstow and Los An-

geles (See paragraph f); Deming, El Paso, and Fort Worth and El Paso.

(b) Tickets may be sold via Denver, Colorado Springs, or Pueblo, Albuquerque and Barstow to Southern California Ry. points; via Denver, Colorado Springs, or Pueblo, Albuquerque, Barstow and Los Angeles to points north of Los Angeles and south of Mojave, including Newhall, Santa Barbara, Carpentaria and San Buenaventura; via Denver, Colorado Springs, or Pueblo or Dalhart and El Paso to San Diego and intermediate on Southern California Ry., south of Los Angeles; via Denver, Colorado Springs or Pueblo, Delhart and El Paso to Los Angeles and intermediates on So. Pac. Co. east thereof carrying common California rates; via Denver, Albuquerque and Bakersfield to all Southern Pacific local points north of Bakersfield and south of and including Redding. Rates to other territory shown via Albuquerpue and Los Angeles or via El Paso or Deming to not apply via Denver, Colorado Springs or Pueblo.

(c) First-class tickets to San Francisco and points north thereof, good for passage over the Coast Line, will be honored from Pajaro through San Francisco to either Gilroy or through Santa Cruz, thence over Narrow Gauge Lines to San Francisco and vice versa.

(d) First-class tickets via Ogden to Los Angeles and beyond will be honored by the Southern Pacific Co., via direct route through Sacramento and Stockton or via San Francisco and Coast Line or San Francisco and Tracy.

Second-class tickets to Los Angeles and beyond will be honored by the Southern Pacific Co., via Sacramento and Stockton or via San Fransisco and Coast Line only.

First- and second-class tickets to points on San Joaquin Valley divisions north of Saugus will be honored only via Sacramento and Stockton.

Tickets via Ogden to points on Southern Pacific

Coast Line north of Santa Barbara will be honored via Coast Line only.

First- and second-class tickets via Ogden to Saugus, Santa Barbara, or to points intermediate to Saugus and Santa Barbara, will be honored via San Francisco and Southern Pacific Coast Line, or via Bakersfield and Saugus.

First-class tickets to Seattle, Washington and intermediate points, via Shasta route, will be honored via San Francisco or via direct route at option of passenger.

Second-class tickets to Seattle, Wash., and intermediate points will be honored via Sacramento only.

(e) Tickets may be issued via Albuquerque, Bakersfield and San Francisco to points north of and including Monterey or Castroville.

PROHIBITED ROUTES.

(See Rule 35.)

19. Tickets must not be issued reading Illinois Central R. R. to points on or via the Mobile & Ohio R. R. or vice versa.

20. Limited first- and second-class rates to points on or via Penna. Lines, or Penna. R. R. east of Columbus, Ohio, must not be applied via Cincinnati.

21. Where no rates to points south of Nashville are quoted in this sheet as "via Louisville" no tickets should be sold from St. Louis or issued by connecting lines through Louisville and Nashville.

22. Tickets must not be sold via Union Pacific R. R. to Denver, thence via B. & M. R. R. R. via Billings, Mont.

23. Tickets to points on the Northern Pacific Ry. west of Garrison, Mont., and to points on the Great Northern Ry., beyond Helena, Mont., must not be sold via Ogden or Granger and Silver Bow.

24. (a) Tickets must not be issued via Ogden to points east of Colton; tickets must not be issued via El Paso, Deming, Los Angeles or Bakersfield to points east of Roseville Junction (except Maryville and points north) on or reached via the line of the Southern Pacific Co.

(b) Tickets must not be issued via Santa Fe System to Mohave, Cal., thence So. Pac. (P. S.) Co., or vice versa.

25. Second-class tickets must not be sold to points north of Mohave, via Albuquerque, Barstow and Los Angeles. First-class tickets to points in California, as heretofore, may be sold via above named route. Second-class tickets must not be issued via Albuquerque, Barstow, Los Angeles to Southern Pacific Coast Line points north of San Jose.

26. Tickets must not be sold from St. Louis proper to Texas points via Kansas City, excepting to El Paso and intermediate Texas points on direct lines from Kansas City (not via Fort Worth); but rates herein shown to Texas points may be used for basing purposes via St. Louis and Kansas City by connecting lines to points on, west and southwest of the line of the H. & T. C., but not including Houston and Galveston. Connecting lines are not authorized to sell via St. Louis and Kansas City to Texas points east of the line above described.

27. Second-class tickets must not be issued via New York and Sound Lines.

28. Tickets may be sold via Southern Ry. or B. & O. S. W. R. R., routed via Louisville and reading over any portion of the Louisville & Nashville R. R.

29. Tickets must not be sold reading via B. & O. S. W. R. R. to Baltimore, Washington or Philadelphia, thence via Pennsylvania R. R.

*30. No tickets to be sold via St. L., I. M. & S. Ry., or Missouri Pac. Ry. to points on C., R. I. & P. Ry. (Choctaw District.)

31. No tickets should be sold to points on the California Northwestern Railway.

STEAMSHIP FARES.

(See Rule 37.)

32. Rates to British Honduras, Spanish Honduras, Nicaragua, Republic of Colombia, Gautemala, and Costa Rica are payable in U. S. currency, and include meals and berth while at sea, and transfer at New Orleans. Tickets are sold subject to quarantine regulations. Passengers for Spanish Honduras and Guatemala must be provided with consular certificates.

33. Rates to Havana, Cuba, include meals and berth on steamer while at sea.

34. Unless otherwise noted, first-class rates by "boat" include meals and state-rooms while on boat. Second-class rates include cabin transportation without meals or berth. Third-class rates include deck passage.

CORPSE.

35. When the local regulations of individual lines permit of the sale of through tickets for the transportation of a corpse, the rate, regardless of the age of the deceased, will be one lowest first-class full fare, if accompanied by some person in charge who must also hold transportation and who must be provided with the usual certificate from physician or board of health.

Above rule applies to points on Mexican Central Railroad, in Mexico, via El Paso or Eagle Pass.

Through tickets must not be sold for the transportation or corpses to any point via the B. & O. R. R. and Philadelphia involving transfer through the city. In each instance corpse must be ticketed to Phladelphia and purchaser notified that transfer charge through the city of $2.50 will be made by the union Transfer Company for each corpse.

Exceptions.—Ticket for transportation of a corpse cannot be sold through New York on account of regulations of Board of Health of that city. Passengers should be advised that the charge for transfer service is $5.00 for each corpse.

Through tickets for the transportation of corpse should not be issued to any point on the West Jersey & Seashore R. R., except Atlantic City, N. J.; to any point on the Amboy Division of the Pennsylvania R. R. in New Jersey, except Bordentown and points east thereof; nor to any point on or reached via the Tuckertown R. R., via Whitings. In each instance corpses should be ticketed to Philadelphia, and purchasers notified that transfer from Broad Street Station to Market Street Wharf is necessary, for which the Union Transfer Company charges $2.50 for each corpse.

BAGGAGE.

36. One hundred and fifty (150) pounds of baggage only will be checked free for each passenger presenting a full ticket and seventy-five (75) pounds for each passenger presenting a half ticket.

On Trans-Pacific steamship business, whether originating in or passing through the United States to Trans-Pacific ports, three hundred and fifty (350) pounds of baggage will be allowed on each full ticket of any class and one hundred and seventy-five (175) pounds on each half ticket.

Excess baggage rates named herein apply via all routes over which the first-class limited rates apply.

Owing to Custom House regulations, baggage destined to points in Mexico will be checked to New Laredo, Ciudad Porfirio, Diaz or Ciudad, Juarez, Mexico, only, and there re-checked to destination of the ticket. Baggage will be inspected by the Mexican Custom officers at the points named.

In checking excess baggage to New Lared, Ciudad Porfirio, Diaz or Juarez, Mex., to holders of through

tickets to points in Mexico south of Monterey and Torreon, both inclusive collect on basis of 12 per cent of the one-way ticket rate to Laredo, Texas, when business is routed through to Eagle Pass or El Paso.

To points on the New Mexico and Arizona Railroad between Benson and Nogales, including the latter point, excess baggage rates shall be based on one cent per mile per one hundred (100) pounds over excess baggage rates to Benson. Minimum charge for that line to be 25 cents.

Baggage destined to points on the Sonora Railway can only be checked to Nogales (Mexican boundary line), at which point it may be re-checked to destination. A free allowance of one hundred and fifty (150) pounds on whole and seventy-five (75) pounds on half tickets is made on through tickets from the United States to Mexico.

To points on the Gila Valley Globe & Northern Ry. excess baggage rate should be based on one cent per mile per one hundred (100) pounds over excess baggage rate to Bowie, Ariz.

To points on the E. P. & S. W. R. R., excess baggage rate should be based one cent per mile per one hundred (100) pounds over excess baggage rates to Deming, minimum charge for that line to be 25 cents.

Where excess baggage rates quoted herein vary from local excess baggage tariffs of individual lines, said local tariffs will be used on local business, and the excess baggage rates quoted herein will apply on business ticketed to points beyond.

Rates of fare from San Francisco by Pacific Coast Steamship Company Steamer:

Make through rates to points given below by adding the rate quoted herein to the through rate to San Francisco, via route of ticket. These rates include meals and berth on steamer.
